

Reporting period	Payment received period (payments exceeding \$10,000 in aggregate received)	Reporting time period
Period 5	January 1, 2022, to June 30, 2022	July 1, 2023, to September 30, 2023.
Period 6	July 1, 2022, to December 31, 2022	January 1, 2024, to March 31, 2024.
Period 7	January 1, 2023, to June 30, 2023	July 1, 2024, to September 30, 2024.

While the standard reporting time periods have ended, there are still scenarios in which providers will be required to submit reporting documents to HRSA. These include:

- Providers who receive a Final Repayment Notice, based on a HRSA finding of reporting non-compliance, who submit a Decision Review request and are provided an Opportunity to Report. The Opportunity to Report allows providers another chance to submit a report to come into compliance.

- Adjudicative orders that would require HRSA to allow a Provider an opportunity to report.

- Providers who have prevailed in a dispute or have entered into a settlement with HRSA may need to submit a report.

These scenarios make it necessary to retain and extend approval of the information collection activities associated with required reporting to support compliance, validation, and enforcement actions. Providers would provide documentation through the HRSA Consolidated PRF Reporting Portal based on the reporting period in which they received the funds in question.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain,

disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
