

Notices

Federal Register

Vol. 91, No. 74

Friday, April 17, 2026

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Flathead National Forest; Montana; Mid-Swan Landscape Restoration & Wildland Urban Interface Fuels Project; Withdrawal

AGENCY: Forest Service, Agriculture.

ACTION: Notice; withdrawal.

SUMMARY: The Flathead National Forest is withdrawing its notice of intent to prepare an Environmental Impact Statement (EIS), along with the resulting draft EIS, final EIS and draft Record of Decision (ROD) for the Mid-Swan Landscape Restoration and Wildland Urban Interface Fuels Project.

DATES: As of April 17, 2026, the notice of intent to prepare an EIS that was published in the **Federal Register** on October 23, 2018 (83 FR 53443), is withdrawn.

FOR FURTHER INFORMATION CONTACT: Questions concerning this notice should be directed to District Ranger, Sarah Canepa via mail at 200 Ranger Station Road, Bigfork, MT 59911; or by

telephone at (406) 837-7500; or via email at sarah.canepa@usda.gov.

Individuals who use telecommunication devices for the hearing-impaired may call 711 to reach the Telecommunications Relay Service, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION: A notice of intent was published in the **Federal Register** on October 23, 2018, 83 FR 53443-53444; a notice of availability (NOA) for the draft EIS on August 28, 2020, 85 FR 53366. The final EIS was published in the **Federal Register** on September 10, 2021, 86 FR 50713-50714. The Flathead National Forest's decision to withdraw the EIS and draft ROD in its entirety is based on the results of recent field work concerning resource conditions.

John W. Crockett,
Deputy Chief State, Private, and Tribal Forestry, National Forest System.

BILLING CODE 3411-15-P

CIVIL RIGHTS COLD CASE RECORDS REVIEW BOARD

[Agency Docket Number: CRCCRRB-2026-0010-N]

Notice of Formal Determination on Records Release

AGENCY: Civil Rights Cold Case Records Review Board.

ACTION: Notice.

SUMMARY: The Civil Rights Cold Case Records Review Board received 4,808 pages of records from the National Archives and Records Administration (NARA) related to three civil rights cold case incidents to which the Review Board assigned the unique identifiers 2024-003-019, 2024-003-057, and 2024-004-018. NARA proposed 44 postponements including postponements of sealed federal grand jury information in the records. On April 3 and 10, 2026, the Review Board approved 10 postponements and a portion of 1 additional postponement, and determined that 4,802 pages in full and 6 pages in part should be publicly disclosed in the Civil Rights Cold Case Records Collection. The Review Board will not request that the Attorney General petition the relevant court to unseal the federal grand jury information in these records at this time though it may choose to do so in the future. By issuing this notice, the Review Board complies with the Civil Rights Cold Case Records Collection Act of 2018 that requires the Review Board to publish in the **Federal Register** its determinations on the disclosure or postponement of records in the Collection no more than 14 days after the date of its decision.

FOR FURTHER INFORMATION CONTACT: Stephannie Oriabure, Chief of Staff, Civil Rights Cold Case Records Review Board, 1800 F Street NW, Washington, DC 20405, (771) 221-0014, info@coldcaserecords.gov.

SUPPLEMENTARY INFORMATION:

Incident identifier	Postponement identifier	Review board decision
2024-003-019	2024-NARA-03-1206 and 2024-NARA-03-1207	Approve.
2024-003-019	2024-NARA-03-1208 through 2024-NARA-03-1210	Reject.
2024-003-019	2024-NARA-03-1211 and 2024-NARA-03-1212	Approve.
2024-003-019	2024-NARA-03-1213 through 2024-NARA-03-1215	Reject.
2024-003-019	2024-NARA-03-1216	Approve.
2024-003-057	2025-NARA-03-0349 through 2025-NARA-03-0351	Reject.
2024-004-018	2025-NARA-04-0031 through 2025-NARA-04-0047	Reject.
2024-004-018	2025-NARA-04-0048	Approve with changes.
2024-004-018	2025-NARA-04-0049 through 2025-NARA-04-0051	Reject.
2024-004-018	2025-NARA-04-0052 through 2025-NARA-04-0056	Approve.
2024-004-018	2025-NARA-04-0057 through 2025-NARA-04-0060	Reject.

Authority: Pub. L. 115–426, 132 Stat. 5489 (44 U.S.C. 2107).

Dated: April 15, 2026.

Stephannie Oriabure,

Chief of Staff.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B–40–2026]

Foreign-Trade Zone (FTZ) 80, Notification of Proposed Production Activity; StandardAero, San Antonio; (Refurbished Engines); San Antonio, Texas

StandardAero, San Antonio submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in San Antonio, Texas within FTZ 80. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on March 26, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: turbojets, aircraft turbines—small fan engines not exceeding 25kn of thrust; turbojets, aircraft turbines—large fan engines exceeding 25kn of thrust; turbopropellers, aircraft turbines—of a power not exceeding 1,100 kW; and, turbopropellers, aircraft turbines—of a power exceeding 1,100 kW (duty-free).

The proposed foreign-status materials/components include: accumulators; adaptors; gearbox adaptors; acoustic attenuators; turbine air baffles; gearshaft baffles; rubber baffles; bearing balls; cylindrical roller bearings; spherical bearings; bell cranks; turbo-fan blade fans; insulation blankets; compressor rotor blisks; block assemblies; block modules; base metal flat-mounting blocks; turbofan blocks; aluminum bolts; base metal bolts; accumulators; nickel bolts; steel bolts; steel threaded bolts; terminal box assemblies; junction boxes; aircraft base metal bracket mountings; base metal brackets; rubber brackets; steel brackets; turbofan braids; nickel braids; plastic

braids; breathers; turbofan bushes; alloy steel threaded bushes; gear box bushings; bearing bushings; steel non-threaded bushings; rubber oil seal bushings; plastic bushings; rubber bushings; steel bushings; cables; turbofan cable assemblies; stainless steel cables; plastic closure caps; turbofan fuel caps; plastic caps; steel caps; steel threaded caps; turbofan carriers; assembly valves cases; turbofan cases; turbofan casings; chain assemblies; electrical clamps; aluminum clamps; plastic fitting clamps; plastic clamps; steel clamps; turbofan clips; aluminum collars; steel collars; steel threaded collars; turbofan collars; assembly combustion cases; turbofan cones; turbofan connectors; aluminum connectors; electrical connectors; rubber connectors; steel connectors; contact sockets; electrical contacts; turbofan contacts; turbofan control units; turbofan coolers; turbofan cords; nickel couplings; gearbox couplings; non-alloy steel couplings; protective covers; plastic transportation cover; steel transportation cover; aluminum covers; turbofan covers; valve covers; steel cup-springs; turbofan dampers; turbofan deflectors; turbofan diffuser; rotor discs; turbofan distributors; gearbox distributors; turbofan dowels; turbofan ducts; turbofan elbow guides; turbofan fairings; turbofan fillers; two layers of metal gaskets; steel gears; gearboxes; gear shafts; generators; turbofan governors; plastic grommets; plastic switch guards; steel guides; base metal gutters; turbofan hoses; check valve housings; gearbox housings; pump housings; turbofan housings; valve housings; glass indicators; insert elastomers; steel non-threaded inserts; magnesium inserts; nickel inserts; steel threaded inserts; turbofan inserts; igniter box leads, turbofan leads; turbofan liners; rubber links; turbofan links; turbofan locks; loom assemblies; loom switch resistors; turbofan lugs; turbofan manifolds; steel nails; steel nipples; rubber nipples; pump nozzles; turbofan nozzles; steel nuts; nickel nuts; rubber o-rings; turbofan preformed packing; turbofan assembly pads; turbofan panels; insulation patches; steel cotter pins; nickel pins; steel pins; rubber pins;; turbofan pipes; turbofan plate assemblies; base metal plates; pump plates; retaining plates; steel plates; fan platforms; electrical plugs; turbofan plugs; igniter plugs; steel plugs; plastic plugs; plastic closure plugs; pump plugs; steel plugs; threaded steel plugs; turbofan probes; centrifugal pumps; oil fuel pumps; turbofan ram air controls; stainless steel reducers; turbofan reducing unions; oil reservoirs;

fixed resistors; variable resistors; retainers; roller bearing retainers; turbofan retainers; plastic retaining rings; stainless steel retaining-floating nut; turbofan ring; gearbox ring; steel ring; turbofan rivet; nickel rivet; steel rivet; turbofan rod; bearing housing rod; bearing rollers; aircraft generator rotors; turbofan screens; plastic screws; steel threaded screws; shaft seals; turbofan seals; plastic seal rings; rubber seal rings; electrical seals; nickel seals; steel seals; turbofan seats; turbofan segments; electrical sensors; pressure sensors; fuel pump shafts; turbofan shafts; rotor shafts; turbofan sheaths; turbofan shields; turbofan shims; turbofan shrouds; base metal sign plates; gear sleeves; plastic sleeves; steel sleeves; turbofan sleeves; electrical sockets; gear spacers; steel non-threaded spacers; rubber spacers; steel spacers; steel threaded spacers; turbofan spacers; turbofan spinners; helical springs; nickel springs; steel springs; turbofan springs; valves starters; generator stators; steel strainers; turbofan strainers; steel straps; turbofan straps; glass strips; nickel strips; rubber strips; turbofan strips; steel studs; base metal supports; bearing supports; gear supports; turbofan supports; electrical switch assemblies; electrical switches; isolating switches; turbofan switches; nickel tags; rubberized non-knitted tapes; synthetic tapes; isolating terminals; electrical terminals; turbofan thermocouples; electrical transducers; temperature-oil transmitters; turbofan transmitters; base metal tubes; non-threaded stainless steel tubes; steel tubes; threaded stainless steel tubes; turbofan tubes; retaining tubes; turbofan turnbuckles; relief valves; steel valves; turbofan vanes; nickel washers; steel non-threaded washers; plastic washers; rubber washers; steel washers; titanium washers; balance weights; turbofan wires; and, wiring harnesses (duty rate ranges from duty-free to 15%).

The request indicates that certain materials/components are subject to duties under section 122 of the Trade Act of 1974 (Section 122) or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 122 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is May 27, 2026.

A copy of the notification will be available for public inspection in the
