DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response Compensation and Liability Act

On March 6, 2026, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Middle District of Pennsylvania in the lawsuit entitled *United States of America and the Commonwealth of Pennsylvania v. Rutgers Organics LLC*, Civil Action No. 4:26-cv-00560-MWB.

The lawsuit was initiated by a complaint filed by the United States and the Commonwealth of Pennsylvania (the "Trustees") in their capacity as the legally designated trustees for natural resources in Pennsylvania. The complaint alleged, inter alia, that the Defendant was liable for damages for injury to, destruction of, or loss of natural resources resulting from the release of hazardous substances at and from the Centre County Kepone Site (the "Site") in College Township, Centre County, Pennsylvania, pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980 and the Pennsylvania Hazardous Site Cleanup Act.

The Consent Decree resolves the claims of the Trustees against the Defendant for a total payment of \$795,263. Of this amount, \$618,060 will be paid into the United States' Natural Resource Damages Assessment and Restoration Fund managed by the U.S. Department of the Interior, which will reimburse the Department's natural resource damages assessment activities and fund projects aimed at restoring the injured natural resources at the Site. The remaining \$177,203 will be paid to

the Commonwealth of Pennsylvania to reimburse the Commonwealth's natural resource damages assessment costs. In addition, under Commonwealth oversight the Defendant will construct a parking lot and a trail to facilitate public fishing access in Spring Creek at a location near the Site, and it will ensure the recordation of a conservation easement on property adjoining Spring Creek to facilitate water quality restoration efforts. In return for these payments and restoration activities, the United States and the Commonwealth will confer on the Defendant covenants not to sue for natural resource damages known or reasonably ascertainable as of the date of lodging of the Consent Decree.

In accordance with CERCLA, the Trustees have also written a draft Restoration Plan that described proposed alternatives for restoring the natural resources and natural resource services injured by the release of hazardous substances from the Site. The restoration alternatives evaluated in the Restoration Plan are (1) No Action/Natural Recovery; (2) Conservation Easement and Angler Access at NRDAR Property; (3) Future Repair and Maintenance of Existing In-Stream Structures along NRDAR Property; (4) Additional Land Conservation In Spring Creek Watershed; and (5) Additional Restoration Projects within Spring Creek Watershed.

The publication of this notice opens a period for public comment on the proposed Consent Decree and the draft Restoration Plan.

Comments on the proposed Consent Decree should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America and the Commonwealth of Pennsylvania v. Rutgers Organics LLC*, D.J. Ref. No. 90-11-3-1436/4. All comments must be submitted no later than thirty (30) days after the publication date of this notice. SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Abstract: The Annual Surveys of Probation and Parole collect data through the Annual Survey of Parole (CJ-7) sent to 52 agencies, the Annual Survey of Probation (CJ-8) sent to 229 central reporting agencies and those supervising at least one person on felony probation, and the Annual Survey of Probation-Misdemeanor Supervision (CJ-8M) sent to about 548 agencies supervising people on misdemeanor probation only. The Annual Parole Survey and Annual Probation surveys have been used since 1977 to collect annual yearend counts and yearly movements of community corrections populations; characteristics of the community supervision population, such as gender, racial composition, ethnicity, conviction status, offense, and supervision status.

The Bureau of Justice Statistics uses this information in published reports and for practitioners, researchers, students, the media, and others interested in criminal justice statistics.

Overview of This Information Collection

1. *Type of Information Collection:* Reinstatement, without changes, of a previously approved collection for which approval has expired.

2. *The Title of the Form/Collection:* Annual Probation Survey and Annual Parole Survey.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The Annual Surveys of Probation and Parole (ASPP) contain three forms: CJ-7: Annual Parole Survey CJ-8: Annual Probation Survey and CJ-8M: Annual Probation Survey (Misdemeanant Supervision Only). The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs. The Bureau of Justice Statistics (BJS) requests clearance to conduct the Annual Surveys of Probation and Parole (ASPP) for a three-year period.

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Affected Public Respondents will include state departments of corrections or state probation and parole authorities, and city and county courts and probation offices for which a central reporting authority does not exist. For the CJ-7 form, the affected public consists of 52 respondents including 50 central reporters, the District of Columbia, and one additional state reporter responsible for keeping records of adult on parole supervision. For the CJ-8 form, the affected public includes 229 reporters including central state respondents, the District of Columbia, and local authorities responsible for keeping records on individuals on probation supervision. For the CJ-8M form, the affected public includes 548 reporters who are all local authorities responsible for keeping records on individuals on probation supervision for a misdemeanor. These reporters indicated they do not supervise any individual on probation for a felony offense and will answer a short survey on population totals.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS estimates approximately 829 community correctional agencies will complete the ASPP forms CJ-7, CJ-8, or CJ-8M. The estimated time for each respondent is 140 minutes for the CJ-7, 165 minutes for the CJ-8 and 30 minutes for the CJ-8M total including contact verification, survey completion, and data quality follow-up. The burden estimate is based on the paradata BJS
