National Park Service

[N6882; NPS-WASO-NAGPRA-NPS0041880; PPWOCRADNO-PCU00RP14.R50000]

Notice of Intended Repatriation: Indiana University, Bloomington, IN

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Indiana University intends to repatriate certain cultural items that meet the definition of sacred objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after February 27, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Dr. Jayne-Leigh Thomas, Executive Director, Indiana University, Student Building 318, 701 E Kirkwood Avenue, Bloomington, IN 47405, email thomajay@iu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Indiana University and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of two cultural items have been requested for repatriation. The two sacred objects are one ki'i akua and one lei niho palaoa. The ki'i akua was purchased from Christie's of London in 1980. It has been suggested that this figure was acquired by Andrew Bloxam of the HMS Blonde in 1825. This figure may have come from the site of Hale-o-Keawe near Kona, or purchased in Oahu. The lei niho palaoa was purchased in 1980 from Oceanie-Afrique Noire.

Determinations

Indiana University has determined that:

- The two sacred objects described in this notice are specific ceremonial objects needed by a traditional Native Hawaiian religious leader for present-day adherents to practice traditional Native Hawaiian religion, according to the Native Hawaiian traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Native Hawaiian Organization Hui Iwi Kuamo'o.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or

a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after February 27, 2026. If competing requests for repatriation are received, Indiana University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. Indiana University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: January 15, 2026.

Melanie O'Brien,

Manager, National NAGPRA Program.

Notice of Intended Repatriation: Santa Barbara Museum of Natural History, Santa Barbara, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Santa Barbara Museum of Natural History intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after February 27, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Luke Swetland, President and CEO, Santa Barbara Museum of Natural History, 2559 Puesta del Sol, Santa Barbara, CA 93105, email lswetland@sbnature2.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Santa Barbara

Museum of Natural History, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 14 trays of cultural items (approx. 46,656 objects) have been requested for repatriation. The 14 trays of unassociated funerary objects consist of stone artifacts (bowls, pestles, beads, etc.), asphaltum, projectile points, fish hooks, shell beads and bead fragments (which account for the large number of objects), abalone spangles and ornaments, unsorted midden material, detritus, gravers, drills, mammal bones (including fox) and teeth (including whale), bird bones, tarring pebbles, donut stones, red ochre, skirt weights, fish bones (including shark centra), basketry fragments, asphaltum basket impressions, seagrass cordage and matting fragments, eelgrass cordage, sinkers, net weights, bone awls, whale vertebra bowl, mortar fragments/groundstone, bone tools, etc. These items were excavated from cemetery sites on Santa Rosa Island at Skull Gulch (SRI-2A and SRI-2B) by Phil Orr over several seasons of archaeological fieldwork between 1947 and 1951.

Determinations

The Santa Barbara Museum of Natural History has determined that:

- The 14 trays of unassociated funerary objects described in this notice were reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Santa Ynez Band of Chumash Mission Indians of the Santa Ynez Reservation, California.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized
