- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

Forms DS-1843 and DS-1622 collect medical history, screenings and physical examinations for all individuals applying for overseas positions, including their eligible family members. Forms DS-1843 and DS-1622 are designed to collect sufficient and current medical information on the individual for a medical provider to make a medical clearance determination for initial appointment to an overseas assignment. They are also used to determine whether the individual or eligible family member will have appropriate medical and/or educational resources at a diplomatic mission/host country abroad to maintain the health and safety of the individual or family member. The forms were updated to include questions regarding employment agency information for non-foreign service agencies.

Methodology

The respondent will initially answer the questions on pages 1-3 of the forms

digitally. They will then be prompted to download the auto populated form with their responses and take it to their personal medical provider for completion and authorization of pages 4-5. Once complete, the forms will be submitted via a secure online platform for review by the Office of Medical Clearances.

Jessica A. Martinez,

Director of Medical Clearances, Bureau of Medical Services, Department of State.
