Meeting Accessibility: In accordance with 5 U.S.C. 1009(d) and 41 CFR 102–3.155, DoW has determined that this STIB meeting will be closed to the public. Specifically, the Under Secretary of War for Research and Engineering, in consultation with the DoW Office of General Counsel, has determined in writing that the meeting will be closed to the public because discussions fall under the purview of 5 U.S.C. 552b(c)(1). The determination is based on the consideration that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the

public would preclude discussion of such matters and would greatly diminish the ultimate utility of the STIB's findings and recommendations to the Secretary of War and to the Under Secretary of War for Research and Engineering.

Written Statements: In accordance with 5 U.S.C. 1009(a)(3) and 41 CFR 102–3.140(c) and 102–3.150(6) interested persons may submit a written statement for consideration by the STIB at any time, subject to such reasonable rules or regulations as the Administrator may prescribe. Individuals submitting a written statement must submit their statement to the STIB DFO at the email address provided above in the **FOR FURTHER INFORMATION CONTACT** section. If a written statement for consideration at a meeting is not received at least three days prior to the meeting, which is the subject of this notice, then it may not be provided to, or considered by, the STIB until a later date. Please note that all submitted comments and statements will be treated as public documents and will be made available for public inspection.
