

regarding the circumstances surrounding recovery. There is no known exposure to hazardous substances or treatments.

Unknown Site, Hawkins County, TN

Human remains representing, at least, one individual. These remains from the William L. Jenkins Forensic Center were transferred to the Division of Archaeology in April 2017. No information exists as to the circumstances surrounding their collection. There is no known exposure to hazardous substances or treatments.

Site 40SL9, Sullivan County, TN

Human remains representing, at least, two individuals and four associated funerary objects. AFOs include two radiocarbon samples and two lots of artifacts from mortuary feature fill (missing). Salvage excavations performed by TDEC–DOA archaeologists prior to development in 1983 resulted in the recovery of these remains. There is no known exposure to hazardous substances or treatments.

Site 40SL10, Sullivan County, TN

Human remains representing, at least, 12 individuals and 17 associated funerary objects. AFOs include two stone objects, one chert projectile point/knife, one unknown object; possibly noncultural/mud dobber nest fragment, one small ceramic discoidal, one burned, drilled canid tooth strung onto thread; one drilled slate gorget with two holes, one fragmented turkey tarsometatarsus, one deer antler tine pressure flaker, one burned bone bead, and one vial of red ochre fragments. Lotted AFOs are six lots of fauna, lithic, shell, and bone tools. Salvage excavations performed by TDEC–DOA archaeologists prior to development in 1983 resulted in the recovery of these remains. There is no known exposure to hazardous substances or treatments.

Unknown Site, Sullivan County, TN

Human remains representing, at least, one individual. These remains were transferred to TDEC–DOA from the Rocky Mount Museum, where they were originally donated on behalf of the Rocky Mount Historical Association. No additional information exists regarding the circumstances of collection. There is no known exposure to hazardous substances or treatments.

Site 40WG20, Washington County, TN

Human remains representing, at least, one individual. These remains were donated to TDEC–DOA by East Tennessee State University in 2014. No information exists as to the

circumstances surrounding their collection. There is no known exposure to hazardous substances or treatments.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The TDEC–DOA has determined that:

- The human remains described in this notice represent the physical remains of at least 40 individuals of Native American ancestry.
- The 22 artifacts described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; The Muscogee (Creek) Nation; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after January 20, 2026. If competing requests for repatriation are received, the TDEC–DOA must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The TDEC–DOA is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Notice of Inventory Completion: University of Florida–Florida Museum of Natural History, Gainesville, FL

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Florida–Florida Museum of Natural History has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after January 20, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to David Blackburn, University of Florida, Florida Museum of Natural History, 1659 Museum Road, Gainesville, FL 32611, email NagpraOffice@floridamuseum.ufl.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of Florida–Florida Museum of Natural History, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, two individuals have been identified from the Little Salt Springs (8SO18), in Sarasota County, Florida. The 14,604 associated funerary objects include

shell, faunal bone, and nine fragments of ceramic pottery. This site is a submerged, multi-component site from the Paleo-Indian and Archaic periods. Accession 4165 was presented by amateur archaeologists, Col. William Royal, November 3rd, 1959. Accession 2002–53 was found in a cabinet during skeletal reorganization during the summer of 2002. The Ancestor was labeled as “8UW72, WR–1959–061”. Jim Dunbar believed that this accession is associated with Goggin and Clausen 1959. Accession 2003–13 was loaned to Arizona State University (ASU). ASU transferred it back in 2003; it was part of a bulk transfer (including accessions 2003–12 and 14). All of these accessions had ties to the Florida Bureau of Archaeological research, but it was agreed to transfer the accessions to the Florida Museum of Natural History for curation.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

The University of Florida-Florida Museum of Natural History has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- The 14,604 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Miccosukee Tribe of Indians and the Seminole Tribe of Florida.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after January 20, 2026. If competing requests for repatriation are received, the University of Florida-Florida Museum of Natural History must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The University of Florida-Florida Museum of Natural History is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Notice of Inventory Completion: University of Illinois Urbana-Champaign, Champaign, IL

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Illinois Urbana-Champaign has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after January 20, 2026.

ADDRESSES: Send written requests for repatriation of the human remains in this notice to Krystiana Krupa, University of Illinois Urbana-Champaign, 601 E. John Street, Champaign, IL 61820, email klkrupa@illinois.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the

sole responsibility of the University of Illinois Urbana-Champaign, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, one individual have been identified. No associated funerary objects are present. This individual was excavated from a cave near Starved Rock on an unknown date by M.M. Latimer, who frequently excavated areas around Starved Rock in the 1950s. The University is not aware of any potentially hazardous substances being used to treat the human remains.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains described in this notice.

Determinations

The University of Illinois Urbana-Champaign has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a connection between the human remains described in this notice and the Peoria Tribe of Indians of Oklahoma.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after January 20, 2026. If competing requests for repatriation are received, the University of Illinois Urbana-Champaign must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The University of
