Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of the final results, in accordance with section 751(a)(2)(A) of the Act, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.¹⁶ If a respondent's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we intend to calculate importer-specific assessment rate for antidumping duties based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹⁷ Where the respondent did not report entered values, in accordance with 19 CFR 351.212(b)(1), Commerce will calculate importer/customer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer/customer by the total quantity of those sales.¹⁸ Commerce will calculate an estimated ad valorem importer/customer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported. Where an importer/customer-specific ad valorem assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.

If either the respondent's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to

liquidate the appropriate entries without regard to antidumping duties.¹⁹

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by TAK for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation (*i.e.*, 16.27 percent) if there is no rate for the intermediate company(ies) involved in the transaction.²⁰

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.²¹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recently-completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer is,

then the cash deposit rate will be the rate established in the completed segment for the most recently completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 16.27 percent, the all-others rate established in the LTFV investigation.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(h)(2) and 19 CFR 351.221(b)(4).

Dated: February 5, 2026.

amended final results pursuant to a settlement agreement with Jindal Poly Films Limited (Jindal) with respect to the final results of the administrative review of the countervailing duty (CVD) order on polyethylene terephthalate film, sheet, and strip (PET film) from India covering the period of review (POR) January 1, 2021, through December 31, 2021.

SUPPLEMENTARY INFORMATION:

Background

On January 29, 2024, Commerce published in the **Federal Register** the final results of the 2021 administrative review of the CVD order on PET film from India.¹ In the *Final Results*, Commerce calculated a total *ad valorem* subsidy rate of 116.96 percent for Jindal during the POR.²

Following the publication of the *Final Results*, Jindal filed a lawsuit with the U.S. Court of International Trade (CIT) challenging certain aspects of Commerce's *Final Results*, including: (1) Commerce's denial of its untimely extension request; (2) use of adverse facts available (AFA); and (3) selection of the AFA rate. On August 1, 2025, the CIT remanded Commerce's final results.³

On January 28, 2026, the United States and Jindal entered into an agreement to settle this dispute. Pursuant to the terms of settlement, the parties have agreed to a final assessment as discussed below. The CIT issued its order of judgement by stipulation on January 29, 2026.⁴

Assessment Rates

Consistent with the settlement agreement and January 29, 2026, order of judgement by stipulation, Commerce will instruct U.S. Customs and Border Protection (CBP) to liquidate all entries of PET film from India produced and exported by Jindal, and entered, or withdrawn from warehouse, for consumption in the United States during the POR equal to 10.51 percent

during the period January 1, 2021, through May 16, 2021, and 11.67 percent during the period May 17, 2021, through December 31, 2021.

In accordance with section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(2), Commerce has determined, and CBP shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with these revised results of review.

Cash Deposit Requirements

Because Jindal has a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review, we are not revising the cash deposit rate and will not issue revised cash deposit instructions to CBP.

Notification to Interested Parties

We are issuing this determination and publishing these amended final results in accordance with section 516(a)(e) of the Act.

Dated: February 5, 2026.

SUPPLEMENTARY INFORMATION:

Background

On July 16, 2025, Commerce published the *Preliminary Determination* in the **Federal Register** and invited interested parties to comment.¹ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³ Accordingly, the deadline for these final results is now February 4, 2026. For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.⁴

The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <http://access.trade.gov>.
