

Congress on December 16, 1974, as part of the Safe Drinking Water Act of 1974, Public Law 93–523, 42 U.S.C. 300j–5, and is operated in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. 10. The Council consists of 15 members, including the chairperson, all of whom are appointed by the EPA Administrator. Five members are from the general public; five are from appropriate state and local agencies concerned with water hygiene and public water supply; and five are from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply, of which two such members shall be associated with small, rural public water systems. The current list of members is available on EPA’s NDWAC website at <https://www.epa.gov/ndwac> under “NDWAC roster.”

The Council will meet once each year and may hold additional meetings during the year. Meetings are typically one to two days and may be in-person or virtual. Members also may be asked to participate in ad hoc working groups to develop policy recommendations, advice letters, and reports that address specific program issues for the Council’s consideration.

Member Nominations: Any interested person or organization may nominate qualified individuals to be considered for appointment to the NDWAC. Interested individuals may self-nominate.

All nominations will be fully considered and nominees should be aware of the specific membership requirements of the SDWA: five members from the general public; five members from state and local agencies concerned with water hygiene and public water supply; and five members from representatives of private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply, of which two such members shall be associated with small, rural public water systems. The Council currently has vacancies in all of these categories. EPA may also consider nominations received through this solicitation to fill additional or anticipated vacancies in all categories through the end of 2026. Additional criteria used to evaluate nominees may include:

- Demonstrated experience with drinking water issues at the national, state, or local level;
- Demonstrated ability to work constructively on committees and/or in consensus-building processes;

- Availability and willingness to serve a three-year term as an active and contributing member; and

- Background and experience that would help members contribute to breadth and depth of necessary expertise on the Council (*e.g.*, geographic, economic, educational backgrounds, professional affiliations, and other considerations).

Nominations must include (1) a resume or curriculum vitae, (2) a brief statement (one page or less) describing the nominee’s interest in serving on the Council and addressing the criteria previously described, and (3) a short biography describing the qualifications of the nominee. Nominations should include the nominee’s name, current business address or other mailing address, email address, and daytime telephone number. The DFO will use the email address provided for the nominee to acknowledge receipt of the nomination. If an email address is not available, the nomination should identify the nominee’s preferred alternative means of contact. EPA may use other sources, in addition to this **Federal Register** announcement, in the solicitation of nominees. To help EPA evaluate the effectiveness of its outreach efforts, please include information on how you learned of this opportunity.

NDWAC members may receive travel and per diem allowances, where appropriate, and in accordance with Federal Travel Regulations. The members also may receive compensation, where appropriate, for time spent during travel and while attending meetings. All NDWAC members serve as Special Government Employees (SGEs). Candidates invited to serve on the NDWAC will be asked to submit the “Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees” (EPA Form 3110–48). This confidential form provides information to EPA’s ethics officials, to determine whether there is a statutory conflict between a person’s public responsibilities as an SGE member and private interests and activities, or the appearance of a loss of impartiality, as defined by Federal laws and regulations. The form may be viewed at the link under “Ethics requirements” on EPA’s NDWAC website at <https://www.epa.gov/ndwac>. This form should not be submitted as part of a nomination.

Thank you for your interest in submitting a nomination for

consideration to be part of the National Drinking Water Advisory Council.

Director, Office of Ground Water and Drinking Water.
