

States (U.S.) Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support.

(iv) *Military Department*: Air Force (IS-D-ADC, IS-D-AHA)

(v) *Prior Related Cases, if any*: IS-D-ABX, IS-D-ACA, IS-D-QFZ

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid*: None known at this time

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold*: See Attached Annex

(viii) *Date Report Delivered to Congress*: February 28, 2025

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Israel—Munitions and Munitions Support

The Government of Israel has requested to buy thirty-five thousand five hundred twenty-nine (35,529) MK 84 or BLU-117 General Purpose (GP) bomb bodies, or a combination of both; and four thousand (4,000) I-2000 Penetrator warheads. The following non-MDE items will also be included: spare parts, consumables, accessories, and repair and return support; transportation support; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$2.04 billion.

The Secretary of State has determined and provided detailed justification that an emergency exists that requires the immediate sale to the Government of Israel of the above defense articles (and defense services) in the national security interests of the U.S., thereby waiving the Congressional review requirements under Section 36(b) of the Arms Export Control Act, as amended.

The U.S. is committed to the security of Israel, and it is vital to U.S. national interests to assist Israel to develop and maintain a strong and ready self-defense capability. This proposed sale is consistent with those objectives.

The proposed sale will improve Israel's capability to meet current and future threats, strengthen its homeland defense, and serve as a deterrent to

regional threats. Israel will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be General Dynamics, located in Garland, TX; Ellwood National Forge Company, located in Irvine, PA; and McAlester Army Ammunition Plant, located in McAlester, OK. There is a possibility that a portion of this procurement will come from U.S. stock. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Israel.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 25-34

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology*:

1. The MK 84 General Purpose (GP) bomb is a 2,000-pound, free-fall, unguided, low-drag weapon. The MK-84 is designed for soft, fragment sensitive targets and is not intended for hard targets or penetrations. The explosive filling is usually tritonal, though other compositions have sometimes been used.

2. The BLU-109 bomb is a 2,000-pound, free-fall, unguided, low-drag, hard target penetration warhead designed to penetrate hardened structures before detonating.

3. The BLU-117 GP bomb is a 2,000-pound, free-fall, unguided, high and low-drag weapon equivalent to the MK-84 but slightly differs in explosive filler or manufacturer details.

4. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

5. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

6. A determination has been made that Israel can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

7. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Israel.

The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 25-101, concerning the Navy's proposed Letter(s) of Offer and Acceptance to the Government of Denmark for defense articles and services estimated to cost \$45 million. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

Michael F. Miller
Director

BILLING CODE 6001-FR-C

Transmittal No. 25-101

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) *Prospective Purchaser:* Government of Denmark

(ii) *Total Estimated Value:*

Major Defense Equipment		\$42 million
Other		\$ 3 million
TOTAL		\$45 million

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:*

Major Defense Equipment (MDE):

- One Hundred (100) AGM-114R Hellfire missiles
- Three (3) AGM-114R Captive Air Training Missile units
- Six (6) M299 launchers
- Two (2) MHU-191A/M trailers
- Three (3) BRU-14 bomb racks

Non-Major Defense Equipment:

The following non-MDE items will also be included: containers,

training aids, weapon software, training, support equipment, spare and repair parts, publications and technical documentation, and transportation; United States (U.S.) Government and contractor engineering, technical, and logistical support services; and other related elements of logistical and program support.

(iv) *Military Department:* Navy (DE-P-AEJ)

(v) *Prior Related Cases, if any:* None

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None known at this time

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See Attached Annex

(viii) *Date Report Delivered to Congress:* January 8, 2026

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Denmark—AGM-114R Hellfire Missiles

The Government of Denmark has requested to buy up to one hundred (100) AGM-114R Hellfire missiles; three (3) AGM-114R Captive Air Test Missiles; six (6) Hellfire (Longbow) M299 Hellfire Launchers; two (2) MHU-191/M trailers; and three (3) BRU-14 bomb racks. The following non-MDE items will be included: containers, training aids, weapon software, training, support equipment, spare and repair parts, publications and technical documentation, and transportation; U.S. Government and contractor engineering, technical, and logistical support services; and other related elements of logistical and program support. The estimated total cost is \$45 million.

This proposed sale will support the foreign policy goals and national security objectives of the U.S. by improving the security of a NATO Ally that is a force for political stability and economic progress in Europe.

The proposed sale will improve Denmark's capability to meet current and future threats by ensuring aviation forces' interoperability with U.S. and other allied forces as well as their ability to contribute to missions of mutual interest by delivering follow-on support and sustainment. By operating the AGM-114R Hellfire missiles, Denmark contributes to global readiness and enhances the capability for the U.S. forces operating globally alongside them. Denmark will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Missile and Defense, Ocala, FL. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations.

Implementation of the proposed sale will not require the assignment of U.S. Government and contractor representatives to Denmark on a temporary basis in conjunction with program technical oversight and support requirements.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 25-101

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The Hellfire missile is a precision air-to-ground missile primarily used to target a variety of threats including tanks, armored vehicles, bunkers, and even other aircraft. The AGM-114R provides a semi-active laser guidance system and a multi-purpose warhead, allowing it to effectively engage a wide range of targets, including armored vehicles, fortified positions, and soft targets.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that Denmark can provide substantially

the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Denmark.

BILLING CODE 6001-FR-P

DEPARTMENT OF DEFENSE

Department of the Navy

[Docket ID: USN-2025-HQ-0137]

Submission for OMB Review; Comment Request

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by March 4, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Reginald Lucas, (571) 372-7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: USMC Dependency Statement Child Born Out of Wedlock Under Age 21, NAVMC 1750-13; OMB Control Number 0712-0010.

Type of Request: Extension.

Number of Respondents: 20.

Responses per Respondent: 1.

Annual Responses: 20.

Average Burden per Response: 75 minutes.

Annual Burden Hours: 25.

Needs and Uses: The United States Marine Corps (USMC) must collect information to properly adjudicate Basic Allowance for Housing (BAH) entitlements for cases where a service member claims as a dependent a child

born out of wedlock who does not reside in the service member's household. This collection uses NAVMC Form 1750/13, "USMC Dependency Statement Child Born Out of Wedlock Under Age 21," to provide a standardized method to document financial support and other case facts. To complete the collection, the service member and the child's non-service member guardian complete their respective sections of the form, which the guardian must then have notarized before submission.

The information is used by USMC Installation command representatives and the Marine and Family Programs Division (MFP-1) to make informed and legitimate dependency determinations, which is particularly critical in cases where the claim to BAH is questionable. This collection is mandated by the DoD Financial Management Regulation 7000.14-R, Vol. 7A, Ch. 26 and Marine Corps Order 1751.3. Without this collection, the USMC would lack the necessary documentation to validate dependency claims, potentially leading to incorrect BAH payments and an inability to fulfill its administrative responsibilities under DoD policy.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Required to Obtain or Retain Benefits.

DOD Clearance Officer: Mr. Reginald Lucas.

Dated: January 28, 2026.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
