Justification: The Emergency Medical Services for Children (EMSC) program funds demonstration projects to expand and improve emergency medical services for children who need treatment for trauma or critical care. The purpose of this program is to support activities that demonstrate expansion and improvement in the delivery of high-quality emergency services for all children throughout our nation by: (1) Providing independent, comprehensive research support for large multi-center randomized clinical trials and other types of clinical research conducted by and associated with the Pediatric Emergency Care Applied Research Network; (2) Enhancing and collecting performance measure data that align with the combined efforts of the EMSC State Partnership and the EMSC Innovation and Improvement Center to expand and improve EMSC in states/ jurisdictions; and (3) Collaborating with national partners to coordinate and support nationally representative data collection efforts to assess the expansion of prehospital and hospital pediatric readiness initiatives. The EDC was established in 2017 through a 4-year cooperative agreement. HRSA’s Maternal and Child Health Bureau re-competed the program in 2022 for another 4 years. The current budget period ends on June 30, 2026. Renewal of this cooperative agreement will allow EDC to continue to assess pediatric readiness nationally during this upcoming extension period in both prehospital EMS and hospital emergency departments through the collection of data. HRSA will award \$1,600,000 to the existing EDC Program award recipient to continue operations as outlined in HRSA–22–087 Notice of Funding Opportunity.

Substance Abuse and Mental Health Services Administration Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, email the SAMHSA Reports Clearance Officer at samhsapra@samhsa.hhs.gov.

Project: SAMHSA Unified Performance Reporting Tool (SUPRT)—Project (P)—(OMB No. 0930–NEW)

The Substance Abuse and Mental Health Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. SAMHSA is seeking approval for the new SAMHSA Unified Performance Reporting Tool (SUPRT)—Project (P). The tool will replace the Center for Mental Health Services’ (CMHS) Infrastructure Development, Prevention, and Mental Health Promotion (IPP) Indicators (included in #0930–0285) and will serve as a single tool to collect grant-level aggregate data on target goals and actual performance from CMHS, Center for Substance Abuse Treatment (CSAT), Center for Substance Abuse Prevention (CSAP), and 988 & Behavioral Health Crisis Coordinating Office (988) grant recipients. This notice informs the public of SAMHSA’s intent to develop and implement a new streamlined performance tool that will allow SAMHSA to continue to meet reporting requirements mandated by the Government Performance Results Modernization Act (GPRMA) of 2010, reduce grantee reporting burden, and is projected to enhance the accuracy of the

collected performance data from CMHS, CSAT, CSAP, and 988 grantees.

SAMHSA will use the data collected through SUPRT–P for annual reporting required by GPRMA, grantee monitoring, and continuous improvement of its discretionary grant programs. The SUPRT–P will also align with and strengthen SAMHSA’s complementary evaluation activities of its discretionary grant programs providing client services. The information collected through this process will allow SAMHSA to (1) monitor and report on implementation and overall performance of the associated grant programs; (2) advance SAMHSA’s proposed performance goals; and (3) assess the accountability and performance of its discretionary grant programs, focused on efforts that promote mental health, prevent substance use, and provide treatments and supports to foster recovery.

The new SUPRT–P reflects diverse feedback SAMHSA obtained through multiple listening sessions conducted with key stakeholders, in addition to extensive deliberations conducted by different working groups within SAMHSA. Accordingly, SUPRT–P retains some prior questions, adds new questions, and deletes other questions from the IPP indicators and client-level performance reporting tools currently in use. The SUPRT–P will reduce client reporting burden and is projected to enhance the accuracy of the collected performance data from CMHS, CSAT, CSAP, and 988 grantees by streamlining questions; incorporating questions for mental health, substance use treatment and prevention, and 988 indicators in one tool; and including indicators to assess the accountability and performance of its discretionary grants. The SUPRT–P will track data associated with the following:

- Total Served and Demographics
- Awarene
- Outreach
- Prevention Activities and Education
- Screening, Assessment, and Testing
- Referral

- Access and Linkage to Care or Treatment
- Brief Intervention and Services
- Behavioral Health Crisis
- Training and Workforce Development
- Individual Outcomes

- Stakeholder Engagement
- Partnership/Collaboration
- Infrastructure Development, Prevention and Mental Health Promotion

- Quarterly Narratives: Progress Report Overview Updates

The chart below summarizes the annualized burden for this project.

SAMHSA tool	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden	Hourly wage cost	Total cost
SUPRT-P	2,831	4	11,324	10	113,240	¹ \$25.82	\$2,923,856.8

¹ The hourly wage estimate is \$25.82 based on the Occupational Employment and Wages, Mean Hourly Wage rate for Substance Abuse, Behavioral Disorder, and Mental Health Counselors (<https://www.bls.gov>).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR part 1320, all information collections require approval under the PRA. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comments addressing the following:

1. Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

2. The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

3. Ways to enhance the quality, utility, and clarity of the information to be collected; and

4. How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The authority of the Service to regulate non-Federal oil and gas operations on National Wildlife Refuge System (NWRS) lands is broadly derived from the Property Clause of the U.S. Constitution (art. IV, Sec. 3), in carrying out the statutory mandates of the Secretary of the Interior, as delegated to the Service, to manage Federal lands and resources under the National Wildlife Refuge System Administration Act (NWRSA; 16 U.S.C. 668dd *et seq.*), as amended by the National Wildlife Refuge System Improvement Act (NWRRIA), and to specifically manage species within the NWRS under the provisions of numerous statutes, the most notable of which are the Migratory Bird Treaty Act (MBTA; 16 U.S.C. 703 *et seq.*), the Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*), and the Fish and Wildlife Act of 1956 (FWA; 16 U.S.C. 742f).
