

FOR FURTHER INFORMATION CONTACT:

Bryan Cole, 301–233–2998, bryan.cole@noaa.gov.

SUPPLEMENTARY INFORMATION: On August 7, 2025, NOAA received an amended application from AMR for a license to conduct seabed mining exploration activities within the seabed area beyond national jurisdiction generally known as the Clarion-Clipperton Zone. NOAA also received an amended application from SeaX on August 10, 2025. AMR and SeaX are both subsidiaries of American Metal Resources Inc. NOAA has determined that these applications are fully compliant with the applicable information requirements of the Act and its implementing regulations. Under DSHMRA, NOAA shall publish notice of all license applications and, subject to applicable public disclosure limitations, interested persons are afforded the opportunity to examine the relevant application materials and to submit written and oral comments to NOAA. NOAA has determined that the AMR and SeaX applications and their associated supplementary documents are the relevant materials for examination during the notice of application. 30 U.S.C. 1426(a)(1). These applications and supplementary documents are electronically available at the locations listed in the **ADDRESSES** section. Please note that the statements made in the applications and supplementary documents do not necessarily reflect the views of NOAA or the views of the U.S. Government. The applications also contain maps and coordinates of proposed exploration areas, portions of which may conflict with areas over which an earlier-in-time applicant has priority of right. NOAA has determined that AMR and SeaX only have priority of right for issuance of licenses in areas that do not conflict with an earlier-in-time applicant.

(Authority: 30 U.S.C. 1426(a)(1).)

Neil A. Jacobs,

*Under Secretary of Commerce for Oceans and Atmosphere and NOAA Administrator
National Oceanic and Atmospheric Administration.*

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648–XF582]

Fisheries of the South Atlantic, Gulf and Caribbean; Southeast Data, Assessment, and Review; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce (NOAA).

ACTION: Notice of Pre-Data Workshop webinar.

SUMMARY: The Southeast Data Assessment and Review (SEDAR) 101 assessment process will consist of a Data Workshop, an internal agency led assessment stage, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 101 Pre-Data Workshop Webinar will be held from 2 p.m. until 4 p.m. EDT April 9, 2026.

ADDRESSES:

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405. www.sedarweb.org.

Meeting address: The SEDAR101 Pre-Data Workshop Webinar will be held via webinar. The webinar is open to members of the public. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

FOR FURTHER INFORMATION CONTACT:

Emily Ott, SEDAR Coordinator; (843) 302–8434. Email: Emily.Ott@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process, a multi-step method for determining the status of fish stocks in the Southeast Region SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. The process may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. The product of the Data stage is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment stage is a report which compiles and evaluates recommended model configurations that

describes the fisheries, evaluates the status of the stock, estimates biological benchmarks and projects future population conditions. The product of the Review Workshop is a Review Summary documenting panel opinions regarding the strengths and weaknesses of the products reviewed. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations; International experts; and staff of Councils, Commissions, and state and Federal agencies.

The items of discussion in the Pre-Data Workshop Webinar are as follows:

The Panel will discuss preliminary data analysis, make recommendations, and provide guidance for the in-person data workshop. Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 19, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
