Abstract of Information Available

A total of three cultural items have been requested for repatriation. The three lots of unassociated funerary objects are one lot of ceramics, one lot of shell, and one lot of faunal. These objects were recovered from a Mississippian period cemetery at an unknown site in Montgomery County, TN, by an unknown person on an unknown date. These cultural items were discovered during a search for sites from Montgomery County, TN, in UTK collections. No additional information has been discovered related to these cultural materials. To our knowledge, no potentially hazardous substances have been used to treat any of the objects in this notice.

Determinations

UTK has determined that:

- The three unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; The Muscogee (Creek) Nation; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Repatriation of the cultural items in this notice to a requestor may occur on

or after January 16, 2026. If competing requests for repatriation are received, UTK must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests.
