

participating in meetings and other proposed training or workshops. Name the traveler(s) if possible, describe the purpose of the trip, provide the number of trips involved, the destinations, and the number of individuals for whom funds are requested.

Equipment: List equipment costs and justify the need for the equipment to carry out the program's goals. Extensive justification and a detailed status of current equipment must be provided when requesting funds to purchase items that meet the definition of equipment (a unit cost of \$10,000 or more and a useful life of 1 or more years).

Supplies: List the items that will be used to implement the proposed project. Separate items into 3 categories: office supplies (e.g., paper, pencils), medical supplies (e.g., syringes, blood tubes, gloves), and educational supplies (e.g., brochures, videos). Items must be listed separately. Equipment items such as laptops, tablets, and desktop computers are classified as a supply if the acquisition cost is under the \$10,000 per unit cost threshold.

Contractual/Subawards/Consultant: Provide a clear justification, including how you estimated the costs and the specific contract/subaward deliverables. Attach a summary of contracts with the Budget Narrative. Make sure that your organization has an established and adequate procurement system with fully developed written procedures for awarding and monitoring all contracts/subawards. Recipients must notify potential subrecipients that entities receiving subawards must be registered in System for Award Management (SAM) and provide the recipient with their Unique Entity Identifier number (see 2 CFR part 25 in <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-I/part-25>).

In your budget:

- For consultant services, list the total costs for all consultant services. Identify each consultant, the services they will perform, the total number of days, travel costs, and total estimated costs.

- For subawards to entities that will help carry out the work of the grant, describe how you monitor their work to ensure the funds are being properly used.

- **Note:** You should not provide line-item details on proposed contracts; rather, provide the basis for your cost estimate for the contract.

Per the Suspension and Debarment rules in the Uniform Administrative Requirements, as implemented by HRSA under 2 CFR 200.214, non-federal entities and contractors are subject to the non-procurement debarment and

suspension regulations implementing Executive Orders 12549 and 12689, and 2 CFR parts 180 and 376. These regulations restrict awards, subawards, and contracts with certain parties debarred, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs or activities.

Other: Include all costs that do not fit into any other category and provide an explanation for each cost in this category (e.g., Electronic Health Record provider licenses, audit, legal counsel). In some cases, rent, utilities, and insurance fall under this category if they are not included in an approved indirect cost rate.

Indirect Costs: Indirect costs are costs you charge across more than one project that cannot be easily separated by project.

To charge indirect costs, you can select 1 of 2 methods:

Method 1—Approved rate. You currently have an indirect cost rate approved by your cognizant federal agency. If indirect costs are included in the budget, attach a copy of the indirect cost rate agreement in the Budget Narrative attachment.

Method 2—De minimis rate. Per 2 CFR 200.414(f) (see <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-E/subject-group-ECFRd93f2a98b1f6455/section-200.414>), if you have never received a negotiated indirect cost rate, you may elect to charge a *de minimis* rate. If you choose this method, costs included in the indirect cost pool must not be charged as direct costs.

This rate is 15 percent of modified total direct costs (see 2 CFR 200.1 in <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200#p-200.1> (Modified%20Total%20Direct%20Cost%20(MTDC))). You can use this rate indefinitely.

Submission Deadline: Submit the response to this request via HRSA's Electronic Handbook no later than 30 days from the receipt of the request.

System for Award Management (SAM): Recipients must continue to maintain active SAM registration with current information at all times that they have an active federal award, an active application, or an active plan under consideration by an agency (unless you are an individual or federal agency that is exempted from those requirements under 2 CFR 25.110(b) or (c), or you have an exception approved by the agency under 2 CFR 25.110(d)). For your SAM registration, you must submit a notarized letter appointing the authorized Entity Administrator.

Intergovernmental Review: This funding is subject to the provisions of Executive Order 12372, as implemented by 45 CFR part 100.

Review Criteria and Process: HRSA will conduct a review of the submitted response in accordance with HRSA guidelines. HRSA reserves the right to request clarification, a resubmission of the budget, narrative, and forms, or additional information if the submission is not fully responsive to any of the requirements or if ineligible activities are proposed. Following the review of all applicable information, HRSA reviews and awards management officials will determine if special conditions are required, and what level of funding is appropriate. Award decisions and funding levels are discretionary and are not subject to appeal. Continued funding depends on congressional appropriation of funds, satisfactory performance, and a decision that continued funding would be in the government's best interest.

As part of HRSA's required review of risk posed by applicants for this program, as described in 2 CFR 200.206 (see <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-C/section-200.205>), HRSA will consider additional factors. These factors include, but are not limited to, past performance and the results of HRSA's assessment of the financial stability of your organization. HRSA reserves the right to conduct site visits and/or use the current compliance status to inform final funding decisions.

Award Notice: HRSA anticipates issuing the Notice of Award on or near March 1, 2026.

Administrator.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Vaccine Injury Compensation Program; List of Petitions Received

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HRSA is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by the Public Health Service (PHS) Act, as amended. While the Secretary of HHS is

named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

FOR FURTHER INFORMATION CONTACT: For information about requirements for filing petitions, and the Program in general, contact Lisa L. Reyes, Clerk of Court, United States Court of Federal Claims, 717 Madison Place NW, Washington, DC 20005, (202) 357-6400. For information on HRSA's role in the Program, contact the Director, Division of Injury Compensation Programs, 5600 Fishers Lane, Room 14W-18, Rockville, Maryland 20857; 1-800-338-2382, or visit our website at: <https://www.hrsa.gov/vaccine-compensation>.

SUPPLEMENTARY INFORMATION: The Program provides a system of no-fault compensation for certain individuals who have been injured by specific vaccines. Subtitle 2 of Title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the United States Court of Federal Claims and to serve a copy of the petition to the Secretary of HHS, who is named as the respondent in each proceeding. The Secretary has delegated this responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at 42 CFR 100.3. This Table lists for each covered vaccine the conditions that may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that “[w]ithin 30 days after the Secretary receives service of any petition filed under section 2111 the Secretary shall publish notice of such petition in the **Federal Register**.” Set forth below is a list of petitions received by HRSA on

September 1, 2025, through September 30, 2025. This list provides the name of the petitioner, city, and state of vaccination (if unknown then the city and state of the person or attorney filing the claim), and case number. In cases where the Court has redacted the name of a petitioner and/or the case number, the list reflects such redaction.

Section 2112(b)(2) also provides that the special master “shall afford all interested persons an opportunity to submit relevant, written information” relating to the following:

1. The existence of evidence “that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition,” and

2. Any allegation in a petition that the petitioner either:

a. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Vaccine Injury Table but which was caused by” one of the vaccines referred to in the Table, or

b. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Vaccine Injury Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine” referred to in the Table.

In accordance with Section 2112(b)(2), all interested persons may submit written information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original and three copies of the information with the Clerk of the United States Court of Federal Claims at the address listed above (under the heading **FOR FURTHER INFORMATION CONTACT**), with a copy to HRSA addressed to Director, Division of Injury Compensation Programs, Health Systems Bureau, 5600 Fishers Lane, 14W-18, Rockville, Maryland 20857. The Court's caption (*Petitioner's Name v. Secretary of HHS*) and the docket number assigned to the petition should be used as the caption for the written submission. Chapter 35 of Title 44, United States Code, related to paperwork reduction, does not apply to

information required for purposes of carrying out the Program.

Administrator.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS–0945–0008]

Agency Information Collection Request; 60-Day Public Comment Request

AGENCY: Office of the Secretary, Office for Civil Rights (OCR), HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Office for Civil Rights (OCR), Department of Health and Human Services (HHS), is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before March 27, 2026.

ADDRESSES: When commenting, please reference the document identifier/OMB control number 0945–0008 and title of collection, Assurance of Compliance, Form HHS–690. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

- *Electronically.* You may send your comments electronically to OCRassuranceofcomplianceform@hhs.gov.

- *By regular mail.* You may mail written comments to the following address: U.S. Department of Health and Human Services, Office of the Secretary/Office for Civil Rights, Harold Henderson, Strategic Planning Division Paperwork Reduction Act Official, Office for Civil Rights (OCR), Office: (202) 868–9407, 200 Independence Avenue SW, Washington, DC 20201.

FOR FURTHER INFORMATION CONTACT: To obtain copies of supporting material for the proposed collection(s) summarized in this notice, please email Harold Henderson at OCRassuranceofcomplianceform@hhs.gov.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information

collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Assurance of Compliance, Form HHS–690.

Type of Collection: Revision.

Abstract: This Information Collection Request is for a revision with changes to previously approved collection 0945–0008 that will expire on April 30, 2026, titled: Assurance of Compliance, Form HHS–690, subject to modifications to comply with federal court orders and Executive Orders. The revisions conform the form to E.O. 14168 on “Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government” and the court order in *Texas v. Becerra*, No. 6:24–CV–211–JDK, 2024 WL 4490621, at *2 (E.D. Tex. Aug. 30, 2024) (staying nationwide the Section 1557 Final Rule definition of sex discrimination as including “sex characteristics, including intersex traits”; “pregnancy or related conditions”; “sexual orientation”; “gender identity”; and “sex stereotypes”). Such an assurance is required by the federal civil rights laws, conscience, and religious nondiscrimination laws enforced by the Office for Civil Rights. One method that the federal government uses to ensure civil rights compliance is to require covered entities to submit written assurances of compliance when applying for and receiving federal financial assistance. The assurances alert covered entities of their civil rights, conscience, and religious nondiscrimination obligations and provide the Department with a valuable enforcement tool, as a recipient’s written assurance and certification documents can provide an independent contractual basis for enforcement of nondiscrimination requirements and can also give rise to a False Claims Act violation. This is for a 3-year request.

The estimated burden follows:

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number responses per respondent	Avg. burden/response (in hours)	Total burden hours
States, certain health care providers, other persons, and entities.	Form HHS–690	8,486	1	4	33,944
