

Commerce did not receive a substantive response from any respondent interested party. On September 23, 2025, Commerce notified the ITC that it did not receive substantive response from any respondent interested parties.⁸ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce is conducting expedited (120-day) sunset reviews of the *Orders*.

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁹ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.¹⁰ Accordingly, the deadline for these final results are now February 5, 2026.

Scope of the Orders

The product covered by these *Orders* is PET film from Taiwan and India. For the full description of the scope of the *Orders*, see the Issues and Decisions Memorandum.¹¹

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Orders* and the magnitude of the margins likely to prevail if the *Orders* were to be revoked, is provided in the Issues and Decision Memorandum.¹² A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 8.99 percent for Taiwan and 24.10 percent for India.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: February 5, 2026.

Sodium Nitrite From India: Final Results of Antidumping Duty Administrative Review; 2022-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Deepak Nitrite Limited (Deepak) did not make sales of subject merchandise at less than normal value during the period of review (POR) from August 17, 2022, through January 31, 2024.

DATES: Applicable February 12, 2026.

SUPPLEMENTARY INFORMATION:

Background

On June 4, 2025, Commerce published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty (AD) order on sodium nitrite from India.¹ On July 18, 2025, Commerce issued a post-preliminary analysis in this administrative review and invited interested parties to comment.² On September 24, 2025, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the time period for issuing the final results of this review by an additional 60 days, until December 1, 2025.³

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁴ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized

Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁵ Accordingly, the deadline for these final results is now February 9, 2026.

For a complete description of the events that occurred since the *Preliminary Results* and Post-Preliminary Analysis, see the Issues and Decision Memorandum. A full discussion of the issues raised by parties for these final results are discussed in the Issues and Decision Memorandum.⁶ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

*Scope of the Order*⁷

The product covered by the scope of the *Order* is sodium nitrite from India. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached in the appendix to this notice.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain changes to Deepak’s weighted-average dumping margin calculations. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Administrative Review

We determine that the following estimated weighted-average dumping margin exists for the period August 17, 2022, through January 31, 2024:

Producer or exporter	Weighted-average dumping margin (percent)
Deepak Nitrite Limited	0.00

Disclosure

Commerce intends to disclose the calculations and analysis performed in connection with the final results of this administrative review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication date of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because the weighted-average dumping margin for Deepak is zero, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.⁸ For entries of subject merchandise during the POR produced by Deepak for which it did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation of 42.76 percent,⁹ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁰

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).¹¹

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be the rates established in these final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 42.76 percent, the all-others rate established in the LTFV investigation.¹² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping and/or countervailing duties has occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

BILLING CODE 3510-DS-P

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS**Limitation of Duty-Free Imports of Apparel Articles Assembled in Haiti Under the Caribbean Basin Economic Recovery Act**

AGENCY: The Committee for the Implementation of Textile Agreements.

ACTION: Notification of annual quantitative limit on imports of certain apparel from Haiti.

SUMMARY: The Caribbean Basin Economic Recovery Act, as amended, provides duty-free treatment for certain apparel articles imported directly from Haiti. One of the preferences is known as the "value-added" provision, which provides preferential tariff treatment for apparel that meets a minimum threshold percentage of value added in Haiti, certain other beneficiary and free trade agreement countries, and/or the United States. The provision is subject to a quantitative limitation, which is a percentage of total apparel imports into the United States for the previous 12-month period for which data are available. For the period from February 3, 2026 through December 19, 2026, the quantity of imports eligible for preferential treatment under the value-added provision is 267,063,493 square meters equivalent. This quantitative limitation was calculated by prorating imports on a monthly basis to account for the lapse in authorization for this treatment from December 20, 2025 to February 2, 2026.

DATES: The new limitation applies to imports entered on or after February 3, 2026.

FOR FURTHER INFORMATION CONTACT: Kayla Johnson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-2532.

SUPPLEMENTARY INFORMATION:

Background: Section 213A(b)(1)(B) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(B)), outlines the requirements for certain apparel articles imported directly from Haiti to qualify for duty-free treatment under a "value-added" provision. In order to qualify for duty-free treatment under this provision, apparel articles must be wholly assembled, or knit-to-shape, in Haiti from any combination of fabrics, fabric components, components knit-to-shape, and yarns, as long as the sum of the cost or value of materials produced in Haiti, one or more other beneficiary countries or parties to a free trade agreement with the United States, the United States, or any combination thereof, plus the direct costs of processing operations performed in Haiti or one or more beneficiary countries, or any combination thereof, is not less than an applicable percentage of the declared customs value of such apparel articles. Pursuant to CBERA, as amended, the applicable percentage for the period February 3, 2026 through December 19, 2026, is 60 percent. Proclamation 8114 provides that preferential treatment is limited to amounts published in the **Federal Register** by the Committee for the Implementation of Textile Agreements.

Duty-free treatment under the value-added provision is subject to a quantitative limitation. CBERA, as amended, provides that the quantitative limitation will be recalculated for each period after the initial applicable 1-year period. Section 213A(b)(1)(C) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(C)), requires that, for the period beginning on February 3, 2026, the quantitative limitation for qualifying apparel imported from Haiti under the value-added provision will be not more than 1.25 percent of the aggregate square meter equivalent of all apparel articles imported into the United States in the most recent 12-month period for which data are available. For the period beginning on February 3, 2026 and ending on December 19, 2026, CITA calculated the quantitative limitation by prorating imports on a monthly basis to account for the lapse in authorization of this treatment from December 20, 2025 to February 2, 2026. Per Section 5020(c) of the Consolidated Appropriations Act,

2026, qualifying apparel imported during the lapse in authorization (from December 20, 2025 to February 2, 2026) is eligible for such preferential treatment upon an appropriate request for liquidation or reliquidation to United States Customs and Border Protection. The aggregate square meters equivalent of all apparel articles imported into the United States is derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing ("ATC"), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC. For purposes of this notice, the most recent 12-month period for which data are available is the 12-month period ending on November 30, 2025.

Therefore, for the period beginning on February 3, 2026 and extending through December 19, 2026, the quantity of imports eligible for preferential treatment under the value-added provision is 267,063,493 square meters equivalent. Apparel articles entered in excess of these quantities will be subject to otherwise applicable tariffs.

Authority: Section 213A of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703a) (CBERA), Presidential Proc. No. 8114, 72 FR 13655 (March 22, 2007), and No. 8596, 75 FR 68153 (November 4, 2010).

Chairman, Committee for the Implementation of Textile Agreements.
