

Name of Committee: Oncology 1—Basic Translational Integrated Review Group; Cancer Cell Biology Study Section.

Date: March 23–24, 2026.

Time: 9:30 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Alyssa Diane Gregory, Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (301) 480–4906, alyssa.gregory@nih.gov.

Name of Committee: Cell Biology Integrated Review Group; Maximizing Investigators’ Research Award—D Study Section.

Date: March 23–24, 2026.

Time: 10:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Anne Marie Strohecker, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (202) 924–4186, stroheckeram@csr.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.306, Comparative Medicine; 93.333, Clinical Research, 93.306, 93.333, 93.337, 93.393–93.396, 93.837–93.844, 93.846–93.878, 93.892, 93.893, National Institutes of Health, HHS)

Dated: February 13, 2026.

Margaret N. Vardanian,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Chimpanzee Research Use Form (Office of the Director)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide opportunity for public comment on proposed data collection projects, the Office of Laboratory Animal Welfare (OLAW), Office of the Director (OD), National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received by April 20, 2026.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Jane J. Na, Director, Division of Assurances, Office of Laboratory Animal Welfare, NIH, or call non-toll-free number (301) 496–7163 or email your request, including your address to: olawdoa@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the

agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: Chimpanzee Research Use Form, 0925–0705, exp., date 7/31/2026, EXTENSION, Office of Laboratory Animal Welfare (OLAW), Office of the Director (OD), National Institutes of Health (NIH).

Need and Use of Information Collection: The purpose of this form is to continue to obtain information needed by the NIH to assess whether the proposed research satisfies the agency’s policy for permitting only noninvasive research involving chimpanzees. The NIH will consider the information submitted through this form prior to the agency making funding decisions or otherwise allowing the research to begin. Completion of this form is a mandatory step toward continuing to receive NIH support or approval for noninvasive research involving chimpanzees. The NIH does not fund any research involving chimpanzees proposed in new or other competing projects (renewals or revisions) unless the research is consistent with the definition of “noninvasive research,” as described in the “Standards of Care for Chimpanzees Held in the Federally Supported Chimpanzee Sanctuary System” (42 CFR part 9). Also see NOT–OD–16–095 at <https://grants.nih.gov/grants/guide/notice-files/NOT-OD-16-095.html> and 81 FR 6873. OMB approval is requested for three years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 15.

ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hours
Chimpanzee Research Use Form	Research Community	30	1	30/60	15
Total	30	15

Dated: February 10, 2026.

Jon Lorsch,

Acting NIH Deputy Director for Extramural Research, National Institutes of Health.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2026-0041]

Streamlined (Vessel) Inspection Program (NVIC 02-99)—Request for Information

AGENCY: Coast Guard, DHS.

ACTION: Request for information.

SUMMARY: The Coast Guard seeks input from the public on improving its Streamlined Inspection Program (SIP), which is explained in Navigation and Vessel Inspection Circular (NVIC) 02-99. We seek information, ideas, and recommendations to ensure SIP implementation aligns with national security, economic prosperity, and workforce development objectives set forth in the Presidential Executive Order on Restoring America's Maritime Dominance. Finally, public input will aid in developing and improving the SIP as a tool for strengthening the domestic maritime industrial base, enhancing regulatory efficiency, and supporting the competitiveness of U.S.-flagged and U.S. built vessels.

DATES: Comments must be received by the Coast Guard on or before March 20, 2026.

ADDRESSES: You may submit comments identified by docket number USCG-2026-0041 at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the

SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email LCDR Vanessa R. Taylor, 571-608-0737, Coast Guard Office of Commercial Vessel Compliance; email Vanessa.R.Taylor@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Comments

We encourage you to submit comments or related material on the Streamlined Inspection Program (SIP) and NVIC (NAVIGATION AND VESSEL INSPECTION CIRCULAR) 02-99. The Coast Guard views public participation as essential to understanding how we

might improve the SIP in ways that support the revitalization of the U.S. maritime industrial base, and in ways that better align the SIP with national security and economic policy goals through reductions in regulatory burdens to enhance the competitiveness of U.S.-flagged vessels. If you submit comments, please include the docket number for this notice (USCG-2026-0041), indicate the specific section or question within this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments at <http://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG-2026-0041 in the search box and click "Search." Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

Viewing material in docket. To view documents mentioned in this notice as being available in the docket, find the docket as described in the previous paragraph, and then select "Supporting & Related Material" in the Document Type column. Public comments will be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

II. Purpose

The Coast Guard is issuing this request for information (RFI) in response to Executive Order 14269, 90 FR 15635 (April 15, 2025)—"Restoring America's Maritime Dominance." The Coast Guard will use the public comments received in response to this RFI to evaluate and improve the Streamlined Inspection Program (SIP) NVIC 02-99 as a tool for strengthening the domestic maritime industrial base, reducing regulatory burden, and supporting the competitiveness of U.S.-flagged and built vessels.

III. Background—SIP Focus

By statute, Congress has made various categories of U.S. flagged vessels subject

to inspection. These vessel categories are listed in 46 U.S.C. 3301. To carry out inspections, the Coast Guard has promulgated regulations in 46 CFR part 2. It has also issued regulations providing for "Vessel Inspection Alternatives" in 46 CFR part 8. Among these alternatives is the Streamlined Inspection Program (SIP), which is codified in subpart E of 46 CFR part 8 and explained in guidance titled NAVIGATION AND VESSEL INSPECTION CIRCULAR (NVIC) 2-99.

The SIP provides a voluntary alternative method for a company to comply with Coast Guard inspection requirements through company-developed inspection and maintenance programs. Instead of the traditional Coast Guard inspection by a marine inspector, the SIP allows a company (the owner of the vessel or any other organization or person, such as the manager or the bareboat charterer, who operates the vessel under the SIP) to conduct the majority of inspections required by law and to have the adequacy of these inspections verified by Coast Guard marine inspectors on a regular basis.

The SIP is intended to reduce regulatory burdens while raising the overall safety of a vessel by actively empowering the vessel's support personnel. The focus of this program is on the development, under Coast Guard supervision, of a process by which the inspection of the vessel is carried out by qualified company personnel with approved test procedures in a self-perpetuating, self-correcting format.

As the United States undertakes a comprehensive approach to rebuilding its maritime industrial base and workforce, the Coast Guard is evaluating the SIP's role in supporting these national objectives, through policy reform, workforce development, and incorporating existing management technologies and practices already employed by the maritime industry to fulfil regulatory requirements.

IV. Request for Information

The Coast Guard seeks comments and relevant information from the public and particularly from vessel owners, operators, companies, shipyards, members of the maritime workforce, workforce organizations, and other stakeholders that may be affected by, or have experience with the SIP, as described in NVIC 02-99.

Commenters should feel free to answer as many questions as they would like, but those comments which provide specific suggestions, include details, and explain the logic behind
