Hardwood and Decorative Plywood From the People’s Republic of China: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Critical Circumstances Determination, and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of hardwood and decorative plywood (plywood) from the People’s Republic of China (China). The period of investigation is January 1, 2024, through December 31, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable January 22, 2026.

FOR FURTHER INFORMATION CONTACT: Gregory Taushani or Rebecca Janz, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1012 and (202) 482–2972, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on June 16, 2025.¹ On July 22, 2025, Commerce postponed the preliminary determination of this investigation.²

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ Accordingly, the deadline for this preliminary determination is now December 29, 2025.⁵

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁶ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is plywood from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce’s regulations,⁷ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁸ Certain interested

parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Commerce intends to issue its preliminary decision regarding comments concerning the scope of the less-than-fair-value (LTFV) and countervailing duty (CVD) investigations in the preliminary determination of the companion LTFV investigation.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁹

Commerce notes that, in making these findings, it relied on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to Commerce’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.¹⁰ For further information, see “Use of Facts Otherwise Available and Adverse Inferences” section in the Preliminary Decision Memorandum.

Preliminary Affirmative Determination of Critical Circumstances

In accordance with section 703(e)(1) of the Act, Commerce preliminarily determines that critical circumstances exist with respect to imports of plywood from China for Linyi Evergreen, Xuzhou Shelter, the non-responsive companies, and all other exporters or producers not individually examined. For a full description of the methodology and results of Commerce’s analysis, see the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of plywood from China based on a request made by the petitioner.¹¹ Consequently, the final

CVD determination will be issued on the same date as the final LTFV determination, which is currently scheduled to be issued no later May 11, 2026, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

Pursuant to section 705(c)(5)(A)(ii) of the Act, if the individual estimated countervailable subsidy rates established for all exporters and producers individually examined are zero, *de minimis*, or determined based entirely on facts otherwise available, Commerce may use any reasonable method to establish the estimated subsidy rate for all other producers or exporters. Commerce preliminarily determined the individually estimated subsidy rate for each of the individually examined respondents under section 776 of the Act. These rates are the only rates available in this proceeding for deriving the all-others rate. Consequently, pursuant to section 703(d) and 705(c)(5)(A)(ii) of the Act, Commerce established the all-others rate by applying the countervailable subsidy rate assigned to the non-responsive companies listed below.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Xuzhou Shelter Import and Export Co., Ltd	* 81.34
Linyi Evergreen Wood Co., Ltd	* 81.34
Bergey (Tianjin) International Larkcop International Co., Ltd	* 81.34
Linyi Dongstar Import & Export Co., Ltd	* 81.34
Linyi Jiahe Wood Industry Co. Ltd	* 81.34
Linyi Ocean International Trading Co	* 81.34
Xuzhou Edlon Wood Products Co., Ltd	* 81.34

Investigation Final Determinations,” dated December 5, 2025.

Company	Subsidy rate (percent <i>ad valorem</i>)
Xuzhou New Defu Wood International	* 81.34
Xuzhou Tianshan Wood Co., Ltd	* 81.34
Yishui Win-Win Wood Co., Ltd	* 81.34
All Others	* 81.34

* Rate based on facts available with adverse inferences.

Suspension of Liquidation

Section 703(e)(2) of the Act provides that, given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date of: (a) the date of which is 90 days before the date on which the suspension of liquidation was first ordered; or (b) the date on which notice of initiation of the investigation was published. Commerce preliminarily determines that critical circumstances exist for imports of subject merchandise produced and/or exported by Linyi Evergreen, Xuzhou Shelter, the non-responsive companies, and all other exporters or producers not individually examined. Pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation entered, or withdrawn from warehouse, for consumption on or after 90 days before the date of publication of this notice in the **Federal Register**, in accordance with section 703(e)(2)(A) of the Act. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Normally, Commerce discloses its calculations performed in connection with the preliminary determination to interested parties within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of the notice, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied facts available with adverse inferences (AFA), in accordance with section 776 of the Act, and the applied AFA rates are based on rates calculated in prior proceedings, there are no calculations to disclose.

Verification

Because the examined respondents in this investigation did not provide the

information requested by Commerce and Commerce preliminarily determines each of the examined respondents have been uncooperative, Commerce will not conduct verification.

Public Comment

Case briefs or other written comments, excluding scope comments, may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of the preliminary determination. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number; the number of participants; whether any participant is a foreign national; and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and

date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

U.S. International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of plywood from China are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 29, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by the investigation is hardwood and decorative plywood, and certain veneered panels as described below. For purposes of this investigation, hardwood and decorative plywood is defined as a generally flat, multilayered plywood or other veneered panel, consisting of two or more layers or plies of wood veneers in combination with a core or without a core. The veneers and, if present, the core are glued or otherwise bonded together. A hardwood and decorative plywood panel must have at least either the face or back veneer composed of one or more species of hardwood, softwood, or bamboo, regardless of any surface coverings. Hardwood and decorative plywood may include products that meet the American National Standard for Hardwood and Decorative Plywood, ANSI/HPVA HP-1-2024 (including any revisions to that standard).

For purposes of the investigation a “veneer” is a slice of wood regardless of thickness which is cut, sliced or sawed from a log, bolt, or flitch. The face and back veneers are the outermost veneer of wood irrespective of additional surface coatings or covers as described below. The core of hardwood and decorative plywood (for those products that include a core) consists of the layer or layers of one or more material(s) that are situated between the face and back veneers. The core may be composed of a range of materials, including but not limited to hardwood, softwood, particleboard, or medium density fiberboard (MDF).

All hardwood and decorative plywood is included within the scope of the

investigation regardless of whether or not the face and/or back veneers are surface coated or covered and whether or not such surface coating(s) or covers obscures the grain, textures, or markings of the wood. Examples of surface coatings and covers include, but are not limited to: ultra violet light cured polyurethanes; oil or oil-modified or water-based polyurethanes; wax; epoxy-ester finishes; moisture-cured urethanes; paints; stains; paper; aluminum; high pressure laminate; MDF; medium density overlay (MDO); and phenolic film. Additionally, the face veneer of hardwood and decorative plywood may be sanded; smoothed or given a “distressed” appearance through such methods as hand-scraping or wire brushing.

All hardwood and decorative plywood is included within the scope even if it is trimmed; cut-to-size; notched; punched; drilled; or has undergone other forms of minor processing. All hardwood and decorative plywood is included within the scope of the investigation, without regard to dimension (overall thickness, thickness of face veneer, thickness of back veneer, thickness of core, thickness of inner veneers, width, or length). However, the most common panel sizes of hardwood and decorative plywood are 1219 x 1829 mm (48 x 72 inches), 1219 x 2438 mm (48 x 96 inches), and 1219 x 3048 mm (48 x 120 inches). Subject merchandise also includes hardwood and decorative plywood that has been further processed in a third country, including but not limited to trimming, cutting, notching, punching, drilling, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope product.

The scope of the investigation excludes the following items: (1) structural plywood (also known as “industrial plywood” or “industrial panels”) that (a) is certified, manufactured, and stamped to meet U.S. Products Standard PS 1-09, PS 2-09, PS-1-22, PS 2-10, or PS 2-18 for Structural Plywood (including any revisions to that standard or any substantially equivalent international standard intended for structural plywood), including, but not limited to, the “bond performance” requirements and the performance criteria detailed in U.S. Products Standard PS 1-09, PS 2-09, PS-1-22, PS 2-10, or PS 2-18 for Structural Plywood (including any revisions to that standard or any substantially equivalent international standard intended for structural plywood), and (b) where the relevant standard identifies core species requirements, has a core made entirely of one or more of the following wood species: *Pseudotsuga menziesii* (Douglas Fir), *Larix occidentalis* (Western Larch), *Tsuga heterophylla* (Western Hemlock), *Abies balsamea* (Balsam Pine/Balsam Fir), *Abies magnifica* (California Red Fir), *Abies grandis* (Grand Fir), *Abies procera* (Noble Fir), *Abies amabilis* (Pacific Silver Fir), *Abies concolor* (White Fir), *Abies lasiocarpa* (Subalpine Fir), *Picea glauca* (White Spruce), *Picea engelmannii* (Engelmann Spruce), *Picea mariana* (Black Spruce), *Picea rubens* (Red Spruce), *Picea sitchensis* (Sitka Spruce), *Pinus banksiana* (Jack Pine), *Pinus taeda*

(Loblolly Southern Pine), *Pinus palustris* (Longleaf Southern Pine), *Pinus echinata* (Shortleaf Southern Pine), *Pinus elliottii* (Slash Southern Pine), *Pinus serotina* (Pond Pine), *Pinus resinosa* (Red Pine), *Pinus virginiana* (Virginia Pine), *Pinus monticola* (Western White Pine), *Picea mariana* (Black Spruce), *Picea rubens* (Red Spruce), *Picea sitchensis* (Sitka Spruce), *Pinus contorta* (Lodgepole Pine), *Pinus strobus* (Eastern White Pine), and *Pinus lambertiana* (Sugar Pine); (2) products which have a face and back veneer of cork; (3) hardwood plywood subject to the antidumping and countervailing duty orders on hardwood plywood from China. See *Certain Hardwood Plywood Products from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 83 FR 504 (January 4, 2018); and *Certain Hardwood Plywood Products from the People's Republic of China: Countervailing Duty Order*, 83 FR 513 (January 4, 2018); (4) multilayered wood flooring, as described in the antidumping duty and countervailing duty orders on multilayered wood flooring from China. See *Multilayered Wood Flooring from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order*, 76 FR 76690 (December 8, 2011); and *Multilayered Wood Flooring from the People's Republic of China: Countervailing Duty Order*, 76 FR 76693 (December 8, 2011), as amended by *Multilayered Wood Flooring from the People's Republic of China: Amended Antidumping and Countervailing Orders*, 77 FR 5484 (February 3, 2012); (5) multilayered wood flooring with a face veneer of bamboo or composed entirely of bamboo; (6) plywood which has a shape or design other than a flat panel, with the exception of any minor processing described above; (7) products made entirely from bamboo and adhesives (also known as “solid bamboo”); and (8) Phenolic Film Faced Plyform (PFF), also known as Phenolic Surface Film Plywood (PSF), defined as a panel with an “Exterior” or “Exposure 1” bond classification as is defined by The Engineered Wood Association, having an opaque phenolic film layer with a weight equal to or greater than 90g/m³ permanently bonded on both the face and back veneers and an opaque, moisture resistant coating applied to the edges.

Also excluded from the scope of the investigation are wooden furniture goods that, at the time of importation, are fully assembled and are ready for their intended uses. Also excluded from the scope of the investigation is “ready to assemble” (RTA) furniture. RTA furniture is defined as (A) furniture packaged for sale for ultimate purchase by an end-user that, at the time of importation, includes (1) all wooden components (in finished form) required to assemble a finished unit of furniture, (2) all accessory parts (e.g., screws, washers, dowels, nails, handles, knobs, adhesive glues) required to assemble a finished unit of furniture, and (3) instructions providing guidance on the assembly of a finished unit of furniture; (B) unassembled bathroom vanity cabinets, having a space for one or more sinks, that are imported with all

unassembled hardwood and hardwood plywood components that have been cut-to-final dimensional component shape/size, painted or stained prior to importation, and stacked within a singled shipping package, except for furniture feet which may be packed and shipped separately; or (C) unassembled bathroom vanity linen closets that are imported with all unassembled hardwood and hardwood plywood components that have been cut-to-final dimensional shape/size, painted or stained prior to importation, and stacked within a single shipping package, except for furniture feet which may be packed and shipped separately.

Also excluded from the scope of the investigation are kitchen cabinets that, at the time of importation, are fully assembled and are ready for their intended uses. Also excluded from the scope of the investigation are RTA kitchen cabinets. RTA kitchen cabinets are defined as kitchen cabinets packaged for sale for ultimate purchase by an end-user that, at the time of importation, includes: (1) all wooden components (in finished form) required to assemble a finished unit of cabinetry; (2) all accessory parts (e.g., screws, washers, dowels, nails, handles, knobs, hooks, adhesive glues) required to assemble a finished unit of cabinetry; and (3) instructions providing guidance on the assembly of a finished unit of cabinetry. Excluded from the scope of this investigation are finished table tops, which are table tops imported in finished form with pre-cut or drilled openings to attach the underframe or legs. The table tops are ready for use at the time of import and require no further finishing or processing. Excluded from the scope of this investigation are finished countertops that are imported in finished form and require no further finishing or manufacturing.

Also excluded from the scope of the investigation are laminated veneer lumber (LVL) door and window components with (1) a maximum width of 44 millimeters, a thickness from 30 millimeters to 72 millimeters, and a length of less than 2413 millimeters, (2) water boiling point exterior adhesive, (3) a modulus of elasticity of 1,500,000 pounds per square inch or higher, (4) finger-jointed or lap-jointed core veneer with all layers oriented so that the grain is running parallel or with no more than 3 dispersed layers of veneer oriented with the grain running perpendicular to the other layers; and (5) top layer machined with a curved edge and one or more profile channels throughout.

Also excluded from the scope of this investigation are certain door stiles and rails made of LVL that have a width not to exceed 50 millimeters, a thickness not to exceed 50 millimeters, and a length of less than 2,450 millimeters.

Also excluded from the scope of this investigation are finished two-ply products that are made of one ply of wood veneer and one ply of a non-wood veneer material and the two-ply product cannot be glued or otherwise adhered to additional plies or that are made of two plies of wood veneer and have undergone staining, cutting, notching, punching, drilling, or other processing on the

surface of the veneer such that the two-ply product cannot be glued or otherwise adhered to additional plies.

Imports of hardwood and decorative plywood are primarily entered under the following HTSUS numbers:
