Analysis of Comments Received

All issues raised in the case briefs that were submitted by parties in this inquiry are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, *see* the appendix to this notice.

Final Determination

We determine, pursuant to 19 CFR 351.227(e)(2), that seamless OCTG produced by Boly Pipe in Thailand using steel billets from China and exported to its U.S. customers, CSP and JOL Tubular, is subject to the scope of the *Orders* under Commerce's prior finding that such entries were circumventing the *Orders*.⁵ In reaching this determination, we relied on our findings in the *Final Circumvention Determination*. For further discussion, *see* the Issues and Decision Memorandum.

Continuation of Suspension of Liquidation

As stated above, Commerce has made an affirmative finding that seamless OCTG produced by Boly Pipe in Thailand using steel billets from China and exported to its customers, CSP and JOL Tubular, in the United States, which were the subject of this referral from U.S. Customs and Border Protection (CBP), are subject to the scope of the *Orders*. This affirmative in-scope finding applies on a country-wide basis, regardless of the producer, exporter, or importer, to all products from the same country with the same relevant physical characteristics as the products at issue, unless the entry of the product is accompanied by the certifications of non-Chinese origin billets as outlined in the *Final Circumvention Determination*.⁶ Therefore, in accordance with 19 CFR

⁴ See Covered Merchandise Referral Letter at 2. "A steel billet is a cylindrical steel bar that does not have a hole in it."

⁵ See *Oil Country Tubular Goods From the People's Republic of China: Final Affirmative Determination of Circumvention of the Antidumping Duty and Countervailing Duty Orders*, 91 FR 9811 (February 27, 2026) (*Final Circumvention Determination*). This affirmative in-scope finding applied on a country-wide basis, regardless of the producer, exporter, or importer, to all products from the same country with the same relevant physical characteristics as the products at issue, unless the entry of the product is accompanied by the certifications of non-Chinese origin billets as outlined in the *Final Circumvention Determination*.

⁶ See *Final Circumvention Determination*, 91 FR at 9812–9813.

351.227(l)(3), for these products, Commerce will direct CBP to: (1) continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rates; (2) suspend liquidation and require cash deposits of estimated duties, at the applicable rates, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after December 18, 2024, the date of publication of the notice of initiation of the circumvention inquiry in the **Federal Register**.⁷

CBP Notification

In accordance with section 517(b)(4)(B) of the Tariff Act of 1930, as amended (the Act), we will notify CBP of the final determination of this covered merchandise inquiry. Commerce will direct CBP to assess, upon further instruction by Commerce, antidumping and countervailing duties on all imports of seamless OCTG produced in Thailand using Chinese-origin steel billets entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding.
