**Abstract:** Section 8(e) of the Toxic Substances Control Act (TSCA) states, "any person who manufactures, [imports] processes, or distributes in commerce a chemical substance or mixture and who obtains information which reasonably supports the conclusion that such substance or mixture presents a substantial risk of injury to health or the environment shall immediately inform the [EPA] Administrator of such information unless such person has actual knowledge that the Administrator has been adequately informed of such information." (15 U.S.C. 2607(e)).

EPA receives and screens TSCA section 8(e) submissions covering a large number of chemical substances and mixtures on a wide range of chemical toxicity/exposure information. Although EPA's receipt of TSCA section 8(e) information does not necessarily trigger immediate regulatory action under TSCA or other authorities administered by EPA, all section 8(e) submissions receive screening level evaluations by EPA's Office of Pollution Prevention and Toxics (OPPT) to identify priorities for further Agency action and appropriate referrals to other programs.

EPA is offering an electronic reporting option for use both by those who are required to submit a notification of substantial risk under section 8(e) and

by those who wish voluntarily to submit "For Your Information" (FYI) notices by registering and submitting information electronically using the Agency's Central Data Exchange (CDX).

TSCA section 8(e) data on newly discovered chemical hazards/risks are available via EPA's ChemView website (<https://chemview.epa.gov/chemview>).

*Form Number:* 9600-030.

*Respondents/affected entities:* Entities potentially affected by this ICR include North American Industrial Classification System (NAICS) Codes 325—Chemicals and Allied Products Manufacturers and 32411—Petroleum and Coal Products Manufacturing.

*Respondent's obligation to respond:* Mandatory, as per 15 U.S.C. 2607(e).

*Estimated number of respondents:* 40 (total).

*Frequency of response:* On occasion.

*Total estimated burden:* 27,883 hours (per year). Burden is defined at 5 CFR 1320.03(b).

*Total estimated cost:* \$2,829,844 (per year), which includes \$138.75 annualized capital or operation & maintenance costs.

*Changes in the Estimates:* There is an increase in industry reporting burden of 10,248 hours in the total estimated respondent burden compared with the ICR currently approved by OMB (from 17,635 to 27,883 hours). This reflects an overall increase in the number of Section 8(e) submissions, which increased from 343 to 552. This change is an adjustment.
