SUPPLEMENTARY INFORMATION:

I. Background

On December 21, 2000, Congress enacted the Medicare, Medicaid, and State Children’s Health Insurance Program (SCHIP) Benefits Improvement and Protection Act of 2000 (BIPA) (Pub. L. 106–554). Section 531(b) of BIPA mandated that the Secretary establish procedures that permit public consultation for coding and payment determinations for new durable medical equipment (DME) under Medicare Part B of title XVIII of the Social Security Act (the Act). In the November 23, 2001, *Federal Register* (66 FR 58743), we published a notice providing information regarding the establishment of the annual public meeting process for DME.

In 2020, we implemented changes to our HCPCS Level II coding procedures, including the establishment of quarterly coding cycles for drugs and biological products and biannual coding cycles for non-drug and non-biological items and services.

In the December 28, 2021, *Federal Register* (86 FR 73860), we published a final rule that established procedures for making Medicare benefit category and payment determinations for new items and services that are DME, prosthetic devices, orthotics and prosthetics, therapeutic shoes and inserts, surgical dressings, or splints, casts, and other devices used for reductions of fractures and dislocations under Medicare Part B.
