Abstract of Information Available

A total of two cultural items have been requested for repatriation. The objects of cultural patrimony are a cooking basket and a necked jar. The first one features abstract banded designs, while the second exhibits a diamond rattlesnake pattern. The cooking basket entered the RISD Museum’s collection as a gift from Mrs. Gustav Radeke from Providence, RI, in 1920, and was identified as being of Yokut origin. The necked jar was a gift from Mrs. Kenneth F. Wood of Barrington, RI, and was entered into the collection in 1943. It was catalogued as Tulare. There is no known presence of potentially hazardous substances in either of the objects of cultural patrimony.

Determinations

The RISD Museum has determined that:

- The two objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Tejon Indian Tribe.

Requests for Repatriation

Additional written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after February 6, 2026. If competing requests for repatriation are received, the RISD Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The RISD Museum is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–739–740 and 731–TA–1716–1717 (Final)]

Thermoformed Molded Fiber Products From China and Vietnam; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of thermoformed molded fiber products (TMFPs) from China and Vietnam, provided for in subheading 4823.70.00 of the Harmonized Tariff Schedule of

the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”), and imports of the subject merchandise from China and Vietnam that have been found to be subsidized by the governments of China and Vietnam.^{2 3}

Background

The Commission instituted these investigations effective October 8, 2024, following receipt of petitions filed with the Commission and Commerce by American Molded Fiber Coalition, which is comprised of Genera Inc. (“Genera”), Vonore, Tennessee; Tellus Products, LLC (“Tellus”), Belle Glade, Florida; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO (“USW”). The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of TMFPs from China and Vietnam were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on May 12, 2025 (90 FR 23066, May 30, 2025, as revised in 90 FR 25642, June 17, 2025).⁴ The Commission conducted its hearing on September 30, 2025. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on January 5, 2025. The views of the Commission are contained in USITC Publication 5964

² 90 FR 46787, 90 FR 46791, 90 FR 46800, and 90 FR 46805 (September 30, 2025).

³ The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determination are likely to undermine seriously the remedial effect of the countervailing duty orders on TMFPs from Vietnam. Commissioner Johanson dissented with respect to the critical circumstances determination.

⁴ Due to the lapse in appropriations and ensuing cessation of Commission operations, the Commission tolled its schedule for this proceeding. The schedule was revised in a subsequent notice published in the **Federal Register** on November 21, 2025 (90 FR 52697).

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
