**SUPPLEMENTARY INFORMATION:**

**Title:** Generic Clearance for the Collection of Qualitative Feedback for Agency Service Delivery (OMB Control No. 3038–0107). This is a request for an extension of a currently approved information collection.

**Abstract:** Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, the Commodity Futures Trading Commission's Office of Customer Education and Outreach (OCEO) seeks to obtain OMB approval of a generic clearance to collect qualitative and quantitative feedback. By feedback we mean information that provides useful insights on perceptions and opinions but are not statistically significant surveys that yield results that can be generalized to the population of study.

This collection of information is necessary to enable the OCEO to garner customer and stakeholder feedback in an efficient and timely manner in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have effective, efficient, and satisfying experiences with OCEO programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the OCEO and its customers and stakeholders. It will also allow feedback

to contribute directly to the improvement of program management.

On December 18, 2025, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 90 FR 59093 (60-Day Notice) The Commission did not receive any relevant comments on the 60-Day Notice.

**Burden Statement:** This is a renewal request for a previous generic approval. No changes in requirements are anticipated. The respondent burden for this collection is estimated to be as follows:

**Estimated Number of Respondents Annually:** 14,400.

**Estimated Average Burden Hours per Respondent:** 2 hours.

**Estimated Total Annual Burden Hours:** 28,800 hours.

**Frequency of Collection:** Once per request.

There are no capital costs or operating and maintenance costs associated with this collection.

**SUPPLEMENTARY INFORMATION:** In March 2019, Acting Secretary of Defense Patrick Shanahan requested the DoD form a team of experts to “take a fresh look” at issues involving the sexual assault investigative and accountability process. The DoD established the Sexual Assault Accountability and Investigation Task Force (SAAITF) to identify, evaluate, and make recommendations to improve the investigation and accountability process. As part of this effort, the 2019 SAAITF report called for a “standardized survey of victim experiences, attitudes, and satisfaction.” The Sexual Violence Support and Experiences Study (SVSES) meets this requirement and will allow DoW’s Sexual Assault Prevention and Response Office, other Department policy offices, and the military Services to use the input of military members to inform improvements to the response system and to address challenges military members face during the military investigation and accountability process.

*Title; Associated Form; and OMB Number:* Sexual Violence Support and Experience Study; OMB Control Number 0704-0647.

*Type of Request:* Extension.

*Number of Respondents:* 300.

*Responses per Respondent:* 4.

*Annual Responses:* 1,200.

*Average Burden per Response:* 15 minutes.

*Annual Burden Hours:* 300.

*Needs and Uses:* Information from the SVSES will be used by the OUSD(P&R) policy offices, and the Military Departments to inform improvements to personnel policies, programs, practices, and training related to sexual assault response and accountability systems in the military. It will provide the policy offices of the OUSD(P&R) with current data on (1) Service member satisfaction with sexual assault support resources; (2) the impact that the military support and military justice processes have on Service members who indicate experiencing sexual assault during military service (e.g., their psychological health and well-being); and (3) aspects of the military support and military justice process that relate to retention intention, career progression, and separation from military service.

Any Service member (Active, Reserve, or National Guard) who has experienced

unwanted sexual contact or sexual assault since joining the military will be eligible to participate in the study.

Recruitment for the SVSES will include proactive outreach to Service members who previously filed an unrestricted report for sexual assault and Service members who requested to learn more about the study. The Office of People Analytics (OPA) will administer the SVSES via the web. The survey will be administered via proprietary software developed by OPA’s operations contractor. To reduce respondent burden, these online surveys will use “smart skip” technology to ensure respondents only answer questions that are applicable to them.

Information from the SVSES will be used by OUSD(P&R) policy offices, and the Military Departments for program evaluation and to inform improvements to personnel policies, programs, practices, and training related to sexual assault in the military. The study will not produce generalizable statistics or findings; rather, it will inform policy and program offices within the Department about Service member satisfaction with sexual assault response resources and processes and the sexual assault accountability system. OPA will provide interim reports regarding the findings of the study to OUSD(P&R) policy offices on an annual basis and a full report on a biennial basis. Data from the SVSES will also be used in future analyses.

*Affected Public:* Individuals and households.

*Frequency:* Quarterly.

*DoD Clearance Officer:* Mr. Reginald Lucas.

Dated: February 23, 2026.
