APR 15 2025

The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 25-12, concerning the Army's proposed Letter(s) of Offer and Acceptance to the Kingdom of Morocco for defense articles and services estimated to cost \$825 million. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

[Signature]
Michael F. Miller
Director

Defense Services Proposed to be Sold:
See Attached Annex
(viii) *Date Report Delivered to*
Congress: April 15, 2025

* as defined in Section 47(6) of the
Arms Export Control Act.

POLICY JUSTIFICATION

Kingdom of Morocco—FIM-92K Stinger
Block I Missiles

The Kingdom of Morocco has requested to buy up to six hundred (600) FIM-92K Stinger Block I missiles. The following non-MDE items will also be included: U.S. Government and contractor engineering, logistics, and technical support services; and other related elements of logistics and program support. The estimated total cost is \$825 million.

This proposed sale will support the foreign policy and national security of the U.S. by helping to improve the security of a major non-NATO ally that continues to be an important force for political stability and economic progress in North Africa.

The proposed sale will improve Morocco's capability to meet current and future threats. Morocco intends to use these defense articles and services to modernize its armed forces and expand its existing army short range air defense options. This will contribute to the Moroccan Army's goals of updating capability and further enhancing interoperability with the U.S. and other allies. Morocco will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be RTX Corporation, located in Tucson, AZ; and Lockheed Martin, located in Syracuse,

NY. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Kingdom of Morocco.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 25-12

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The FIM-92K Stinger Block I missile is a lightweight, self-contained air defense system that can be rapidly deployed by ground troops. Its seeker and guidance systems enable the weapon to acquire, track, and engage a target with one shot.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that the Kingdom of Morocco can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government.

This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to the Kingdom of Morocco.
