

approval of information collection requirements associated with the Safety Standard for Adult Portable Bed Rails. The Office of Management and Budget (OMB) previously approved the collection of information under control number 3041–0192. OMB's most recent extension of approval will expire on August 31, 2026. The Commission will consider all comments received in response to this notice before requesting an extension of this collection of information from OMB.

**DATES:** Submit comments on the collection of information by June 23, 2026.

**ADDRESSES:** You may submit comments, identified by Docket No. CPSC–2013–0022, within 60 days of publication of this notice by any of the following methods:

*Electronic Submissions:* Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. The Commission typically does not accept comments submitted by email, except as described below.

*Mail/hand delivery/courier/written submissions:* CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail/hand delivery/courier to: Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; telephone (301) 504–7479.

*Instructions:* All submissions received must include the agency name and docket number for this notice. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <https://www.regulations.gov>. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you may submit such comments by mail, hand delivery, or courier, or you may email them to [cpsc-os@cpsc.gov](mailto:cpsc-os@cpsc.gov).

*Docket:* For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, insert docket number CPSC–2013–0022.

**FOR FURTHER INFORMATION CONTACT:** Cynthia Gillham, Consumer Product Safety Commission, 4330 East-West

Highway, Bethesda, MD 20814; (301) 504–7791, or by email to: [pra@cpsc.gov](mailto:pra@cpsc.gov).

**SUPPLEMENTARY INFORMATION:** CPSC seeks to renew the following currently approved collection of information:

*Title:* Safety Standard for Adult Portable Bedrails.

*OMB Number:* 3041–0192.

*Type of Review:* Renewal of collection.

*Frequency of Response:* On occasion.

*Affected Public:* Manufacturers and importers of adult portable bed rails.

*General Description of Collection:* The Safety Standard for Adult Portable Bed Rails (16 CFR part 1270) addresses the unreasonable risk of injury and death associated with entrapment and other hazards from adult portable bed rails (APBRs). The standard incorporates by reference ASTM F3186–17, *Standard Specification for Adult Portable Bed Rails and Related Products*, with modifications. 16 CFR 1270.2. Sections 9, 10, and 11 of ASTM F3186–17 contain requirements for labels, warnings and instructional literature.

*Estimated Number of Respondents:* CPSC is aware of 12 known entities supplying APBRs to the U.S. market.

*Estimated Time per Response:* On average, each entity will respond approximately six times to accommodate the CPSC required labeling and instructional literature for various APBR models each year. The estimated time for required labeling is about eight hours per model. Therefore, the estimated burden associated with labels is 576 hours (12 entities × 6 models per entity × 8 hours per model = 576 hours). The estimated time for required instructional material is 24 hours per model. Each entity responds for an average of six different APBR models. Therefore, the estimated burden associated with instructional literature is 1,728 hours (12 entities × 6 models per entity × 24 hours per model).

*Total Estimated Annual Burden:* Based on the estimated time response for labeling (576 hours) and instructional literature (1,728 hours), CPSC expects the estimated burden for this collection of information is approximately 2,304 hours.

*Total Estimated Annual Cost to Respondents:* CPSC estimates the hourly compensation for the time to create required labels is \$42.03 (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” June 2025), total compensation for all sales and office workers in goods producing private industries: [https://www.bls.gov/news.release/archives/ecec\\_09122025.htm](https://www.bls.gov/news.release/archives/ecec_09122025.htm). Therefore, the estimated annual cost to industry associated with

the labeling requirements is approximately \$24,209 (\$42.03 per hour × 576 hours = \$24,209.28).

CPSC estimates the hourly compensation for the time to create required instructional material is \$42.03 (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” June 2025), total compensation for all sales and office workers in goods producing private industries: [https://www.bls.gov/news.release/archives/ecec\\_09122025.htm](https://www.bls.gov/news.release/archives/ecec_09122025.htm). Therefore, the estimated annual cost to industry associated with the instructional material requirements is approximately \$72,628 (\$42.03 per hour × 1,728 hours = \$72,627.84).

CPSC estimates that the total burden cost for firms to comply with labeling and instructional material requirements to be \$96,837 annually (\$24,209 + \$72,628).

*Request for Comments:* The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- whether the estimated burden of the proposed collection of information is accurate;
- whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission.
