AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before February 3, 2026. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0222.

Title: Section 97.213, Telecommand of an Amateur Station.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit entities.

Number of Respondents and Responses: 40,000 respondents and 40,000 responses.

Estimated Time per Response: 5 minutes (.084 hours).

Frequency of Response: Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is approved under 47 U.S.C. 303, 151–155, 301–609.

Total Annual Burden: 3,360 hours.

Annual Cost Burden: No cost.

Needs and Uses: The third party disclosure requirement contained in 47 CFR 97.213 consists of posting a photocopy of the amateur station license, a label with the name, address, and telephone number of the station licensee, and the name of at least one authorized control operator in a conspicuous place at the station location. This requirement is necessary so that quick resolution of any harmful interference problems can be identified and to ensure that the station is operating in accordance with the Communications Act of 1934, as amended. This information is used by FCC personnel during inspections and investigations to determine who is responsible for the proper operation of the remotely controlled station. In the absence of this third party disclosure requirement, field inspections and investigations related to harmful interference could be severely hampered and needlessly prolonged due to inability to determine the responsible licensee.

Abstract

Under the PRA, 44 U.S.C. 3501–3521, Federal agencies must obtain OMB approval for each collection of information they conduct or sponsor. “Collection of information” includes agency requests or requirements to submit reports, keep records, or provide information to a third party. 44 U.S.C.

3502(3); 5 CFR 1320.3(c). As required by section 3506(c)(2)(A) of the PRA, the FTC is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the Used Car Rule, 16 CFR part 455 (OMB Control Number 3084–0108).

The Used Car Rule promotes informed purchasing decisions by requiring that used car dealers display a form called a “Buyers Guide” on each used car offered for sale that, among other things, discloses information about warranty coverage, and other information to assist purchasers. The Rule has no recordkeeping or reporting requirements. The FTC seeks clearance for the Rule’s disclosure requirements and the estimated PRA burden for those requirements.

Burden Statement

Estimated total annual hours burden: 3,164,100.

As explained in more detail below, this total is based on estimates of the number of new car and used car dealers that sell used cars (47,057¹), the number of used cars sold by dealers annually (approximately 38,600,000²) and the time needed to fulfill the information collection tasks required by the Rule.³

The Rule requires that used car dealers display a one-page, double-sided Buyers Guide on each used car that they offer for sale. The component tasks associated with the Rule’s required display of Buyers Guides include: (1) ordering and stocking Buyers Guides; (2) entering data on Buyers Guides; (3) displaying the Buyers Guides on vehicles; (4) revising Buyers Guides as necessary; and (5) complying with the Rule’s requirements for sales conducted in Spanish.

1. Ordering and Stocking Buyers Guides: Dealers should need no more

¹ See 2023 U.S. Census Bureau Data, showing 25,147 establishments for “used car dealers,” NAICS code 44112 and 21,910 “new car dealers,” NAICS code 44111, available at https://data.census.gov/profile/44112_-_Used_Car_Dealers?codeset=naics-44112&g=010XX00US and https://data.census.gov/profile/44111_-_New_car_dealers?codeset=naics-44111&g=010XX00US.

² See Consumer Affairs, “Used car statistics 2025: How many used cars are sold yearly?” see the table entitled “Number of preowned light vehicle sales in the U.S. over time” for the year 2022 at <https://www.consumeraffairs.com/automotive/used-car-statistics.html#used-cars-sold-yearly> (last visited September 30, 2025).

³ Some dealers opt to contract with outside contractors to perform the various tasks associated with complying with the Rule. Staff assumes that outside contractors would require about the same amount of time and incur similar costs as dealers to perform these tasks. Accordingly, the hour and cost burden totals shown, while referring to “dealers,” incorporate the time and cost borne by outside companies in performing the tasks associated with the Rule.
