SUPPLEMENTARY INFORMATION: This is a new collection for the U.S. Small Business Administration's (SBA) Regional Innovation Cluster (RIC) Program. This data collection is an excel-based form to be completed by the administrators of SBA-funded RICs. The form enables SBA to track cluster membership, small businesses served, types of small business assistance, and small business outcomes.

Through the RIC Program, the SBA invests regional clusters—geographic concentrations of interconnected companies, specialized suppliers, academic institutions, service providers, and associated organizations with a specific industry focus—throughout the United States that span a variety of industries, ranging from energy and

manufacturing to advanced defense technologies. The standardized metrics collection enables SBA to rigorously track amount and type of small business support across individual RICs and review programmatic outcomes.
