SUPPLEMENTARY INFORMATION:

Background

On June 18, 2025, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review and invited interested parties to comment.¹ On September 18, 2025, we extended the time limits for these final results to November 17, 2025.² Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ On January 14, 2026, Commerce extended the time limits for these final results to February 17, 2026.⁵ On February 10, 2026, Commerce again extended the time period for issuing the final results of this review by 7 days.⁶ Accordingly, the deadline for these final results is now February 23, 2026.

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁷ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. Analysis of Comments Received

All issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum. The topics discussed and the issues raised by parties to which we responded in the Issues and Decision Memorandum are listed in the appendix to this notice.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁹ In these final results, Commerce relied, in part, on facts otherwise available, with an adverse inference (AFA), pursuant to sections 776(a) and (b) of the Act. For a complete description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on our analysis of comments from interested parties, we made no changes to the net countervailable subsidy rate of Tejawat Organic Foods (Tejawat). However, for these final results, we have revised the total AFA rate applied to Ecopure Specialities Limited's (Ecopure). For a complete description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum and Ecopure's AFA Memorandum.¹⁰
