Notice of Inventory Completion: Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.
ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Peabody Museum of Archaeology and Ethnology, Harvard University (PMAE) has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after January 20, 2026.

ADDRESSES: Send written requests for repatriation of the human remains in this notice to Jane Pickering, Peabody Museum of Archaeology and Ethnology, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138, email jpickering@fas.harvard.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the PMAE, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the available information, human remains representing, at least, 14 individuals have been reasonably identified. No associated funerary objects are present. Human remains representing, at minimum, 14 individuals were collected in the Hawaiian Island. The human remains are hair clippings collected from two individuals who were recorded as being 17 years old, five individuals who were recorded as being 16 years old, two individuals who were recorded as being 15 years old, one individual recorded as being 13 years old and four individuals of unknown age. Museum documentation indicated the clippings are Native American, likely collected by

Alfred Tozzer as part of a research study between 1916 and 1920. It is likely Tozzer donated the hair clippings to the PMAE.

Cultural Affiliation

Based on the available information and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains described in this notice.

Determinations

The PMAE has determined that:

- The human remains described in this notice represent the physical remains of 14 individuals of Native American ancestry.
- There is a reasonable connection between the human remains described in this notice and the Hui Iwi Kuamo'o and the Office of Hawaiian Affairs.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after January 20, 2026. If competing requests for repatriation are received, the PMAE must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The PMAE is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: November 25, 2025.

Melanie O'Brien,

Manager, National NAGPRA Program.

Abstract of Information Available

Human remains representing, at least, 76 individuals have been identified in the collections referred to as "Mixed/Unprovenienced Assemblage #1 (HCM Boxes 6, 8, 9; SOC125 Boxes A, B, C, and D; USFAC Boxes 8A, E, and F; SPHM Box 5; USF Anthropology Biolaboratory)." The 27 associated funerary objects are: one fragment of pottery and 26 non-human animal bones. These 12 boxes each include numerous small bags that are either unlabelled or labelled only by element. Overlapping catalogue numbers/numbering systems suggest the human
