OPM is soliciting comments on the expiring information collection request (ICR) that is described below. OPM is especially interested in public comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Please note that written comments received in response to this notice will be considered public records.

RI 20-123 is used by retirees who have retired under disability annuity provisions and who have performed service as law enforcement officers, firefighters, nuclear materials couriers, air traffic controllers, Congressional employees, Members of Congress, Capitol and Supreme Court police, or custom and border protection officers (and their survivors or beneficiaries) to request that Retirement Operations review the computations of the retiree's disability annuity. Upon receipt of this form, OPM will ensure it has computed the disability annuity in accordance with applicable statutes. These provisions require OPM to compute the disability annuities of affected retirees using the higher annuity amount computed under the disability annuity computation provisions or the enhanced immediate retirement computation provisions specifically applicable to these special employee populations. When OPM receives form RI 20-123 from an annuitant, survivor, or beneficiary, it will take action to review the retiree's annuity computation and, if the retiree is entitled to an increased benefit, or if a survivor or beneficiary is entitled to amounts accrued but unpaid to a deceased retiree, OPM will process accordingly.

Agencies need to collect timely information regarding the type and amount of annuity being received so the correct rate of pay can be determined. Agencies provide this information to OPM so a determination can be made whether the reemployed retiree's annuity must be terminated.
