SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that certain companies subject to this administrative review made sales of subject merchandise at less than normal value (NV) during the period of review (POR) March 1, 2024, through February 28, 2025. Additionally, Commerce is rescinding the review, in part, with respect to 28 companies. Interested parties are invited to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On March 11, 1986, Commerce published in the **Federal Register** the antidumping duty (AD) order on circular welded carbon steel pipes and tubes (CWP) from Thailand.¹ On March

¹ See *Antidumping Duty Order; Circular Welded Carbon Steel Pipes and Tubes from Thailand*, 51 FR 8341 (March 11, 1986) (*Order*).

4, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order* for the POR.² On April 28, 2025, based on timely requests for an administrative review, Commerce initiated an administrative review of the *Order*.³ On May 22, 2025, Commerce selected Saha Thai Steel Pipe Public Co., Ltd. (Saha Thai) for individual examination as the sole mandatory respondent in this administrative review.⁴ On March 4, 2026, Commerce notified interested parties of our intent to rescind this administrative review with respect to the 28 companies that had no suspended entries during the POR.⁵

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁶ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁷ On February 2, 2026, Commerce extended the time limit for these preliminary results to April 8, 2026.⁸

Scope of the Order

The products covered by the *Order* are CWP from Thailand. For a complete description of the scope of this *Order*, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review, in whole or in part, when it concludes that there were no suspended entries of subject merchandise during the POR. Normally, upon completion of an administrative review, the suspended entries are liquidated and AD duties are assessed at a rate determined in the final results for the review period.¹⁰ Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the calculated AD assessment rate for the review period.¹¹

Based on our analysis of CBP information, we determined that 28 companies had no suspended entries of

subject merchandise during the POR. On March 4, 2026, we notified the parties of our intent to rescind the administrative review with respect to the 28 companies listed in Appendix II of this notice that had no suspended entries of subject merchandise during the POR.¹² No party commented on our Intent to Rescind Memorandum. As a result, we are rescinding this review for the 28 companies listed in Appendix II of this notice.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Export price and NV are calculated in accordance with sections 772 and 773 of the Act, respectively. For a complete description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Review-Specific Rate for Non-Examined Company

The Act and Commerce’s regulations do not address what weighted-average dumping margin to apply to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance regarding establishing an weighted-average

dumping margin for respondents that are not individually examined in an administrative review.

Section 735(c)(5)(A) of the Act provides that Commerce will base the all-others rate in an investigation on the weighted average of the estimated weighted-average dumping margins calculated for the individually examined respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available. Where the weighted-average dumping margins for each of the individually examined respondents is zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use “any reasonable method” to establish the estimated all-others rate.

In this review, we have preliminarily calculated a weighted-average dumping margin for Saha Thai that is not zero, *de minimis*, or based on adverse facts available. Consistent with our practice,¹³ we have preliminarily determined that the weighted-average dumping margin calculated for the sole mandatory respondent, Saha Thai, will be assigned to the sole non-examined company, TPP, consistent with section 735(c)(5)(A) of the Act.

Preliminary Results of Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period March 1, 2024, through February 28, 2025:

Producer or exporter	Weighted-average dumping margin (percent)
Saha Thai Steel Pipe Public Co., Ltd. (also known as Saha Thai Steel Pipe (Public) Company, Ltd.)	0.64
Thai Premium Pipe Co. Ltd	0.64

We intend to disclose the calculations and analysis performed for these preliminary results to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the

Assessment Rates

Upon completion of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.²¹ If Saha Thai's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).²² If Saha Thai's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate relevant entries without regards to antidumping duties.²³

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by Saha Thai for which it did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁴

For TPP, which was not selected for individual examination in this review, we will instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the weighted-average dumping margin determined in the final results of this review, unless that rate is zero or *de minimis*, in which case we intend to instruct CBP to liquidate relevant entries without regards to antidumping duties.

For the companies for which this review is rescinded with these preliminary results, we will instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit rate of estimated antidumping duties required at the time

of entry, or withdrawal from warehouse, for consumption, during the period March 1, 2024, through February 28, 2025, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP for the rescinded companies no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.²⁵ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired, *i.e.*, within 90 days of publication.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of CWP from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for subject merchandise exported by Saha Thai or TPP will be equal to the weighted-average dumping margin established in the final results of this review (except, if that rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1), then the cash deposit rate will be zero); (2) for merchandise exported by a company not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the producer is, then the cash deposit rate will be the company-specific rate established for the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 15.67 percent, the all-others rate established in the less-

than-fair-value investigation.²⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).

Dated: April 8, 2026.
