SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0770.

Title: Alternative Pilot Physical Examination and Education Requirements (BasicMed).

Form Numbers: FAA form 8700-2.

Type of Review: Renewal.

Background: The FAA will use this information to determine that individual pilots have met the requirements of section 2307 of Public Law 114-190. It is important for the FAA to know this information as the vast majority of pilots conducting operations described in section 2307 of Public Law 114-190 must either hold a valid medical certificate or be conducting operations using the requirements of section 2307 as an alternative to holding a medical certificate.

The FAA published a final rule, Alternative Pilot Physical Examination and Education Requirements, to implement the provisions of section 2307, on January 11, 2017.

Respondents: Approximately 50,000 individuals.

Frequency: Course: Once every two years; medical exam: once every four years.

Estimated Average Burden per Response: 21 minutes.

Estimated Total Annual Burden: 17,500 hours.

Issued in Washington, DC, on April 16, 2026.

Eugene H. McClure, III,

Manager, General Aviation and Commercial Division, Office of Safety Standards, Flight Standards Service.
