

Services; a representative from the Food and Drug Administration; and any additional officers or employees of the Department of Health and Human Services as the Secretary determines necessary for the Council to effectively carry out its functions. Two-thirds of the appointed members will be selected from among the leading representatives of the health and scientific disciplines (including not less than two individuals who are leaders in the fields of public health and the behavioral or social sciences) relevant to the activities of the NCATS. One-third of the appointed members will be appointed by the Secretary from the general public and will include leaders in the fields of public policy, law, health policy, economics, and management.

List of all other Federal advisory committees of the agency. The National Institutes of Health has the following eight discretionary committees subject to renewal under 41 CFR 102–3.55(a), which address a broad spectrum of scientific activities:

- Advisory Committee to the Director, National Institutes of Health
- Clinical Center Research Hospital Board
- Fogarty International Center Advisory Board
- National Cancer Institute Clinical Trials and Translational Research Advisory Committee
- National Toxicology Program Board of Scientific Counselors
- National Toxicology Program Special Emphasis Panel
- Sickle Cell Disease Advisory Committee

Justification. The NCATSC is needed to review applications for grants and cooperative agreements for research and training and recommend approval of applications for projects which show promise of making valuable contributions to human knowledge. The NCATSC reviews any grant, contract, or cooperative agreement proposed to be made or entered into by the Center; may collect, by correspondence or by personal investigation, information as to studies which are being carried on in the United States or any other country as to the diseases, disorders, or other aspects of human health with respect to which the Center was established and, with the approval of the Director of NCATS, make available such information through appropriate publications for the benefit of public and private health entities, health professions personnel and scientists, and for the information of the general public. In fiscal year 2025 the Council reviewed 3,525 grant applications in the

amount of \$6,798,714,682. In addition, the Council reviewed 26 contract proposals in the amount of \$94,834,948.

Inquiries may be directed to Patricia Brandt Hansberger, Acting Director, Office of Federal Advisory Committee Policy, Office of the Director, National Institutes of Health, 6701 Democracy Boulevard, Suite 1000, Bethesda, Maryland 20892 (Mail code 4875), Telephone (301) 496–2123, or patricia.hansberger@nih.gov.

Dated: January 30, 2026.

David W. Freeman,

Supervisory Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; NCI Genomic Data Commons (GDC) Data Submission Request Form (National Cancer Institute)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide an opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received by April 6, 2026.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact Melissa Park, PRA Liaison, Office of Management Policy and Compliance, National Cancer Institute, 9609 Medical Center Drive, Room 2E196, Bethesda, MD 20892 or call non-toll-free number (240) 276–5717 or email your request, including your address to: melissa.park@nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the

public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: NCI Genomic Data Commons (GDC) Data Submission Request Form, 0925–0752, Expiration Date 04/30/2026, EXTENSION. National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The purpose of the NCI Genomic Data Commons (GDC) Data Submission Request Form is to continue to provide a vehicle for investigators to request the submission of their cancer genomic data into the GDC in support of data sharing. The purpose is also to provide a mechanism for the GDC Data Submission Review Committee to review and assess the data submission request for applicability to the GDC mission. The scope of the form involves obtaining information from investigators that: (1) would like to submit data about their study into the GDC, (2) are affiliated with studies that adhere to GDC data submission conditions. The benefits of the collection are that it provides the needed information for investigators to understand the types of studies and data that the GDC supports and that it provides a standard mechanism for the GDC to assess incoming data submission requests. The only change requested in this Extension is a reduction in the number of respondents from 200 to 100, resulting in a reduction in the total annual burden hours from 50 to 25. There are no other substantive changes to this submission other than the cost-of-living changes to the federal and labor costs.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 25 hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Category of respondent	Number of respondents	Number of responses per respondent	Average time per response (in hours)	Total annual burden hours
Individuals	100	1	15/60	25
Totals		100		25

Dated: January 30, 2026.

Melissa M. Park,

Project Clearance Liaison, National Cancer Institute, National Institutes of Health.

BILLING CODE 4140-01-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6271-N-07]

Final Determination: Adoption of Energy Efficiency Standards for New Construction of HUD- and USDA-Financed Housing; Additional Extension of HUD Compliance Dates

AGENCY: Department of Housing and Urban Development (HUD).

ACTION: Notice; extension of compliance dates.

SUMMARY: On April 26, 2024, HUD and the U.S. Department of Agriculture published the “Final Determination: Adoption of Energy Efficiency Standards for New Construction of HUD- and USDA-Financed Housing” Notice (Final Determination) in the **Federal Register**. The Final Determination provides compliance dates for HUD programs covered by the Final Determination. On March 10, 2025, HUD published a Notice of Extension of Compliance Dates in the **Federal Register** for covered projects in the following HUD programs: Federal Housing Administration-Insured (FHA-Insured) Multifamily, FHA-Insured Single Family, Public Housing Capital Fund, and Competitive Grants (Choice Neighborhoods, Section 202, Section 811) and Section 8 Project Based Vouchers (PBV). That notice was followed by a notice of an additional extension that was published in the **Federal Register** on November 10, 2025. This notice provides an additional extension of the compliance dates for these programs as specified below beyond the dates set forth in the November 10, 2025, notice.

DATES: Applicable February 3, 2026.

FOR FURTHER INFORMATION CONTACT:

Bryan Horne, Deputy Assistant Secretary, Office of Community Planning and Development, Department

of Housing and Urban Development, 451 7th Street SW, Room 7272, Washington, DC 20410, telephone number 202-402-4270 (this is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit: <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION:

I. Background

On April 26, 2024, HUD and the U.S. Department of Agriculture published the Final Determination (89 FR 33112), which adopted the 2021 edition of the International Energy Conservation Code (IECC) and the 2019 edition of ANSI/ASHRAE/IES Standard 90.1: Energy Standard for Buildings, Except Low-Rise Residential Buildings (ASHRAE 90.1) as the minimum energy standards for new construction of buildings in programs covered by section 109 of the Cranston-Gonzalez National Affordable Housing Act of 1990 (42 U.S.C. 12709), as amended by the Energy Independence and Security Act of 2007 (EISA) (Pub. L. 110-140).

In Section VI of the Final Determination, the Departments provided Table 32, which lists compliance dates for the updated energy efficiency standards, also available with further guidance for HUD programs at <https://www.hudexchange.info/programs/minimum-energy-standards/>.

On March 10, 2025, HUD published “Final Determination: Adoption of Energy Efficiency Standards for New Construction of HUD- and USDA-Financed Housing; Extension of HUD Compliance Dates” (90 FR 11622), which extended the compliance dates for the following HUD programs: Federal Housing Administration-Insured (FHA-Insured) Multifamily, FHA-Insured Single Family, Public Housing Capital Fund, and Competitive Grants (Choice Neighborhoods, Section 202, Section 811), and Section 8 Project Based Vouchers. As explained in the March 10 extension notice, HUD did not extend the compliance dates for HOME

and Housing Trust Fund because those dates had already passed.

On July 7, 2025, HUD and USDA published “Adoption of Energy Efficiency Standards for New Construction of HUD- and USDA-Financed Housing; Notice for Comment” (90 FR 29882), in which the agencies announced that they intend to review the analysis contained in the Final Determination and requested additional public comment to inform such review. The agencies received nearly 100 public comments in response to the notice. Subsequent to that notice, HUD published an additional extension of the compliance dates on November 10, 2025 (90 FR 50750).

II. Additional Delay of Compliance Dates

HUD is providing an additional delay of the HUD compliance dates that have not yet passed. The compliance dates for the following HUD programs are extended until December 31, 2026: Federal Housing Administration-Insured (FHA-Insured) Multifamily, FHA-Insured Single Family, Public Housing Capital Fund, and Section 8 Project Based Vouchers. The deadline for the Competitive Grants (Choice Neighborhoods, Section 202, Section 811) is extended until the publication of the respective program NOFOs for FY2026.

The additional delay provided by this notice will provide time for the agencies to fully consider the public comments received in response to the July 7 Notice for Comment. In this regard, the Department notes the request from a national building industry advocacy organization for an additional extension of the compliance dates. The additional delay for Section 8 Project Based Vouchers will allow time for HUD to solicit comment and develop and publish further guidance on compliance for Section 8 PBV.

As with the March 10 and November 10 extensions, HUD is not by this notice amending the compliance date for the HOME Investment Partnerships Program (HOME) and the Housing Trust Fund (HTF) Program, which has already passed. As stated on HUD Exchange, if HOME and HTF projects receive layered
