

ACS Triparty Collateral Return Entitlements by ACS Triparty Funds Lenders and ACS Triparty Funds Borrowers. By providing users of the ACS Triparty Service with more time to complete these end of day actions, the proposed change would further facilitate the settlement of activity. Therefore, FICC believes that the proposed rule change would help promote the prompt and accurate clearance and settlement of securities transactions, consistent with the requirements of the Act, in particular Section 17A(b)(3)(F) of the Act.⁹

(B) Clearing Agency's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act¹⁰ requires that the rules of the clearing agency do not impose any burden on competition not necessary or appropriate in furtherance of the Act. FICC does not believe that the proposed rule change would impose a burden or otherwise have a significant impact on competition. As described above, the proposed rule change would extend the deadlines for Members using the ACS Triparty Service to take certain end of day actions with respect to ACS Triparty Service activity. These extended deadlines would facilitate the settlement of activity and would apply to all Members using this service. Thus, the proposed rule change should not have any competitive impact on Members or their use of FICC's services.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

FICC has not received or solicited any written comments relating to this proposal. If any written comments are received, they will be publicly filed as an Exhibit 2 to this filing, as required by Form 19b-4 and the General Instructions thereto.

Persons submitting comments are cautioned that, according to Section IV (Solicitation of Comments) of the Exhibit 1A in the General Instructions to Form 19b-4, the Commission does not edit personal identifying information from comment submissions. Commenters should submit only information that they wish to make available publicly, including their name, email address, and any other identifying information.

All prospective commenters should follow the Commission's instructions on how to submit comments, available at www.sec.gov/rules-regulations/how-

submit-comment. General questions regarding the rule filing process or logistical questions regarding this filing should be directed to the Main Office of the Commission's Division of Trading and Markets at tradingandmarkets@sec.gov or 202-551-5777.

FICC reserves the right to not respond to any comments received.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and paragraph (f) of Rule 19b-4 thereunder.¹² At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NOM proposes to amend Options 9, Section 13, Position Limits; and Options 9, Section 15, Exercise Limits in connection with the following options overlying Exchange-Traded Fund Shares: iShares Bitcoin Trust ETF, the Grayscale Bitcoin Trust, the Grayscale Bitcoin Mini Trust BTC, the Bitwise Bitcoin ETF, Fidelity Wise Origin Bitcoin Fund, the ARK21Shares Bitcoin ETF, the VanEck Bitcoin ETF, the iShares Ethereum Trust ETF, the Fidelity Ethereum Fund, the Bitwise Ethereum ETF, the Grayscale Ethereum Trust, and the Grayscale Ethereum Mini Trust (collectively "the Crypto Assets"). Each change will be described below.

Background

On October 27, 2025, Nasdaq ISE, LLC's ("ISE") proposal to permit certain options on Exchange-Traded Fund Shares that meet certain generic requirements to be listed as a Commodity-Based Trust was deemed approved.³ NOM's Options 4 Listing Rules are incorporated by reference to ISE. As amended, Options 4, Section 3(h)(vi) specifies that NOM may list and trade interests in a Commodity-Based Trust that meet the generic criteria of The Nasdaq Stock Market LLC Rule 5711(d) provided the trust holds a single crypto asset.⁴ Further, a Commodity-

Based Trust that meets the requirements of Options 4, Section 3(h)(vi) must also satisfy the following requirements: (A) the total global supply of the underlying crypto asset held by the Commodity-Based Trust has an average daily market value of at least \$700 million over the last 12 months; and (B) the crypto asset held by the Commodity-Based Trust underlies a derivatives contract that trades on a market with which the Exchange has a comprehensive surveillance sharing agreement, whether directly or through common membership in the Intermarket Surveillance Group.

Any option approved pursuant to Options 4, Section 3(h)(vi) is subject to the position limits set forth in Options 9, Section 13, and subject to the exercise limits set forth in Options 9, Section 15. The Crypto Assets all qualify for listing pursuant to Options 4, Section 3(h)(vi). As such, similar to other options listed pursuant to Options 4, Section 3(h)(vi), the Crypto Assets should be subject to the position limits set forth in Options 9, Section 13, and subject to the exercise limits set forth in Options 9, Section 15.

Proposal

NOM proposes to remove the 25,000 position and exercise limit restrictions for Fidelity Wise Origin Bitcoin Fund, the ARK21Shares Bitcoin ETF, the VanEck Bitcoin ETF, the iShares Ethereum Trust ETF, the Fidelity Ethereum Fund, the Bitwise Ethereum ETF, the Grayscale Ethereum Trust, and the Grayscale Ethereum Mini Trust from Options 9, Sections 13 and 15.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section (6)(b)(5)⁷ requirement that

the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange's proposal to permit the Crypto Assets, which qualify for listing pursuant to Options 4, Section 3(h)(vi), to be subject to the position limits set forth in Options 9, Section 13, and subject to the exercise limits set forth in Options 9, Section 15 similar to all other options is consistent with the Act as this treatment promotes just and equitable principles of trade.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange does not believe that the proposed rule change will impose any burden on intra-market competition because the Crypto Assets that qualify to be listed pursuant to Options 4, Section 3(h)(vi) would be treated similar to all other options for purposes of position and exercise limits.

The Exchange does not believe that the proposed rule change will impose any burden on inter-market competition as the proposal is not competitive in nature. The Exchange expects that all option exchanges will adopt substantively similar proposals, such that the Exchange's proposal would benefit competition. For these reasons, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section

⁴ The term "crypto asset" means an asset that is generated, issued and/or transferred using a blockchain or similar distributive ledger technology network including, but not limited to, assets known as "tokens," "digital assets," "virtual currencies,"

and "coins" and that rely on cryptographic protocols. See Options 4, Section 3(h)(3).

⁷ 15 U.S.C. 78f(b)(5).

19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the operative delay will allow the Exchange to treat Crypto Assets in the same manner as all other options that qualify for listing pursuant to Options 4, Section 3(h)(vi). The Exchange also states that the proposal does not significantly affect the protection of investors or the public interest because any Crypto Asset that qualifies for listing pursuant to Options 4, Section 3(h)(vi) is subject to the position and exercise limits set forth in Options 9, Sections 13 and 15. For these reasons, and because the proposal does not raise new or novel regulatory issues, the Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.

⁸ 15 U.S.C. 78s(b)(3)(A)(iii).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ 17 CFR 240.19b-4(f)(6)(iii).

¹² For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹³ 15 U.S.C. 78s(b)(2)(B).
