Samish Tribe .....	527
Sault Ste. Marie Chippewa Tribe .....	7,520
Pueblo of Jemez .....	13,678
<b>Total .....</b>	<b>2,293,415</b>

The list of recipients that were awarded these funds was published on OCS’s website here: <https://acf.gov/ocs/programs/liheap/funding-releases/reallotment-liheap-funding-release-ffy-2025>.

Pursuant to the statute cited above, these funds were reallocated on September 19, 2025, to all the FY25 LIHEAP grant recipients, except 13 states and 66 tribes, by distributing them under the formula that Congress set for FY25 funding. The three types of recipients that did not receive funds were (1) those whose allocations would have been less than \$25 (see 45 CFR 96.81(c)), (2) tribes or tribal organizations that agreed with their co-territorial states to receive set amounts for the entire fiscal year (see 42 U.S.C. 8623(d)(2)), and (3) states whose FY25 funding amounts met the state’s full-year floors specified by the FY25 regular appropriations. No subrecipients of these recipients or other entities may apply for these funds.

The reallocated funds may be used for any purpose authorized under LIHEAP. Recipients must add these funds to their total LIHEAP funds payable for FY25 for purposes of calculating statutory caps on administrative costs, carryover, Assurance 16 activities, and weatherization assistance. Recipients must also: (1) ensure that these funds are included in the amounts that ACF pre-populates on Line 1.1 of their FY25 Carryover and Reallotment Reports; (2) reconcile these funds on the associated Federal Financial Report (FFR), to the extent that they received them, with all other sources that ACF categorized under an award number ending in

“LIEA”; and (3) record, on their FY25 Household Reports, households that receive benefits at least partly from these funds. State recipients must also ensure that these funds are included in the Grantee Survey sections of their FY25 LIHEAP Performance Data Forms.

OCS recommends that, after receiving them, recipients obligate these funds before obligating any other federal LIHEAP funds.

*Statutory Authority:* 42 U.S.C. 8626(b).

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Health Resources and Services Administration**

**Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request; Nurse Faculty Loan Program Forms OMB No. 0915–0314—Revision**

**AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995, HRSA submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review

of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period. OMB may act on HRSA’s ICR only after the 30-day comment period for this notice has closed.

**DATES:** Comments on this ICR should be received no later than March 2, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** To request a copy of the clearance requests submitted to OMB for review, email Samantha Miller, the HRSA Information Collection Clearance Officer, at [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call (301) 443–3983.

**SUPPLEMENTARY INFORMATION:**

*Information Collection Request Title:* Nurse Faculty Loan Program Forms, OMB No. 0915–0314—Revision.

*Abstract:* This clearance request seeks approval for the Nurse Faculty Loan Program (NFLP) Forms. The forms included are the NFLP—Program Specific Data Form, the NFLP—Annual Performance Report (APR) Financial Data Form, and the NFLP Due Diligence Form. They are currently approved under OMB Approval No. 0915–0314, with the expiration date of August 31, 2026. For greater clarity and consistency, the title of this ICR will be changed from the “Nurse Faculty Loan

Program—Program Specific Data Form, Annual Performance Report Financial Data Form, and NFLP Due Diligence Form” to the “Nurse Faculty Loan Program Forms.” In addition, the ICR will update the NFLP—Program Specific Data Form to reflect that the National League for Nursing Commission for Nursing Education Accreditation is now an accrediting body for graduate nursing programs.

A 60-day notice published in the **Federal Register** on September 12, 2025, vol. 90, No. 175; pp. 44199–44200. There were no public comments.

*Need and Proposed Use of the Information:* Section 846A of the Public Health Service Act provides the Secretary of HHS with the authority to provide grants to accredited schools of nursing for the establishment and operation of student loan funds to increase the number of qualified nurse faculty. HRSA makes awards to accredited schools of nursing, and the schools provide loans to students enrolled in advanced education nursing degree programs who are committed to becoming nurse faculty. Following graduation from the NFLP grant recipient school, NFLP borrowers may receive up to 85 percent of loan cancellation over a 4-year period in exchange for service as full-time faculty at a school of nursing. The NFLP grant recipient school collects any portion of the loan that is not cancelled and any loans that go into repayment and deposits these monies into the NFLP loan fund to make additional NFLP loans.

The NFLP—Program Specific Data Form is a required electronic attachment within the NFLP application materials. The data provided in the form is an essential component of the formula-based criteria used to determine the amount awarded to the applicant schools. The form collects application-

related data from applicants such as the amount requested, number of students to be funded, tuition information, and projected unused loan fund balance. This data collection assists HRSA in streamlining the application submission process, enabling an efficient award determination process, and facilitating reporting on the use of funds and analysis of program outcomes. There are no changes to this form.

The NFLP—APR Financial Data Form is an online form that collects outcome and financial data to capture the NFLP loan fund account activity related to financial receivables, disbursements, and borrower account data related to employment status, loan cancellation, and loan repayment and collections. NFLP grant recipient schools will provide HHS with current and cumulative information on (1) NFLP loan funds received, (2) number and amount of NFLP loans made, (3) number and amount of loans cancelled, (4) number and amount of loans in repayment, (5) loan default rate percent, (6) number of NFLP graduates employed as nurse faculty, and (7) other related loan fund costs and activities. The NFLP—APR Financial Data Form is used to monitor grantee performance by collecting information related to the NFLP loan fund operations and financial activities for a specified reporting period (July 1 through June 30 of the academic year). NFLP grant recipient schools are required to complete and submit the NFLP—APR Financial Data Form annually. The data provided in the form is essential for HRSA to effectively monitor the school’s use of NFLP funds in accordance with the statute and program guidelines. There are no changes to this form.

The NFLP Due Diligence Form is a required form that is completed and submitted electronically by NFLP grant

recipient schools. This form indicates that due diligence has been exercised in the cancellation of any remaining loan funds for NFLP borrowers due to permanent/total disability, death, and uncollectible/bad debt write-offs. The data collected on the due diligence form will include the student borrower’s unique ID number, reason for cancellation, the amount of principal loaned, the total amount of principal loan funds and corresponding interest canceled, and the outstanding amount of principal/interest that would be canceled because of death or permanent disability or written-off as uncollectible/bad debt. The NFLP Due Diligence Form is essential for monitoring performance measure outcomes and to verify and validate accuracy of information submitted on the NFLP Annual Performance Reports. There are no changes to this form.

*Likely Respondents:* NFLP grant recipient schools and applicants to the NFLP program.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents *	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Nurse Faculty Loan Program—Program Specific Data Form .....	90	1	90	8	720
Nurse Faculty Loan Program—Annual Performance Report Financial Data Form .....	207	1	207	6	1,242
Nurse Faculty Loan Program—Due Diligence Form .....	20	1	20	1	20
Total .....	317	.....	317	.....	1,982

\* The number of respondents is added up because there are three separate groups that complete forms at different points within the grant period.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Health Resources and Services Administration

#### Agency Information Collection Activities: Proposed Collection: Public Comment Request; Information Collection Request Title: The Division of Independent Review Application Reviewer Recruitment Form, OMB No. 0915-0295—Revision

**AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on this ICR should be received no later than March 30, 2026.

**ADDRESSES:** Submit your comments to [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or mail the HRSA Information Collection Clearance Officer, Room 13N82, 5600 Fishers Lane, Rockville, Maryland 20857.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call Samantha Miller, the HRSA Information Collection Clearance Officer, at (301) 443-3983.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the ICR title for reference.

*Information Collection Request Title:* The Division of Independent Review Application Reviewer Recruitment Form, OMB No. 0915-0295—Revision.

*Abstract:* HRSA's Division of Independent Review (DIR) is

responsible for administering the review of eligible applications submitted for grants under HRSA competitive announcements. DIR ensures that the objective review process is independent, efficient, effective, economical, and complies with the applicable statutes, regulations, and policies. Applications are reviewed by subject matter experts knowledgeable in health and public health disciplines for which support is requested. Review findings are advisory to HRSA programs responsible for making award decisions.

This ICR is for continued approval of a web-based data collection system, the Reviewer Recruitment Module (RRM), used to gather critical reviewer information. RRM uses standardized categories of information in drop down menu format for data such as the following: degree, specialty, occupation, work setting, and in select instances affiliations with organizations and institutions that serve special populations. Some program regulations require that objective review panels contain consumers of health services. Other demographic data may be voluntarily provided by a potential reviewer. Defined data elements assist HRSA in finding and selecting expert reviewers for objective review committees.

HRSA maintains a roster of approximately 9,000 qualified individuals who have actively served on HRSA objective review committees. The web-based RRM simplifies reviewer registration entry using a user-friendly Graphical User Interface with a few data drop down menu choices, a search engine that supports key word queries in the actual resume or Curriculum Vitae text, and permits reviewers to access and update their information at will and as needed. RRM is 508 compliant and accessible by the general public via a link on the HRSA "Grants" internet site, or by keying the RRM URL into their browser. RRM is accessible using any of the commonly used internet browsers.

The only change to the collection is updating two questions about reviewer attributes (*i.e.*, past/current affiliation or characteristics, and demographic information) for compliance with administration priorities.

*Need and Proposed Use of the Information:* HRSA currently uses RRM

to collect information from individuals who wish to volunteer as objective review committee participants for the agency's discretionary and competitive grant or cooperative agreement funding opportunities. RRM provides HRSA with an effective search and communication functionality with which to identify and contact qualified potential reviewers. RRM has an enhanced search and reporting capability to help DIR ensure that the HRSA reviewer pool has the necessary skills, education, and qualifications to meet the ever-evolving need for qualified reviewers. If HRSA identifies either an expertise or demographic that is under-represented in the RRM pool, HRSA can recruit specifically to address those needs. Expertise is always the primary determinant in selecting potential reviewers for any specific grant review; no reviewer is required to provide demographic information to join the reviewer pool or be selected as a reviewer for any competition.

*Likely Respondents:* All HRSA reviewers must possess the technical skill and ability to access the internet on a secure desktop/laptop, or touch pad, and either a land line or Voice Over internet Protocol capability to participate in HRSA objective review committees. Reviewers are professionals with expertise and experience consistent with the HRSA mission. Certain legislation requires HRSA programs to include consumers of specific health care services in the objective review committee.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
