SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on January 9, 2026 at 91 FR 1001.

A. Overview of Information Collection

Title of Information Collection: Data Collection for the HUD's Secretary Award.

OMB Approval Number: 2528-0324.

Type of Request: Revision of a currently approved collection.

Form Number: HUD Secretary's Award form number—pending.

Description of the need for the information and proposed use: The U.S. Department of Housing and Urban Development (HUD) seeks to collect information that will be used to implement the HUD Secretary's Awards program. On an annual basis, HUD accepts nominations for various HUD Secretary's Awards categories. Each award recognizes awardees for their innovation and commitment to raising industry standards and increasing the quality of life for low- and moderate-income households. The HUD Secretary's Awards are an important public engagement activity that highlights best practices and innovations in the field and helps HUD communicate its priorities to the public and its partners. HUD will receive award nominations using an application form, with information collection via web-based forms or email submissions.

| Information collection | Number of respondents | Frequency of response | Responses per annum | Burden hours per response | Annual burden hours | Hourly cost per response | Annual cost |

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS-2025-0336; OMB Control Number 1028-0092; GX26EF00COM0000]

Agency Information Collection Activities; Topographic and Hydrography Data Grants

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the U.S. Geological Survey (USGS) is proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before June 23, 2026.

ADDRESSES: You may submit comments by one of the following methods:

- **Internet:** <https://www.regulations.gov>. Search for and submit comments on Docket No. USGS-2025-0336.

- **U.S. Mail:** USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: To request additional information about this information collection request (ICR), contact Diana Thunen by email at dthunen@usgs.gov, or by telephone at 303-202-4279. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. An agency may not conduct or sponsor, nor is an individual required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of

information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: The 3D National Topography Model (3DNTM) is a USGS-led effort to modernize and integrate the nation's elevation and hydrography data through the 3D Elevation Program (3DEP) and the 3D Hydrography Program (3DHP). This effort supports the most advanced scientific and operational needs by delivering high-quality, accessible topographic data. The 3DNTM is built on core components that align with federal mandates, including the National Landslides Preparedness Act, which authorized 3DEP, and the Geospatial Data Act of 2018, which directs federal agencies to (1) collect, maintain, disseminate, and preserve geospatial data such that the resulting data, information, or products can be readily shared with other Federal agencies and non-Federal users; and (2) coordinate and work in partnership with other Federal agencies, agencies of State, tribal, and local governments, institutions of higher education, and the private sector to efficiently and cost-effectively collect, integrate, maintain, disseminate, and preserve geospatial data, building upon existing non-Federal geospatial data to the extent possible. The success of 3DNTM
