

directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on June 9, 2026. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP26-162-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or⁶

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference

the Project docket number CP26-162-000.

To file via USPS: Debbie-Anne A. Reese, Secretary Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other method: Debbie-Anne A. Reese, Secretary Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Arthur Diestel, Director, Regulatory, Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas 77251-1642, by phone at (713) 627-5116, or by email (with a link to the document) at arthur.diestel@enbridge.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502-6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

(Authority: 18 CFR 2.1)

Dated: April 10, 2026.

Debbie-Anne A. Reese,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-13238-02-OAR]

Allocations of Cross-State Air Pollution Rule Allowances From New Unit Set-Asides for 2025 Control Periods

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability.

SUMMARY: The U.S Environmental Protection Agency (EPA) is providing notice of the availability of data on emission allowance allocations to certain units under the Cross-State Air Pollution Rule (CSAPR) trading programs. The EPA has completed final calculations for the allocations of allowances from the new unit set-asides (NUSAs) for the 2025 control periods and posted spreadsheets with these calculations on the Agency's website. The EPA has also completed final calculations for the allocations of allowances of the remaining 2025 NUSA allowances to existing units and posted spreadsheets with these calculations on the Agency's website.

DATES: April 15, 2026.

FOR FURTHER INFORMATION CONTACT: For information about this notice, contact Morgan Riedel at telephone number: (202) 564-0421 or email address: riedel.morgan@epa.gov.

SUPPLEMENTARY INFORMATION:

Preamble acronyms and abbreviations. Throughout this document the use of "we," "us," or "our" refers to the EPA. The EPA uses multiple acronyms and terms in this preamble. While this list may not be exhaustive, to ease the reading of this preamble and for reference purposes, the EPA defines the following terms and acronyms here:

CFR Code of Federal Regulations
CSAPR Cross-State Air Pollution Rule
EPA Environmental Protection Agency
FR Federal Register
NODA notice of data availability
NO_x nitrogen oxides
NUSA new unit set-asides
SO₂ sulfur dioxide

Background and Rationale. When the EPA is responsible for determining emission allowance allocations in a CSAPR trading program, a NUSA reserves a portion of each state's emissions budget, during each control period of the program, for allocation to certain units that would not otherwise receive allowance allocations. In addition, under most of the trading programs, there is a separate Indian country NUSA for states containing Indian country within their borders. The

⁶ Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

CSAPR trading program regulations set forth procedures for identifying eligible units during each control period and for allocating allowances from the NUSAs and Indian country NUSAs to these units.^{1 2} Each NUSA allowance allocation process involves allocations to eligible units, termed “new” units, followed by allocations to “existing” units of any remaining allowances.

This notice concerns the EPA’s final calculations for the NUSA allowance allocations for the 2025 control periods. Generally, under the allocation procedures, each eligible new unit receives a 2025 NUSA allocation equal to its 2025 control period emissions as reported under 40 CFR part 75. If the total of such allocations to all eligible units exceeds the amount of allowances in the NUSA, the EPA reduces the allocations on a pro-rata basis. The EPA does not consider a unit’s emissions that occur before its monitor certification deadline as occurring during a control period and thus does not include these emissions for determining NUSA allocations.³ After allocating allowances to eligible new units in a state (or Indian country), the EPA allocates remaining allowances to the state’s existing units in proportion to those units’ previous allocations from the portion of the state’s emissions budget for the control period that was not reserved in a NUSA (or Indian country NUSA).

On March 2, 2026, the EPA published a notice of data availability (NODA) in the **Federal Register** announcing the preliminary NUSA allowance allocations for the 2025 control periods and explaining how to submit objections.⁴ The EPA received no objections to the March 2, 2026, NODA. This NODA provides the final NUSA allowance allocations. The EPA made

¹ See 40 CFR 97.411(b) and 97.412 (Nitrogen Oxide (NO_x) Annual), 97.511(b) and 97.512 (NO_x Ozone Season Group 1), 97.611(b) and 97.612 (Sulfur Dioxide (SO₂) Group 1), 97.711(b) and 97.712 (SO₂ Group 2), and 97.811(b) and 97.812 (NO_x Ozone Season Group 2, including units using Original Group 2 allowances and units using Expanded Group 2 allowances).

² The EPA has no plans to determine NUSA allowance allocations for the 2025 control period under the CSAPR NO_x Ozone Season Group 3 Trading Program regulations at 40 CFR 97.1012. In response to judicial stay orders, the EPA has administratively stayed the implementation of that program for all sources for the 2024 control period. This program implementation will remain stayed for future control periods unless and until provided otherwise in a future rulemaking. See 88 **Federal Register** (FR) 49295 (July 31, 2023); 88 FR 67102 (September 29, 2023); 89 FR 87960 (November 6, 2024).

³ See 40 CFR 97.406(c)(3), 97.506(c)(3), 97.606(c)(3), 97.706(c)(3), and 97.806(c)(3).

⁴ 91 FR 10090 (March 2, 2026).

no changes between the preliminary and final 2025 NUSA sheets.

The EPA sets forth detailed, unit-by-unit data and final allowance allocation calculations for new units in Excel spreadsheets titled “CSAPR_NUSA_2025_NO_x_Annual_Final_Data_New_Units,” “CSAPR_NUSA_2025_NO_x_OS_Final_Data_New_Units,” and “CSAPR_NUSA_2025_SO₂_Final_Data_New_Units,” which are available online at <https://www.epa.gov/csapr/csapr-allowance-allocations#nusa>. Each spreadsheet contains a separate worksheet for every state covered by that program and shows, for each unit identified as eligible for a NUSA allocation, (1) the unit’s emissions in the 2025 control period (annual or ozone season, as applicable), (2) the maximum 2025 NUSA allowance allocation for the unit (typically the unit’s emissions in the 2025 control period), (3) various adjustments to the unit’s maximum allocation if the NUSA pool is oversubscribed, and (4) the final calculation of the unit’s 2025 NUSA allowance allocation.

Each state worksheet for new units also contains a summary showing (1) the quantity of allowances initially available in that state’s 2025 NUSA, (2) the sum of the 2025 NUSA allowance allocations to new units in that state, assuming that there are no corrections to the data, and (3) the quantity of allowances that would remain in the 2025 NUSA for allocation to existing units, assuming that there are no corrections to the data.

The EPA sets forth final calculations of allocations of the remaining unallocated allowances to existing units in Excel spreadsheets titled “CSAPR_NUSA_2025_NO_x_Annual_Final_Data_Existing_Units,” “CSAPR_NUSA_2025_NO_x_OS_Final_Data_Existing_Units,” and “CSAPR_NUSA_2025_SO₂_Final_Data_Existing_Units,” which are available at the same online location.

The EPA notes that an allocated allowance, or lack thereof, to a given unit under a CSAPR trading program does not constitute a determination that the trading program does or does not apply to the unit. The EPA also notes that, under 40 CFR 97.411(c), 97.511(c), 97.611(c), 97.711(c), and 97.811(c), allocations are subject to potential correction if a unit with allocated allowances for a given control period is not an affected unit as of the start of that control period.

(Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), and 97.811(b).)

David Cozzie,

Acting Director, Industrial Processing and Power Division, Office of Clean Air Programs, Office of Air and Radiation.

BILLING CODE 6560–50–P

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of filing of the following agreements under the Shipping Act of 1984. Interested parties may submit comments, relevant information, or documents regarding the agreements to the Secretary by email at Secretary@fmc.gov, or by mail, Federal Maritime Commission, 800 North Capitol Street, Washington, DC 20573. Comments will be most helpful to the Commission if received within 12 days of the date this notice appears in the **Federal Register**, and the Commission requests that comments be submitted within 7 days on agreements that request expedited review. Copies of agreements are available through the Commission’s website (www.fmc.gov) or by contacting the Office of General Counsel at (202)-523-5740 or GeneralCounsel@fmc.gov.

Agreement No.: 012312–005.

Agreement Name: Grimaldi Euromed S.p.A./Mitsui O.S.K. Lines Ltd.

Parties: Grimaldi Euromed S.p.A./Mitsui O.S.K. Lines Ltd.

Filing Party: Rebecca Fenneman, Jeffrey/Fenneman Law and Strategy PLLC.

Synopsis: The Amendment removes Nissan Motor Car Carrier Co., Ltd. as a party and makes conforming changes. The Amendment also updates the address of Mitsui O.S.K. Lines, Ltd.

Proposed Effective Date: 4/9/2026.

Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/183>.

Agreement No.: 012437–002.

Agreement Name: MOL/WWOCEAN Space Charter Agreement.

Parties: Mitsui O.S.K. Lines Ltd.; and Wallenius Wilhelmsen Ocean AS.

Filing Party: Rebecca Fenneman, Jeffrey/Fenneman Law and Strategy PLLC.

Synopsis: The Amendment removes Nissan Motor Car Carrier Co., Ltd. as a party and makes conforming revisions.

Proposed Effective Date: 4/9/2026.

Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/1905>.

Agreement No.: 012453–002.
