[Project No. 12613–007]

Tygart LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Tygart LLC's application to amend the license for the Tygart Hydroelectric Project No. 12613 and have prepared an Environmental Assessment (EA) for the project.¹ The licensee proposes to modify the design of the unconstructed project based on engineering development. Specifically, the licensee proposes to: (1) reconfigure the project intake to include a fish exclusion net; (2) reconfigure the turbine units to include three vertical Kaplan turbines; and (3) reconfigure the powerhouse and penstock to accommodate the modified turbine design. The proposed changes would not result in any changes to installed or hydraulic capacity of the project. The project will be located at the U.S. Army Corps of Engineers' (Corps) Tygart Dam on the Tygart River in Taylor County, West Virginia. The project will occupy federal lands managed by the Corps.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed amendment, and alternatives to the proposed action, and concludes that the proposed amendment, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P–12613–007) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP26-57-000]

City of Clarksville, Tennessee, d/b/a/ Clarksville Natural Gas Utility; Notice of Application and Establishing Intervention Deadline

Take notice that on December 30, 2025, Clarksville Natural Gas Utility (Clarksville), 2215 Madison Street, Clarksville, Tennessee 37043, filed an application under section 7(f) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting a service area determination with respect to its entire Tennessee local distribution company (LDC) service area as well as a small geographic area in Kentucky into which Clarksville's facilities extend (Project). The Project comprises a proposed connection to a city gate station located approximately twenty-five feet over the Tennessee/Kentucky border in Todd County, Kentucky and consists of a single 12-inch-diameter pipeline that will connect Clarksville with the supplier, Pennyrite Regional Energy Agency. The Project will allow Clarksville to increase its capacity to serve existing and future customers.

Clarksville also requests a finding that Clarksville qualifies for treatment as an LDC for purposes of Section 311 of the Natural Gas Policy Act of 1978, and a waiver of the Commission's accounting,

reporting, and other regulatory requirements ordinarily applicable to a natural gas company under the NGA, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Greg Riddle, D2 Energy, LLC, P.O. Box 3266, Clarksville, Tennessee 37043, by phone at (615) 351-7604, or by email at griddle@d2energyllc.net.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

¹ 18 CFR 157.9.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on January 30, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on January 30, 2026.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP26-57-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;
