United States of America, Plaintiff, v. Hewlett Packard Enterprise Co. and Juniper Networks, Inc., Defendants.

Case No. 5:25-cv-00951-PCP
RESPONSE OF UNITED STATES TO PUBLIC COMMENTS ON THE PROPOSED FINAL JUDGMENT

Judge: Hon. P. Casey Pitts

Pursuant to the Antitrust Procedures and Penalties Act (the "APPA" or "Tunney Act"), 15 U.S.C. 16(d), the United States submits this response to the public comments received regarding the proposed Final Judgment resolving this case. See Dkt. No. 217–1. The United States does not request any action by the Court at this time. Instead, the United States will provide notice of this response in the **Federal Register** and then submit a motion requesting that the Court enter the proposed Final Judgment, as amended. See *infra* section V.C.

I. Introduction

The United States respectfully submits this response to public comments and urges the Court to approve the amended proposed Final Judgment without an evidentiary hearing. The original proposed Final Judgment, submitted on June 27, 2025, achieved what the Tunney Act requires: it directly remedied competitive harms alleged in the Complaint through a targeted divestiture and licensing requirements that promote competition in the relevant market. Not a single consumer or competitor submitted a comment opposing it. The amended proposed Final Judgment, submitted today, includes several provisions added in response to public comments that improve the original proposal. The Court should approve it promptly and decline invitations to conduct an inquiry into the Department of Justice's internal deliberations—an inquiry that would undermine future merger enforcement.

On January 30, 2025, the United States brought this antitrust enforcement action against Hewlett Packard Enterprises Co. ("HPE") and Juniper Networks, Inc. ("Juniper"), alleging that HPE's proposed \$14 billion acquisition of Juniper threatened to substantially lessen competition in the market for enterprise-grade wireless
