

Secretary for Diplomatic Security forms the Security Investigative Team and reviews the Security Investigative Team's composition for any conflict, appearance of conflict, or lack of independence and on an expedited basis seeks approval from the Under Secretary for Management for the composition of the Security Investigative Team.

(d) The Under Secretary for Management approves the composition of the Security Investigative Team. The Under Secretary for Management will endeavor to respond within five days to Diplomatic Security's request for approval of the composition of the Security Investigative Team.

(e) The Security Investigative Team investigates the potential serious security incident and independently establishes what occurred consistent with the statutory requirements. The Security Investigative Team collects information, conducts interviews, reviews relevant information and evidence, and makes a written administrative Report of Investigation within 90 days of the occurrence of the potential serious security incident.

(f) The Secretary convenes a Security Review Committee within 60 days of the occurrence of the potential serious security incident, or within 120 days of the potential serious security incident if the Secretary extends the period by 60 days.

(g) The Security Review Committee reviews the Report of Investigation and any other evidence, reporting, and relevant information related to a potential serious security incident. The Security Review Committee makes a written report to the Secretary no later than 60 days after receiving the Report of Investigation, unless the Secretary extends this period for an additional 60 days. The written SRC report provides a full account of what occurred, makes required determinations as set out in the Security Review Committee statute, and makes recommendations, as warranted.

(h) The Bureau of Legislative Affairs will provide the designated committees of Congress with the following: a notification within eight days of identifying a potential serious security incident; a notification promptly upon establishment of a Security Review Committee; a copy of any written report by the Security Review Committee submitted to the Secretary of State no later than 90 days after the Secretary of State receives it.

(i) Nothing in 22 CFR part 7 precludes the Secretary from immediately directing the formation of a Security Investigative Team or a Security Review

Committee following an initial report of a potential serious security incident.

Dated: April 21, 2026. .

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 165

[Docket Number USCG-2026-0495]

RIN 1625-AA00

#### **Safety Zone; Cheboygan River, Black River, Indian River, Crooked River, Cheboygan, MI**

**AGENCY:** Coast Guard, Department of Homeland Security.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for navigable waters of the Cheboygan River from the Cheboygan Lock and Dam Complex to the Cheboygan River's outlet from Mullett Lake, the Black River from its confluence with the Cheboygan River to Alverno Dam, the Indian River from its outlet at Burt Lake to its mouth at Mullett Lake, and the Crooked River from its outlet at Crooked Lake to its mouth at Burt Lake. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards associated with flood waters. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port, Sector Northern Great Lakes, or their designated representative.

**DATES:** This rule is effective without actual notice from April 27, 2026 through May 8, 2026. For the purposes of enforcement, actual notice will be used from April 22, 2026, until April 27, 2026.

**ADDRESSES:** To view available documents go to <https://www.regulations.gov> and search for USCG-2026-0495.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this rule, contact LT Rebecca Simpson, Sector Northern Great Lakes Waterways Management Division, U.S. Coast Guard; telephone 906-635-3237, or email [ssmprevention@uscg.mil](mailto:ssmprevention@uscg.mil).

## II. Background and Authority

The Coast Guard received notification of dangerous flood waters and debris on the Cheboygan River from the Cheboygan Lock and Dam Complex to the Cheboygan River's outlet from Mullett Lake and the Black River from its confluence with the Cheboygan River to Alverno Dam. These dangerous flood waters also encompass the Indian River from its outlet at Burt Lake to its mouth at Mullett Lake as well as the Crooked River from its outlet at Crooked Lake to its mouth at Burt Lake. The Captain of the Port (COTP) Northern Great Lakes has determined that potential hazards associated with flood waters are a safety concern for any vessels in this area.

Because of these potential hazards, the Coast Guard is issuing this rule without prior notice and comment. As is authorized by 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard was notified of the dangers to vessels on April 21, 2026, and we must establish this safety zone by April 22, 2026, to protect personnel, vessels, and the marine environment. Therefore, we do not have enough time to solicit and respond to comments.

For the same reasons, the Coast Guard finds that under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

## III. Discussion of the Rule

This rule establishes a safety zone from April 22, 2026 through May 8, 2026. The safety zone will cover all navigable waters in the Cheboygan River from the Cheboygan Lock and Dam Complex to the Cheboygan River's outlet from Mullett Lake, the Black River from its confluence with the Cheboygan River to Alverno Dam, the Indian River from its outlet at Burt Lake to its mouth at Mullett Lake as well as the Crooked River from its outlet at Crooked Lake to its mouth at Burt Lake. Vessels and persons will not be allowed to enter the zone during this time, unless authorized by the Captain of the Port.

#### IV. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

##### A. Impact on Small Entities

The regulatory flexibility analysis provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to rules that are not subject to notice and comment. Because the Coast Guard has, for good cause, waived the notice and comment requirement that would otherwise apply to this rulemaking, the Regulatory Flexibility Act's flexibility analysis provisions do not apply here.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), if this rule will affect your small business, organization, or governmental jurisdiction and you have questions, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards by calling 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

##### B. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### C. Federalism and Indian Tribal Governments

We have analyzed this rule under Executive Order 13132, Federalism, and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in that Order.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

##### D. Unfunded Mandates Reform Act

As required by The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), the Coast Guard certifies

that this rule will not result in an annual expenditure of \$100,000,000 or more (adjusted for inflation) by a State, local, or tribal government, in the aggregate, or by the private sector.

##### E. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This rule is a safety zone. It is categorically excluded from further review under paragraph L60(d) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination will be available in the docket.

##### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

#### **PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS**

- 1. The authority citation for part 165 continues to read as follows:

**Authority:** 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.4.

- 2. Add § 165.T09–0495 to read as follows:

##### **§ 165.09–0495 Safety Zone; Cheboygan River, Black River, Indian River, Crooked River, Cheboygan, MI.**

(a) *Location.* The following area is a safety zone: All waters of the Cheboygan River from the Cheboygan Lock and Dam Complex (45°38'09.8" N, 084°28'47.3" W) to the Cheboygan River's outlet from Mullett Lake (45°34'34.1" N, 084°29'18.0" W), all waters of the Black River from its confluence with the Cheboygan River (45°36'15.3" N, 084°27'52.3" W) to Alverno Dam (45°33'06.6" N, 084°23'42.5" W), all waters of the Indian River from its outlet at Burt Lake (45°24'36.2" N, 084°37'26.7" W) to its mouth at Mullett Lake (45°26'50.2" N,

084°34'51.9" W), and all waters of the Crooked River from its outlet at Crooked Lake (45°25'57.5" N, 084°47'19.2" W) to its mouth at Burt Lake (45°28'14.4" N, 084°43'37.9" W). These coordinates are based on the North American Datum 83 (NAD 83).

(b) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sector Northern Great Lakes (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative on VHF–FM channel 16 or by telephone at (906) 635–3237. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement period.* This section will be enforced from April 22, 2026, to May 8, 2026.

**J.R. Bendle,**

*Captain, U.S. Coast Guard, Captain of the Port Sector Northern Great Lakes.*
