I. Introduction

On September 30, 2025, the Postal Service filed a request to add a new Mid-Market Non-Published Rates (MMNPR–3) to the Competitive product list pursuant to 39 U.S.C. 3642 and 3633, and 39 CFR 3035.105(a), 3041.205, and 3041.320.¹

II. Postal Service Requests

Background. The Commission adopted rules for streamlined option rulemakings in Docket No. RM2023–5 to “address elements of 39 U.S.C. [] 3642 review and 39 U.S.C. [] 3633 pre-implementation review that are broadly applicable to qualifying [negotiated service agreements (NSAs)], and not particular to individual qualifying NSAs.”² Specifically, such proceedings are used to establish eligibility criteria specifying the ways in which qualifying NSAs will be permitted to vary from existing offerings, to review a proposed financial model for qualifying NSAs that accounts for the financial impact of any such variations, and to establish minimum rates for qualifying NSAs. Order No. 7353 at 4.

Non-Published Rates (NPR). Requests to add conforming NPR NSA products to the Competitive product list are reviewed in public proceedings, and, if approved, one or more included contracts using the same contract template may be subsequently added to the product without requiring further approval from the Commission. See 39 CFR 3041.320.

The Postal Service describes the Request as one to establish “a new set of included contracts under the Mid-Market Non-Published Rates product within the *Mail Classification Schedule* (MCS), to be labeled Mid-Market—Non-Published Rates 3 (MMNPR–3), and approve the associated MMNPR–3 contract template.” Request at 1. The Postal Service states the proposed “MMNPR group will consist of contracts with mid-size customers who wish to ship Priority Mail Express, Priority Mail, and/or USPS Ground Advantage® packages with the Postal Service” and will be based on the existing MMNPR

financial model and minimum rates previously approved by the Commission in Order No. 8617 in Docket No. RM2025–5.³ The Postal Service states that the Request includes a contract template that is an “updated and consolidated version of the MMNPR–2 templates originally presented in Docket No. K2025–1124.”⁴ The Postal Service also states that the template includes common operative components, specifically, the terms that address the applicability of future surcharges, time-limited price changes, appeals, confidentiality, duration (1–3 years), mutual termination for convenience upon a negotiable notice period, and lack of provided packaging. Request at 3.

The Postal Service states that the MMNPR–3 template also contains optional provisions for customers to utilize one of three pricing mechanisms: (1) tiered annual pricing; (2) tiered previous quarter pricing; and (3) tiered rolling quarter pricing. *Id.* The Postal Service asserts that:

The selection of one of these optional provisions will not be inconsistent with the standards of 39 U.S.C. [] 3633, as the pricing mechanisms will not have any effect on the underlying financials of any given MMNPR–3 contract, and all included contracts will remain consistent with the financial model submitted in Docket No. RM2025–5.

Id. at 4. The Postal Service further asserts that “none of the pricing mechanisms will introduce any new cost element, establish a new service offering, or impose any specific new requirements on the customer.” *Id.*
