[Project No. 2550-030]

#### Wiscons8, LLC; Notice of Intent To Prepare an Environmental Assessment

On November 29, 2024, Wiscons8, LLC filed an application to relicense the 210-kilowatt Weyauwega Hydroelectric Project No. 2550. The project is located on the Waupaca River in the City of Weyauwega in Waupaca County, Wisconsin.

In accordance with the Commission's regulations, on January 15, 2026, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an

environmental assessment (EA) on the application to relicense the project.<sup>1</sup>

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202)502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA.	December 28, 2026.

Any questions regarding this notice may be directed to Arash Barsari by telephone at (202) 502-6207 or by email at [Arash.JalaliBarsari@ferc.gov](mailto:Arash.JalaliBarsari@ferc.gov).
