

would enhance competition among market participants, to the benefit of investors and the marketplace. The Exchange thus believes that the proposed change does not impose a burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*Intramarket Competition.* The Exchange also believes that the proposed change would not place any undue burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act as EAFE options and EM options would continue to be equally available to all market participants who wish to trade such options. The Exchange rules applicable to the listing and trading of options will apply in the same manner to the listing and trading of EAFE options and EM options. Also, and as noted above, the Exchange already lists and trades index options.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>35</sup> and Rule 19b-4(f)(6) thereunder.<sup>36</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>37</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>38</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>39</sup> normally does not

become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>40</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the Exchange may list and facilitate continuity in the trading of EAFE options and EM options, which currently trade on CBOE, without delay once they cease to trade on CBOE. The Exchange states that waiver of the operative delay would be consistent with the protection of investors and the public interest because the proposed rule change is based on the approved rules of CBOE and would facilitate the listing and trading of products that have long been traded on CBOE. For these reasons, and because the proposed rule change does not raise any new or novel regulatory issues, the Commission finds that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.<sup>41</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings under Section 19(b)(2)(B)<sup>42</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

The Exchange has satisfied this requirement.

<sup>39</sup> 17 CFR 240.19b-4(f)(6).

Management and Budget (“OMB”) for extension and approval.

Form N-CSR (17 CFR 249.331 and 274.128) is a combined reporting form used by registered management investment companies (“funds”) to file certified shareholder reports under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) (“Investment Company Act”) and the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). Specifically, Form N-CSR is to be used for reports under section 30(b)(2) of the Investment Company Act (15 U.S.C. 80a-29(b)(2)) and section 13(a) or 15(d) of the

Exchange Act (15 U.S.C. 78m(a) and 78o(d)), filed pursuant to rule 30b2-1(a) under the Investment Company Act (17 CFR 270.30b2-1(a)). Reports on Form N-CSR are to be filed with the Securities and Exchange Commission (“Commission”) no later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under rule 30e-1 under the Investment Company Act (17 CFR 270.30e-1). The information filed with the Commission permits the verification of compliance with securities law requirements and

assures the public availability and dissemination of the information.

The current total annual burden hour inventory for Form N-CSR is 228,037 hours. The hour burden estimates for preparing and filing reports on Form N-CSR are based on the Commission’s experience with the contents of the form. The number of burden hours may vary depending on, among other things, the complexity of the filing and whether preparation of the reports is performed by internal staff or outside counsel.

The Commission’s new estimate of burden hours that will be imposed by Form N-CSR is as follows:

TABLE 1—SUMMARY OF REVISED BURDEN HOURS FOR REPORTS ON FORM N-CSR

ICR estimated time burden and its cost equivalent							
Information collections (ICs)	Requirement type	Number of respondents	Frequency of response (number of responses per respondent per time period)	Time per response (hours)	Equivalent cost per response (per hour)	Total annual time burden (hours)	Total annual cost burden equivalent (\$)
Form N-CSR .....	Reporting .....	13,052	2 Responses per Year ...	7.75	\$580	202,306	\$15,140,320
Total ICs: 1 .....	.....	.....	.....	.....	ICR Total:	202,306	15,140,320

In total, the Commission estimates it will take 202,306 burden hours per year for all funds to prepare and file reports on Form N-CSR. Commission staff estimates that the annual cost of outside services associated with Form N-CSR is approximately \$580 per fund and the total annual external cost burden for Form N-CSR is \$15,140,320.

Estimates of average burden hours and costs are made solely for purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the information collection requirements of Form N-CSR is mandatory. Responses to the collection of information will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

*Written comments are invited on:* (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC’s estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of

information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to [PaperworkReductionAct@sec.gov](mailto:PaperworkReductionAct@sec.gov) by May 12, 2026. There will be a second opportunity to comment on this SEC request following the **Federal Register** publishing a 30-Day Submission Notice.
