

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1276
(Enforcement/Modification)]

Certain Light-Based Physiological Measurement Devices and Components Thereof; Notice of a Commission Determination Not To Review a Combined Recommended Determination on Modification and Enforcement Initial Determination; Termination of Proceeding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined not to review a combined recommended determination on modification and enforcement initial determination (“EID”) of the presiding administrative law judge (“ALJ”), finding that the accused redesigned products do not infringe the asserted patents, and therefore, they should not be excluded pursuant to the terms of the limited exclusion order.

FOR FURTHER INFORMATION CONTACT: Ronald A. Traud, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-3427. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted the underlying investigation in August 2021, based on an amended and supplemented complaint filed by complainants Masimo Corporation (“Masimo”) and Cercacor Laboratories, Inc. (together with Masimo, “Complainants”). 86 FR 46275-76 (Aug. 18, 2021). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain light-based physiological measurement devices and

components thereof by reason of infringement of certain claims of U.S. Patent No. 10,912,502 (“the ’502 patent”), U.S. Patent 10,945,648 (“the ’648 patent,” and together with the ’502 patent, “Asserted Patents”), U.S. Patent No. 10,912,501, U.S. Patent No. 10,687,745, and U.S. Patent No. 7,761,127. *Id.* The Complaint further alleged that an industry in the United States exists and/or is in the process of being established. *Id.* The notice of investigation named Apple Inc. of Cupertino, California (“Apple”) as the sole respondent. *Id.* at 46276. The Commission’s Office of Unfair Import Investigations (“OUII”) did not participate in the underlying investigation. *See id.*

In January 2023, the ALJ issued the final initial determination on violation (“FID”), which found that Apple violated section 337 as to only claims 24 and 30 of the ’648 patent. In May 2023, the Commission determined to review the FID in part. *See* 88 FR 3224-44 (May 19, 2023).

In October 2023, the Commission issued its final determination in the underlying investigation, finding Apple in violation of section 337 as to claims 22 and 28 of the ’502 patent and claims 12, 24, and 30 of the ’648 patent. 88 FR 75032-33 (Nov. 1, 2023). To remedy Apple’s violation, the Commission issued both a limited exclusion order (“LEO”) and a cease and desist order (together with the LEO, “Remedial Orders”). *Id.*

On September 9, 2025, Masimo filed a petition with the Commission pursuant to Commission Rule 210.76 requesting clarification of, or in the alternative, a modification proceeding to modify, the Remedial Orders.

On November 18, 2025, the Commission instituted this combined modification and enforcement proceeding to determine whether Apple’s second redesigned products infringe the Asserted Patents. 90 FR 51791-92 (Dec. 2, 2025). OUII did not participate in this proceeding. *See id.*

On March 18, 2026, the ALJ issued the EID, which ultimately concluded that the accused redesigned products did not infringe the asserted claims of the Asserted Patents. On March 25, 2026, Masimo and Apple each filed a petition for Commission review of the EID. On March 30, 2026, the parties each filed responses to the respective petitions.

The Commission has determined not to review the EID. This combined proceeding is hereby terminated in its entirety with the conclusion that the accused redesigned products do not infringe the Asserted Patents, and

therefore, they should not be excluded pursuant to the terms of the LEO.

The Commission vote for this determination took place on April 17, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: April 17, 2026.

Supervisory Attorney.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1751 (Final)]

Steel Concrete Reinforcing Bar From Algeria; Determination

On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of steel concrete reinforcing bar (“rebar”) from Algeria, provided for in subheadings 7213.10.00, 7214.20.00, and 7228.30.80 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).²

Background

The Commission instituted this investigation effective June 4, 2025, following receipt of a petition filed with the Commission and Commerce by Rebar Trade Action Coalition, Washington, DC. The Commission scheduled the final phase of the investigation following notification of a preliminary determination by Commerce that imports of rebar from Algeria were being sold at LTFV within the meaning of § 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

² 91 FR 11035 (March 6, 2026).

Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 30, 2025 (90 FR 61166). The Commission conducted its hearing on March 3, 2026. All persons who requested the opportunity were permitted to participate.

The Commission made this determination pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on April 17, 2026. The views of the Commission are contained in USITC Publication 5725 (April 2026), entitled *Steel Concrete Reinforcing Bar from Algeria: Investigation No. 731-TA-1751 (Final)*.

By order of the Commission.

Issued: April 17, 2026.

DEPARTMENT OF JUSTICE

Notice of Proposed Settlement Agreement Under the Comprehensive Environmental Response, Compensation, and Liability Act

On April 15, 2026, a proposed Settlement Agreement between the United States, on behalf of the Environmental Protection Agency (“EPA”), and Congoleum Corporation, n/k/a CC Oldco Corporation (“Old Congoleum”), Liberty Mutual Insurance Company (“Liberty Mutual”), and the Liquidation Trust for Old Congoleum (“Liquidating Trust”) was filed in the United States Bankruptcy Court for the District of New Jersey in the Chapter 11 case captioned, *In re: Congoleum Corporation*, Case No.: 20-18488 (MBK) (Dkt. No. 827-1).

On July 13, 2020, Old Congoleum filed a voluntary petition for relief under Chapter 11 of the Bankruptcy Code. Two proofs of claim were filed in the Chapter 11 case on behalf of the EPA asserting that Old Congoleum is responsible pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”) for costs incurred and to be incurred by the United States relating to the releases and threats of releases of hazardous substances at or in connection with: (1) the Henderson Road Superfund Site in Upper Merion Township, Montgomery County, Pennsylvania (“Henderson Road Site”); and (2) the Spectron, Inc. Superfund Site, in Cecil County, Maryland (“Spectron Site”). The proposed Settlement Agreement grants the United States an allowed claim of \$423,169.50 for the Henderson Road Site, and an allowed claim of \$26,154.91 for the Spectron Site. The allowed claims shall be paid in full by Liberty Mutual. In exchange for this payment, the United States covenants not to sue Old Congoleum or the Liquidation Trust for claims relating to the Henderson Site or the Spectron Site pursuant to Section 106 or 107 of CERCLA, 42 U.S.C. 9606 or 9607, and the United States agrees not to seek from Liberty Mutual any insurance proceeds under certain policies for environmental claims

relating to the Henderson Site or the Spectron Site.

The publication of this notice opens a period for public comment on the proposed Settlement Agreement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *In re: Congoleum Corporation*, D.J. Ref. No.: 90-11-3-12407.
