

rule to implement the PCTC Program (88 FR 53704). The PCTC Program allocates total allowable catch of Pacific cod to trawl catcher vessels and processors in the Bering Sea and Aleutian Islands Management Area (BSAI). Participants in the PCTC Program must form a cooperative and associate with a processor. The PCTC Program includes a process for calculating and administering cost recovery fees under 50 CFR 679.135. The annual PCTC Program cost recovery process builds on other existing cost recovery requirements implemented under other programs. The fee liability is based on the ex-vessel value of fish harvested in the PCTC Program. Each year, NMFS publishes a notice announcing the fee percentage in the **Federal Register**. The Regional Administrator sends invoices to cooperatives before July 31.

Each PCTC Program cooperative is responsible for payment of the cost recovery fee assessed on Pacific cod landed under the PCTC Program. Each cooperative must submit any cost recovery fee liability payment(s) no later than August 31. The total dollar amount of the fee due is determined by multiplying the NMFS published fee percentage by the annual ex-vessel value of Cooperative Quota (CQ) landings under the PCTC Program, as described in this notice.

Failure to pay cost recovery fee liabilities by August 31 will result in NMFS disapproval of a cooperative's application to transfer CQ or issue a CQ permit the following year until full payment of the fee liability is received by NMFS. NMFS will not issue a CQ permit until NMFS receives a complete application for CQ issuance and confirmation of the full payment of any cost recovery fee liability.

#### Standard Price

For purposes of calculating cost recovery fees, NMFS uses a standard ex-vessel price (standard price) for Pacific cod. A standard price is determined using information on landings purchased (volume) and ex-vessel value paid (value). NMFS annually receives information used to calculate the Pacific cod standard price in the existing BSAI Pacific cod Ex-vessel Volume and Value Report, which is submitted in early November of each year. NMFS uses this existing data source to calculate standard prices and thus determine the annual PCTC Program fishery value, which, along with the direct program costs, is used to calculate the annual PCTC Program cost recovery fee percentage. The standard prices are described in U.S. dollars per pound for

landings made during the previous year. NMFS published the standard price of \$0.25 per pound for Pacific cod for 2025 in the **Federal Register** on November 29, 2024 (89 FR 94710).

Each landing made under the PCTC Program is multiplied by the standard price to arrive at an ex-vessel value for each landing. These values are summed together to arrive at the ex-vessel value of Pacific cod (*i.e.*, fishery value).

#### Fee Percentage

Annually, NMFS calculates the total costs directly related to the management, data collection, and enforcement of the program (direct program costs). NMFS captures direct PCTC program costs through an established accounting system that allows NMFS staff to track labor, travel, contracts, rent, and procurement costs. For 2025, the direct program costs for the PCTC Program were tracked from July 1, 2024, to June 30, 2025. A more detailed explanation will be provided in the annual Cost Recovery Report, which will be published in April of 2026.

NMFS then calculates the applicable fee percentage according to the factors and methods described at § 679.135 for the PCTC Program. NMFS used the standard price of \$0.25 to calculate the fee percentage applied to landings made in 2025. NMFS determined the fee percentage that applies to landings made in the A and B seasons, which extend from January 20 to June 10, 2025, by dividing the direct program costs by the value of the catch subject to the cost recovery fee.

Using the fee percentage formula described generally above, the estimated percentage of direct program costs to fishery value for the 2025 calendar year is 3.56 percent for the PCTC Program; however, the fee percentage must not exceed 3 percent pursuant to section 304(d)(2)(B) of the Magnuson-Stevens Act. Therefore, the 2025 fee percentage is set at 3 percent. For 2025, NMFS applied the fee percentage to each PCTC landing that was debited from a CQ allocation between January 20 and June 10 to calculate the fee liability for each cooperative. A PCTC Program cooperative's 2025 fee payments must be submitted to NMFS on or before August 31, 2025. Payment must be made in accordance with the payment methods set forth in § 679.135(a)(3).

The 2025 fee percentage of 3 percent is higher than the 2024 fee percentage of 1.92 percent. Net fishery management costs for 2025 increased by 1.02 percent when compared to 2024 and total fishery value decreased by 54.89 percent, resulting in a capped fee percentage.

## U.S. INTERNATIONAL DEVELOPMENT FINANCE CORPORATION

[DFC-020]

### Submission for OMB Review; Comments Request

**AGENCY:** U.S. International Development Finance Corporation (DFC).

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is creating a new information collection for OMB review and approval and requests public review and comment on the submission. The agencies received no comments in response to the sixty (60) day notice. The purpose of this notice is to allow an additional thirty (30) days for public comments to be submitted. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

**DATES:** Comments must be received by May 11, 2026.

**ADDRESSES:** Comments and requests for copies of the subject information collection may be sent by any of the following methods:

- *Mail:* Carla Cooper, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- *Email:* [fedreg@dfc.gov](mailto:fedreg@dfc.gov).

*Instructions:* All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

**FOR FURTHER INFORMATION CONTACT:** Agency Submitting Officer: Carla Cooper, (202) 926-7241.

**SUPPLEMENTARY INFORMATION:** The agency received no comments in response to the sixty (60) day notice published in **Federal Register** volume 91 page 4907 on February 3, 2026. Upon publication of this notice, DFC will submit to OMB a request for approval of the following information collection.

#### Summary Form Under Review

*Title of Collection:* Request for SAM Assistance.

*Type of Review:* New information collection.

*Agency Form Number:* DFC-020.

*OMB Form Number:* Not assigned, new information collection. 3015-XXXX.

*Frequency:* Once per investor per project.

*Affected Public:* Business or other for-profit; not-for-profit institution; individuals.

*Total Estimated Number of Annual Number of Respondents:* 100.

*Estimated Time per Respondent:* 1.0 hours.

*Total Estimated Number of Annual Burden Hours:* 100 hours.

*Abstract:* DFC will use the Request for SAM Assistance form to help potential investors obtain an active *SAM.gov* registration so that they can conduct business with DFC. The collection is limited to information necessary for assistance with registration.

**Lisa Wischkaemper,**

*Administrative Counsel, Office of the General Counsel.*

## DEPARTMENT OF DEFENSE

### Office of the Secretary

[Docket ID: DOD-2026-OS-0661]

#### Privacy Act of 1974; System of Records

**AGENCY:** Office of Inspector General (OIG), Department of Defense (DoD).

**ACTION:** Notice of a modified system of records.

**SUMMARY:** In accordance with the Privacy Act of 1974, the DoD is modifying and reissuing a current system of records notice titled "Case Reporting and Information Management System Records," CIG-04. The system of records is being retitled, "Inspector General Criminal Investigation Records (IGCIR)." This system of records was originally established by the DoD OIG to collect and maintain records on individuals suspected of criminal

misconduct and investigated pursuant to the Inspector General Act. This system of records is being combined with CIG-06, "Investigative Files," to consolidate criminal investigative records and investigative files into a single system. A separate notice rescinding CIG-06 is being published elsewhere in today's issue of the **Federal Register**. This system of records notice (SORN) is being updated to incorporate the DoD standard routine uses and to support additional information sharing outside of the DoD in furtherance of external oversight, case management, and required reporting. The DoD is also modifying various other sections within the SORN to add exemptions, improve clarity, and update information that has changed. Additionally, the DoD is issuing a Notice of Proposed Rulemaking (NPRM), which proposes to exempt this system of records from certain provisions of the Privacy Act, elsewhere in today's issue of the **Federal Register**.

**DATES:** This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before May 11, 2026. The Routine Uses are effective at the close of the comment period, unless comments have been received from interested members of the public that require modification and republication of the notice.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

\* *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

\* *Mail:* Department of Defense, Office of the Director of Administration and Management, Privacy, Civil Liberties, and Transparency Directorate, Regulatory Division, 4800 Mark Center Drive, Attn: Mailbox #24, Suite 05F16, Alexandria, VA 22350-1700.

*Instructions:* All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** Ms. Anna Rivera, Government Information Specialist, FOIA, Privacy and Civil Liberties Office, Department of Defense, Office of Inspector General, 4800 Mark Center Drive, Alexandria, VA 22350-

1500; [privacy@dodig.mil](mailto:privacy@dodig.mil); (703) 699-5680.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Inspector General Criminal Investigation Records (IGCIR) system of records is used by the DoD OIG to carry out its responsibilities pursuant to the Inspector General Act of 1978, as amended. The DoD OIG is statutorily authorized to investigate matters relating to DoD programs and operations; to detect and deter fraud, waste, and abuse; and to help ensure ethical conduct throughout the DoD. Specifically, the CIG-04 system of records, which is now consolidated with the CIG-06 system of records, contains records of DoD OIG mission activities such as records related to criminal investigations, crime prevention, criminal intelligence activities, and the criminal investigative process. These records include case management notes and evidence tracking. The system also provides users with the capability to record allegations and requests for assistance. Through the system, DoD OIG compiles statistical information on the data stored, provides responsive and accurate information regarding the status of ongoing cases, and provides a record of complaint disposition, actions taken, and notifications to interested parties. Subject to public comment, the DoD is updating this SORN to add the standard DoD routine uses (routine uses A through J) and to allow for additional disclosures outside DoD related to the purpose of this system of records. The DoD also proposes to claim exemptions for the system pursuant to subsection (k) of the Privacy Act. Additionally, the following sections of this SORN are being modified to include retitling the system name. The DoD OIG also restructured and updated the purpose of the system, categories of individuals, and categories of records in the system, to reflect consolidation with the CIG-06 system of records. In line with these modifications, changes have been made to the system location; system manager; authority for maintenance of the system; record source categories; policies and practices for storage, retrieval, and disposal of records; administrative, technical, and physical safeguards; and records access, contesting record, and notification procedures.

The DoD is issuing a NPRM to exempt this system of records from certain provisions of the Privacy Act, elsewhere in today's issue of the **Federal Register**. This rulemaking will seek public
