SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Fiscal Operations Report for 2025–2026 and Application to Participate 2027–2028 (FISAP) and Reallocation Form.

OMB Control Number: 1845–0030.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 3,691.

Total Estimated Number of Annual Burden Hours: 84,756.

Abstract: The Higher Education Act of 1965, as amended, requires participating Title IV institutions to apply for funds and report expenditures for the Federal Perkins Loan (Perkins), the Federal Supplemental Educational Opportunity Grant (FSEOG) and the Federal Work-Study (FWS) Programs on an annual

basis. The data submitted electronically in the Fiscal Operations Report and Application to Participate (FISAP) is used by the Department of Education to determine the institution's funding need for the award year and monitor program effectiveness and accountability of fund expenditures. The data is used in conjunction with institutional program reviews to assess the administrative capability and compliance of the applicant. There are no other resources for collecting this data.

The HEA requires that if an institution anticipates not using all of its allocated funds for the FWS, and FSEOG programs by the end of an award year, it must specify the anticipated remaining unused amount to the Secretary, who reduces the institution's allocation accordingly.

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Title of Collection: 84.421F Disability Innovation Fund (DIF) Evidence Building Support (EBS).

OMB Control Number: 1820–NEW.

Type of Review: New ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 24.

Total Estimated Number of Annual Burden Hours: 36.

Abstract: The U.S. Department of Education's Rehabilitation Services Administration (RSA) requests clearance for a new data collection activity to support the 84.421F Disability Innovation Fund (DIF) Evidence-Building Support (EBS) project. The purpose of the DIF, as provided by the Consolidated Appropriations Act, 2023 (Pub. L. 117–328), is to support innovative activities aimed at increasing competitive integrated employment (CIE) as defined in section 7 of the Rehabilitation Act of 1973 (Rehabilitation Act) (29 U.S.C. 705(5)) for children, youth, and other individuals with disabilities. RSA is investing a total of \$251,934,086 in grant funding to the 27 State Vocational Rehabilitation (VR), other State agencies, Public, Private and Nonprofit Entities, including Indian Tribes and Institutions of Higher Education through the 84.421F DIF program.

This request covers the following single primary data collection for the EBS:

- Annual interviews with 84.421F DIF project directors

In September 2024, RSA awarded five-year cooperative agreements to 27 State VR, other State agencies, Public, Private and Nonprofit Entities, including Indian Tribes and Institutions of Higher Education to implement model demonstration projects. The projects vary across the 27 grants but they share the same purpose, which is to develop, implement, refine, assess, and disseminate innovative or substantially improved strategies or programs geared toward increasing CIE for individuals with disabilities. RSA is conducting evaluation and technical assistance (TA) activities and will report on implementation and evaluation progress across all grantees in Annual Evidence Reports. This report will also document findings that RSA can use to coordinate ongoing activities and communicate with outside agencies and congressional staff. To supplement the existing data sources, RSA will conduct one annual semi-structured interviews with the individual grantee project directors in grant Years 2, 3, 4 and 5 (Calendar Year (CY) 2025–CY 2029). These interviews will provide valuable qualitative insights into overall project goals, implementation progress, and the barriers and facilitators encountered—information that is not captured through administrative data reporting alone. This richer understanding will help fill critical gaps and will support the development of the Annual Evidence Report, inform evaluations, coordination, and evaluation technical assistance efforts.
