

DEFENSE SECURITY COOPERATION AGENCY
2800 Defense Pentagon
Washington, DC 20301-2800

July 25, 2025

The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 25-0Z. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 19-30 of July 26, 2019.

Sincerely,

Michael F. Miller
Director

Enclosure:

1. Transmittal

BILLING CODE 6001-FR-C

Transmittal No. 25-0Z

**REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)**

(i) *Prospective Purchaser:* Government of India

(ii) *Sec. 36(b)(1), AECA Transmittal No.:* 19-30

Date: July 26, 2019

Implementing Agency: Air Force
Funding Source: National Funds

(iii) *Description:* On July 26, 2019, Congress was notified by congressional certification transmittal number 19-30 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of C-17 follow-on support, including spares and repair parts; support equipment; personnel training and training equipment; publications and technical documentation; support and test equipment; United States (U.S.) Government and contractor engineering, technical, and logistical support services; and other related elements of logistics and program support. The estimated total cost was \$670 million. There was no Major Defense Equipment (MDE) associated with this sale.

On April 2, 2024, Congress was notified by congressional certification transmittal number 24-0C of the addition of the following non-MDE items: follow-on support equipment, including aircraft components, parts, and accessories; precision measurement equipment laboratory calibration; and additional sustainment support, as previously notified. The estimated total value of added non-MDE articles and services was \$130 million. The estimated total case value was increased from \$670 million to \$800 million. There was no MDE associated with this sale.

This transmittal notifies the addition of the following non-MDE items: follow-on sustainment support of the Indian Air Force's C-17 aircraft fleet; major and minor modifications; cartridges, chaffs, and flares; and other related elements of logistics and program support. The estimated total cost of the new items is \$1.10 billion. The estimated total case value will increase by \$1.10 billion to a revised \$1.90 billion. There is no MDE associated with this potential sale.

(iv) *Significance:* The proposed sale will improve India's capability to meet current and future threats by supporting

maintenance and operation of its C-17 aircraft fleet.

(v) *Justification:* This proposed sale will support the foreign policy and national security objectives of the U.S. by helping to strengthen the U.S.-India strategic relationship and to improve the security of a major defense partner which continues to be an important force for political stability, peace, and economic progress in the Indo-Pacific and South Asia regions.

(vi) *Date Report Delivered to Congress:* July 25, 2025

BILLING CODE 6001-FR-C

Transmittal No. 25-1A

REPORT OF ENHANCEMENT OR UPGRADE OF SENSITIVITY OF TECHNOLOGY OR CAPABILITY (SEC. 36(B)(5)(C), AECA)

(i) *Prospective Purchaser:* Government of Italy

(ii) *Sec. 36(b)(1), AECA Transmittal No.:* 24-18

Date: March 15, 2024

Implementing Agency: Navy

(iii) *Description:* On March 15, 2024, Congress was notified by congressional certification transmittal number 24-18 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of sixty-six (66) AIM-9X Sidewinder Block II+ Tactical Missiles; seven (7) AIM-9X Block II+ tactical guidance units; twenty-four (24) AIM-9X captive

air training missiles (CATM); and four (4) AIM-9X CATM guidance units. Also included were active optical target detectors; containers; personnel training and training equipment; classified and unclassified publications and technical documents; warranties; United States (U.S.) Government engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total case value was \$90.6 million. Major Defense Equipment (MDE) constituted \$63.2 million of this total.

This transmittal notifies the inclusion of the following additional MDE items: up to one hundred (100) AIM-9X Sidewinder Block II+ tactical missiles and up to thirty-one (31) AIM-9X Sidewinder Block II CATMs. The following non-MDE items are also included: missile containers; spare

parts; associated support; and other related elements of logistics and program support. The estimated total cost of the new items is \$119.8 million. The estimated MDE value will increase by \$96.2 million to a revised \$159.4 million. The estimated non-MDE value will increase by \$23.6 million to a revised \$51 million. The estimated total case value will increase by \$119.8 million to a revised 210.4 million.

(iv) *Significance:* The proposed sale will improve Italy's capability to meet current and future threats by providing missiles and CATMs for its F-35 fleet.

(v) *Justification:* This proposed sale will support the foreign policy and national security objectives of the U.S. by improving the security of a NATO Ally that is a force for political stability and economic progress in Europe.

(vi) *Sensitivity of Technology:*

The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: August 22, 2025

BILLING CODE 6001-FR-P

DENALI COMMISSION

Denali Commission Fiscal Year 2026 Draft Work Plan

AGENCY: Denali Commission.

ACTION: Notice.

SUMMARY: The President's 2026 Budget requested no new funding for the Denali Commission in 2026 and proposed to use all available resources to conduct an orderly closeout of the Commission. Congress has begun work on bills that do provide funding for the Commission's FY 2026 operations and the FY 2026 Work Plan represents the Commission's contingency plan if such a bill is enacted. The Denali Commission (Commission) is an independent Federal agency based on an innovative federal-state partnership designed to provide critical utilities, infrastructure and support for economic development and training in Alaska by delivering federal services in the most cost-effective manner possible. The Commission is required to develop an annual work plan for future spending which will be published in the **Federal Register**, providing an opportunity for a 30-day period of public review and written comment. This **Federal Register** notice serves to announce the 30-day opportunity for public comment on the Denali Commission Draft Work Plan for Federal Fiscal Year 2026 (FY 2026).

DATES: Comments and related material to be received by February 23, 2026.

ADDRESSES: Submit comments to the Denali Commission, Attention: John Whittington, 550 W 7th Avenue, Suite 1230, Anchorage, AK 99501.

FOR FURTHER INFORMATION CONTACT: John Whittington, Denali Commission, 550 W 7th Avenue, Suite 1230, Anchorage, AK 99501. Telephone: (907) 271-1414. Email: jwhittington@denali.gov.

SUPPLEMENTARY INFORMATION:

Background: The Denali Commission's mission is to partner with tribal, federal, state, and local governments and collaborate with all Alaskans to improve the effectiveness

and efficiency of government services, to build and ensure the operation and maintenance of Alaska's basic infrastructure, and to develop a well-trained labor force employed in a diversified and sustainable economy.

By creating the Commission, Congress mandated that all parties involved partner together to find new and innovative solutions to the unique infrastructure and economic development challenges in America's most remote communities. Pursuant to the Denali Commission Act, the Commission determines its own basic operating principles and funding criteria on an annual federal fiscal year (October 1 to September 30) basis. The Commission outlines these priorities and funding recommendations in an annual work plan. The FY 2026 Work Plan was developed in the following manner.

- A workgroup comprised of Denali Commissioners and Commission staff developed a preliminary draft work plan.
- The preliminary draft work plan was published on *Denali.gov* for review by the public in advance of public testimony.
- A public hearing was held to record public comments and recommendations on the preliminary draft work plan.
- Written comments on the preliminary draft work plan were also accepted.
- All public hearing comments and written comments were provided to Commissioners for their review and consideration.
- Commissioners discussed the preliminary draft work plan in a public meeting and then voted on the work plan during the meeting.
- The Commissioners forwarded their recommended work plan to the Federal Co-Chair, who then prepared the draft work plan for publication in the **Federal Register** providing a 30-day period for public review and written comment. During this time, the draft work plan will also be disseminated to Commission program partners including, but not limited to, the Bureau of Indian Affairs (BIA), the Economic Development Administration (EDA), Department of Agriculture—Rural Utilities Service (USDA/RUS), and the State of Alaska.
- At the conclusion of the **Federal Register** Public comment period

Commission staff provides the Federal Co-Chair with a summary of public comments and recommendations, if any, on the draft work plan.

- If no revisions are made to the draft, the Federal Co-Chair provides notice of approval of the work plan to the

Commissioners, and forwards the work plan to the Secretary of Commerce for approval; or, if there are revisions the Federal Co-Chair provides notice of modifications to the Commissioners for their consideration and approval, and upon receipt of approval from Commissioners, forwards the work plan to the Secretary of Commerce for approval.

- The Secretary of Commerce approves the work plan.
- The Federal Co-Chair then approves grants and contracts based upon the approved work plan.

FY 2026 Appropriations Summary

The Commission has historically received federal funding from several sources. The three primary sources at this time include the Energy & Water Appropriation Bill ("base" or "discretionary" funds), transfers from the Department of Transportation (DOT) and an annual allocation from the Trans-Alaska Pipeline Liability (TAPL) fund. The proposed FY 2026 Work Plan assumes the Commission will receive \$18,000,000 of base funds, a \$3,500,000 TAPL allocation and \$17,800,000 in transfers from DOT based on discussions with the Office of Management and Budget (OMB). The total base funding shown in the Work Plan also includes an amount typically available from project closeouts and other de-obligations that occur in any given year. Administrative costs will be taken from the \$18,000,000 in base funds, reducing that amount to \$15,000,000 which will be available for program activities. Absent any new specific direction or limitations provided by Congress in the current Energy & Water Appropriations Bill, these funding sources are governed by the following general principles, either by statute or by language in the Work Plan itself:

- Funds from the Energy & Water Appropriation are eligible for use in all programs.
- TAPL funds can only be used for bulk fuel related projects and activities.
- DOT transfers can only be used for surface and water transportation projects.
- Appropriated funds may be reduced due to Congressional action, rescissions by OMB, and other federal agency actions.
- All Energy & Water and TAPL investment amounts identified in the work plan, are "up to" amounts, and may be reassigned to other programs included in the current year work plan, if they are not fully expended in a program component area or a specific project.
