Abstract of Information Available

Human ancestral remains representing, at least, one individual has been identified from an unknown archaeological site in Northern Georgia. No associated funerary objects are present. After completing the consultation process with federally recognized Tribal Nations, this site is culturally affiliated with the Cherokee Nation, the Eastern Band of the Cherokee Indians, the Muscogee (Creek) Nation, the Poarch Band of Creek Indians, the Seminole Nation, the

Seminole Tribe of Florida, and the United Keetoowah Band of Cherokee Indians. It is unknown when or by whom the individuals were removed, but they were transferred to the Augusta Richmond County Museum (ARCM) sometime prior to 1981. Richard Wescott, the Executive Director of the ARCM, transferred the individuals to the Museum of the Cherokee People in 1992, where they have been housed since that time. To our knowledge, no hazardous substances were used to treat any of the human ancestral remains.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains described in this notice.

Determinations

The Museum of the Cherokee People has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a connection between the human remains described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; Poarch Band of Creek Indians; Seminole Tribe of Florida; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after February 17, 2026. If competing requests for repatriation are received, the Museum of the Cherokee People must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The Museum of the Cherokee People is responsible for

sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.
