**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**C. Authority**

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

**John L. Murphy,**

*Department Clearance Officer, Office of Policy Development and Research, Chief Data Officer.*

**BILLING CODE 4210-67-P**

**DEPARTMENT OF THE INTERIOR**

**Geological Survey**

**[Docket No. USGS-2025-0336; OMB Control Number 1028-0092; GX26EF00COM0000]**

**Agency Information Collection Activities; Topographic and Hydrography Data Grants**

**AGENCY:** U.S. Geological Survey, Interior.

**ACTION:** Notice of Information Collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act (PRA) of 1995, the U.S. Geological Survey (USGS) is proposing to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before June 23, 2026.

**ADDRESSES:** You may submit comments by one of the following methods:

- **Internet:** <https://www.regulations.gov>. Search for and submit comments on Docket No. USGS-2025-0336.

- **U.S. Mail:** USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this information collection request (ICR), contact Diana Thunen by email at [dthunen@usgs.gov](mailto:dthunen@usgs.gov), or by telephone at 303-202-4279. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:** In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. An agency may not conduct or sponsor, nor is an individual required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of

information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

**Abstract:** The 3D National Topography Model (3DNTM) is a USGS-led effort to modernize and integrate the nation's elevation and hydrography data through the 3D Elevation Program (3DEP) and the 3D Hydrography Program (3DHP). This effort supports the most advanced scientific and operational needs by delivering high-quality, accessible topographic data. The 3DNTM is built on core components that align with federal mandates, including the National Landslides Preparedness Act, which authorized 3DEP, and the Geospatial Data Act of 2018, which directs federal agencies to (1) collect, maintain, disseminate, and preserve geospatial data such that the resulting data, information, or products can be readily shared with other Federal agencies and non-Federal users; and (2) coordinate and work in partnership with other Federal agencies, agencies of State, tribal, and local governments, institutions of higher education, and the private sector to efficiently and cost-effectively collect, integrate, maintain, disseminate, and preserve geospatial data, building upon existing non-Federal geospatial data to the extent possible. The success of 3DNTM

depends on shared investment from a wide range of stakeholders who benefit from high-resolution topographic data. To support this collaboration, the annual 3DNTM Data Collaboration Announcement (DCA) provides a formal opportunity for partners to work with USGS and other federal agencies to acquire 3DEP lidar or 3DHP hydrography data. Eligible applicants include federal agencies, state and local governments, tribal nations, academic institutions, and private sector organizations. USGS collects information from applicants about their proposed topographic data collection and cost sharing to determine project acceptance.

*Title of Collection:* Topographic and Hydrography Data Grants.

*OMB Control Number:* 1028–0092.

*Form Number:* None.

*Type of Review:* Extension of a currently approved collection.

*Respondents/Affected Public:* State and local governments, tribes, academic institutions, and the private sector.

*Total Estimated Number of Annual Respondents:* 80.

*Total Estimated Number of Annual Responses:* 80.

*Estimated Completion Time per Response:* 41 hours.

*Total Estimated Number of Annual Burden Hours:* 3,280.

*Respondent's Obligation:* Voluntary.

*Frequency of Collection:* Annually.

*Total Estimated Annual Nonhour Burden Cost:* None.

The authority for this action is the PRA of 1995 (44 U.S.C. 3501 *et seq.*).

**Rebecca Anderson,**

*Acting Director, National Geospatial Program.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Safety and Environmental Enforcement

[Docket ID BSEE–2025–0299; OMB Control Number 1014–0025; EEEE50000—256E1700D2—ET1SF0000.EAQ000]

#### Agency Information Collection Activities; Application for Permit To Drill (APD, Revised APD), Supplemental APD Information Sheet, and All Supporting Documentation

**AGENCY:** Bureau of Safety and Environmental Enforcement, Interior.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act (PRA) of 1995, the Bureau of Safety and

Environmental Enforcement (BSEE) proposes to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before June 23, 2026.

**ADDRESSES:** Send your comments on this information collection request (ICR) by either of the following methods listed below:

- Electronically go to <http://www.regulations.gov>. In the Search box, enter BSEE–2025–0299 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.

- Email [Kelly.Odom@bsee.gov](mailto:Kelly.Odom@bsee.gov), or mail or hand-carry comments to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Kelly Odom; 45600 Woodland Road, Sterling, VA 20166. Please reference OMB Control Number 1014–0025 in the subject line of your comments.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Kelly Odom by email at [Kelly.Odom@bsee.gov](mailto:Kelly.Odom@bsee.gov) or by telephone at (703) 787–1775. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

**SUPPLEMENTARY INFORMATION:** In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct, or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response. Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** The regulations at 30 CFR part 250 pertain to Applications for Permit to Drill (APDs, Revised APDs), Supplemental APD Information Sheets, and all supporting documentation that is the subject of this collection. This request also covers the related Notices to Lessees and Operators (NLTs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

The BSEE uses the information to ensure safe drilling operations and to protect the human, marine, and coastal environment. Among other things, BSEE specifically uses the information to ensure: the drilling unit is fit for the intended purpose; the lessee or operator will not encounter geologic conditions that present a hazard to operations; equipment is maintained in a state of readiness and meets safety standards; each drilling crew is properly trained and able to promptly perform well-control activities at any time during well operations; compliance with safety standards; and the current regulations will provide for safe and proper field or reservoir development, resource evaluation, conservation, protection of correlative rights, safety, and
