

The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process, a multi-step method for determining the status of fish stocks in the Southeast Region SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. The process may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. The product of the Data stage is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment stage is a report which compiles and evaluates recommended model configurations that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks and projects future population conditions. The product of the Review Workshop is a Review Summary documenting panel opinions regarding the strengths and weaknesses of the products reviewed. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species (HMS) Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGO's); International experts; and staff of Councils, Commissions, and state and Federal agencies.

The items of discussion in the Data Scoping Webinar are as follows: Participants will discuss terms of reference and data available for use in the assessment. Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting; February 4, 2026 and March 4, 2026

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, February 4, 2026. A business meeting will be held the following month on Wednesday, March 4, 2026. Both the hearing and the business meeting are open to the public and both will be conducted virtually.

Public Hearing. The Commission will conduct the public hearing virtually on February 4, 2026, commencing at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges, and other projects that could have a substantial effect on the basin's water resources. A list of the projects scheduled for hearing, including project descriptions, along with links to draft docket approvals will be posted on the Commission's website, www.drbc.gov, in a long form of this notice at least ten days before the hearing date.

Written comments on matters scheduled for hearing on February 4, 2026 will be accepted through 5:00 p.m. on Monday, February 9, 2026.

The public is advised to check the Commission's website periodically during the ten days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to ten days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business Meeting. The business meeting on March 4, 2026 will begin at 10:30 a.m. and will include: adoption of the Minutes of the Commission's December 10, 2025 business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission's General Counsel; and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges, and other projects that were subjects of the public hearing on February 4, 2026.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to one hour of Open Public Comment, an opportunity to address the
