

to Rule 19b-4(f)(6)(iii),³¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the operative delay is appropriate because the proposed rule change: (1) does not change how the current MTP functionality on the Exchange works, (2) will allow additional Users to enable MTP pursuant to the revised definition of Unique Identifier on an earlier timeline, and (3) revises the definition of Unique Identifier to prevent transactions in securities where there is no change in beneficial ownership in instances that an existing Unique Identifier would not enable MTP modifier. The Commission believes that waiver of the operative delay would be consistent with the protection of investors and the public interest because this proposed rule change does not present any novel issues. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.³²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
